Blake, Deleuzian Aesthetics, and the Digital Claire Colebrook, 2012-01-12 Drawing on recent theories of digital media and on the materiality of words and images this fascinating study makes three original claims about the work of William Blake First Blake offers a critique of digital media His poetry and method of illuminated printing is directed

towards uncovering an analogical language Second Blake s work can be read as a performative Finally Blake s work is at one and the same time immanent and transcendent aiming to return all forms of divinity and the sacred to the human imagination stressing that all deities reside in the human breast but it also stresses that the human has powers or potentials that transcend experience and judgement deities reside in the human breast These three claims are explored through the concept of incarnation the incarnation of ideas in words and images the incarnation of words in material books and their copies the incarnation of human actions and events in bodies and the incarnation of spirit in matter Library of the World's Best Literature, Ancient and Modern: A-Z Charles Dudley Warner,Hamilton Wright Mabie,Lucia Isabella Gilbert Runkle,George Henry Warner,1902 Comparative Philology of the Old and New Worlds in Relation to Archaic Speech Robert Philips Greg,1893 *The World's Way* ,1864 **The Flaming Sword** ,1906 *The World's Crisis* Matrona Angelo Burris,1905

Innovative and Creative Industries in Hong Kong Grace L K Leung,2018-10-29 The experience of Hong Kong s innovative and creative industries and the challenges they face serves as an important case study for other Chinese and Asian cities that are actively developing their innovative and creative industries in the era of globalization The return of sovereignty over Hong Kong back to China in 1997 has led to both collaboration and competition between the two places in innovative and creative sectors for the Greater China and Asian Regions Hong Kong has remained unique in spite of the integration but she has to strike a delicate balance between being simultaneously a Chinese and an international city This book looks at different innovative and creative industries such as international art and culture exhibition innovative technology digital entertainment TV and movies as well as government policy for innovative and creative industries particularly the changing competitive landscape brought about by the latest Great Bay Area development Drawing insights from cultural history innovation economics cultural policy studies and cultural geography this book explores the opportunities and challenges of Hong Kong s innovative and creative industries in particular after the change of sovereignty in 1997 It demonstrates that the city s legacy and heavy government input in capital do not guarantee their sustainable development This is a book not only for policymakers or academics interested in innovative and creative industries but also to students contemplating a career in these areas in Hong Kong the Greater China and the Asian Region **English**
