

EPIC THEATRE

- Epic theatre was created by Bertolt Brecht in the mid 20th century. Brecht wanted to do something different from the everyday realistic play and thought about what it would be like to constantly remind someone that what they are watching is not real.
- In order to do this, they would have stage lamps in places where they could be seen. You might also put white, harsh, lights on stage, not depending on what the mood of the scene is.
- You might also use sharp colors and different designs. For instance, instead of making a sky blue, you might make it multiple colors in a design that doesn't look "real".
