Eyewitnesses At Nuremberg:

Eyewitnesses at Nuremberg Hilary Gaskin,1990 *Interrogations* Richard Overy,2002-09-24 While the trial of Hitler's fallen elite at Nuremberg has been thoroughly documented the interval between the Nazis capture in May and June 1945 and the start of the actual trial in late November has until now remained shrouded in shadow With *Interrogations* acclaimed historian Richard Overy opens a new window into the Third Reich providing an intimate glimpse of the savage dictatorship in its death throes More than thirty transcripts of the interrogations are reproduced here for the first time allowing us to hear the voices of the newly captured Hitler gang including Goring, Speer and Hess as they squirmed under the Allies glare *Interrogations* is the stark and disturbing history of defeat it lays bare as never before the human weaknesses that made the Third Reich possible

Eyewitness to Genocide Michael Bryant,2014-07-30 One of the deadliest phases of the Holocaust the Nazi regime's Operation Reinhard produced three major death camps Belzec Treblinka and Sobibor which claimed the lives of 1.8 million Jews In the 1960s a small measure of justice came for those victims when a score of defendants who had been officers and guards at the camps were convicted of war crimes in West German courts The conviction rates varied however While all but one of fourteen Treblinka defendants were convicted half of the twelve Sobibor defendants escaped punishment and only one of eight Belzec defendants was convicted Also despite the enormity of the crimes the sentences were light in many cases amounting to only a few years in prison In this meticulous history of the Operation Reinhard trials Michael S Bryant examines a disturbing question Did compromised jurists engineer acquittals or lenient punishments for proven killers Drawing on rarely studied archival sources Bryant concludes that the trial judges acted in good faith within the bounds of West German law The key to successful prosecutions was eyewitness testimony At Belzec the near total efficiency of the Nazi death machine meant that only one survivor could be found to testify At Treblinka and Sobibor however prisoner revolts had resulted in a number of survivors who could give firsthand accounts of specific atrocities and identify participants The courts Bryant finds treated these witnesses with respect and even made allowances for conflicting testimony And when handing down sentences the judges acted in accordance with strict legal definitions of perpetration complicity and action under duress Yet despite these findings Bryant also shows that West German legal culture was hardly blameless during the postwar era Though ready to convict the mostly workingclass personnel of the death camps the Federal Republic followed policies that insulated the judicial elite from accountability for its own role in the Final Solution While trial records show that the bias of West German jurists was neither direct nor personal the structure of the system ensured that lawyers and judges themselves avoided judgment
