Eyewitness I Saw 189 Men Die In The Elec:

The Rope, The Chair, and the Needle James W. Marquart, Sheldon Eklund-Olson, Jonathan R. Sorensen, 2010-01-01 In late summer 1923 legal hangings in Texas came to an end and the electric chair replaced the gallows Of 520 convicted capital offenders sentenced to die between 1923 and 1972 361 were actually executed thus maintaining Texas traditional reputation as a staunch supporter of capital punishment This book is the single most comprehensive examination to date of capital punishment in any one state drawing on data for legal executions from 1819 to 1990 The authors show persuasively how slavery and the racially biased practice of lynching in Texas led to the institutionalization and public approval of executions skewed according to race class and gender and they also track long term changes in public opinion up to the present The stories of the condemned are masterfully interwoven with fact and interpretation to provide compelling reading for scholars of law criminal justice race relations history and sociology as well as partisans on both sides of the debate *Capital Punishment* United States. Congress. Senate. Committee on the Judiciary, 1981 To Establish Rational Criteria for the Imposition of Capital Punishment United States. Congress. Senate. Committee on the Judiciary, 1978 **Man with the Killer Smile** Mitchel P. Roth, 2022-11-15 On a cold windy December night in 1926 hell was unleashed on a tenant farm near Farwell the last Texas town before the New Mexico border Prone to the bottle and fits of rage the burly man with the smiling blue eyes was in no mood to quarrel with his third wife over his bootleg whisky and sexual abuse of his stepdaughter He went from room to room in the house killing his wife and each child with primitive cutting tools and his bare hands By the time he concluded his bloody work he had taken the lives of nine family members ranging in age from 2 to 41 committing what one local reporter called the blackest crime in the history of the West Texas Panhandle Husband father uncle embezzler serial mass murderer philanderer child molester convict and military deserter George Jefferson Hassell was many things to many people most of them bad His pattern of familicide crime had begun in 1917 when he slaughtered his common law wife and her three kids in Whittier California Later in Texas he married his brother s wife and became stepfather to her eight children Using Hassell s confessions and his many interviews with reporters as well as the trial transcripts and reminiscences of those who crossed paths with him in Texas Oklahoma and California Mitchel P Roth presents the first comprehensive account of the life and crimes of one of the least known multiple murderers in Texas let alone American history Roth situates Hassell s saga within the 1920s Texas criminal justice system including the death penalty which Hassell ultimately received from Old Sparky the electric chair at Huntsville Satan's Greatest Lies George H. Russell, 2021-10-25 For many years George H Russell has struggled to understand the meaning and purpose of Organized Religion as condemned by Jesus and also to understand why wars and genocide are frequently associated with religion making it seem that death and destruction are somehow condoned by God While singing Onward Christian Soldiers Marching As to War in church Russell could think only about Christians slaughtering Jews Moors Native Americans and others all in the name of Jesus Satan s Greatest Lies

chronicles Russell's attempts to understand a peculiar interpretation of Christian ideology encountered while living in East Texas. This is the introductory part of his book followed by *The Ethician Bible* in which Satanic verses are removed from the Holy Bible by the author to spread only God's loving messages to humankind. In Russell's opinion many of the messages in the Bible should be considered as sent from an evil Satan not a benevolent God. *Hispanics in the U.S Criminal Justice System* Martin Guevara Urbina, Sofía Espinoza Álvarez, 2018-05-07. This updated and expanded new edition resumes the theme of the first edition and the findings reveal that race ethnicity gender class and several other variables continue to play a significant and consequential role in the legal decision making process. The book is structured into three sections each of which corresponds to a different body of work on Latinos. Section One explores the historical dynamics and influence of ethnicity in law enforcement and focuses on how ethnicity impacts policing field practices such as traffic stops use of force and the subsequent actions that police departments have employed to alleviate these problems. A detailed examination of critical issues facing Latino defendants seeks to better understand the law enforcement process. The history of immigration laws as it pertains to Mexicans and Latinos explains how Mexicans have been excluded from the United States through anti-immigrant legislation. Latino officers must cope with structural and political issues the community and media as these practices and experiences within the American police system are explored. Section Two focuses on the repressive practices against Mexicans that resulted in executions vigilantism and mass expulsions. The topic of Latinos and the Fourth Amendment reveals that the constitutional right of people to be protected against unreasonable searches and seizures has been eviscerated for Latinos and particularly for Mexicans. Possible remedies to existing shortcomings of the court system when processing indigent defendants are presented. Section Three studies the issue of Hispanics and the penal system. The ethnic realities of life behind bars probation and parole the legacy of capital punishment and life after prison are discussed. Section Four addresses the globalization of Latinos social control and the future of Latinos in the U.S. Criminal justice system. Lastly the race and ethnic experience through the lens of science law and the American imagination are explored concluding with policy recommendations for social and criminal justice reform and ultimately humanizing differences. Written for professionals and students of law enforcement this book will promote the understanding of the historical legacy of brutality manipulation oppression marginalization prejudice discrimination power and control and white America's continued fear about racial and ethnic minorities. *Sentencing in Capital Cases* United States. Congress. House. Committee on the Judiciary. Subcommittee on Criminal Justice, 1978. **Convict Cowboys** Mitchel P. Roth, 2016-08-15. *Convict Cowboys* is the first book on the nation's first prison rodeo which ran from 1931 to 1986. At its apogee the Texas Prison Rodeo drew 30,000 spectators on October Sundays. Mitchel P. Roth portrays the Texas Prison Rodeo against a backdrop of Texas history covering the history of rodeo the prison system and convict leasing as well as important figures in Texas penology including Marshall Lee Simmons O.B. Ellis and George J. Beto and the changing prison demimonde. Over the years the rodeo arena not only

boasted death defying entertainment that would make professional cowboys think twice but featured a virtual who's who of American popular culture. Readers will be treated to stories about numerous American and Texas folk heroes including Western film stars ranging from Tom Mix to John Wayne and music legends such as Johnny Cash and Willie Nelson. Through extensive archival research, Roth introduces readers to the convict cowboys in both the rodeo arena and behind prison walls, giving voice to a legion of previously forgotten inmate cowboys who risked life and limb for a few dollars and the applause of free world crowds.

The Publishers Weekly, 1973 The Courts, the Constitution, and Capital Punishment Hugo Adam Bedau, 1977 *Capital Punishment and Latino Offenders* Martin Guevara Urbina, 2003. Annotation: This study analyzes death sentence outcomes data for Latinos in California, Florida, and Texas and explores the effects of legal variables, race, and ethnicity in death sentencing. A review of historical relationships between African Americans, Caucasians, Cubans, and Mexicans is provided to shed light on how racial and ethnic minorities are more likely to experience discrimination, and a theoretical typology for understanding race and ethnic differences in sentencing is presented.
