How do You Know it's God? Lynn McChlery, 2021-05-31 Much of the conversation and concern of churches and of Christian individuals is centred around Christian discernment or knowing God's leading in decision making The language we use around these moments is fluid and often feels inadequate ask someone how they know what God might be saying in a given situation and they may well reach for the phrase I just know In How Do You Know it's God Lynn McChlery draws on ethnographic research amongst those in different kinds of discernment processes along with theological spiritual and psychological insights to try and understand this phenomenon of insight or just knowing Challenging the perception that such intuition needs to be marginalised and removed from discernment conversations McChlery suggests that instead intuition can and should be intentionally matured both individually and in communities and that it can be verified articulated and recorded in forms appropriate to its own mode of insight It is a vital new contribution to the scholarship for all practical theologians researching ecclesiology vocation group dynamics in churches and communal decision making processes of any kind Spirituality Philip Sheldrake, 2013-04-15 Engagingly written by one of the world's leading scholars in this field this
