Rowland-Warne, L. Collins, 1992 Clothing through the ages from ancient times to modern day Renaissance costume Astronomy Kristen Lippincott, 1999-09-15 Explore the planets and stars of the Universe and discover the mysteries of the oldest science The Mindful Interview Method Gil Zamora, 2023-07-19 The Mindful Interview Method Retrieving Cognitive Evidence provides investigators with a proven methodology to gather authentic reliable information from eyewitnesses to help identify potential suspects The book offers police and non law enforcement readers step by step techniques to improve gathering reliable evidence through a mindful interview process The author also provides an assessment component that can measure the reliability of previous interviews performed and further help to improve the interview process the skills of the investigator and thus the reliability of cognitive evidence gathered from future interviews It is notable that there is minimal to no instruction or training currently offered to those individuals most often tasked with interviewing an eyewitness about a crime as part of criminal investigations Despite the lack of training and certification we allow interviewers to conduct questioning in the face of well established research as to the malleability of human memory The assumption is that officials trained in the rules of evidence will innately ask the right questions and in the proper manner without the proper understanding of the fragility of human memory or the proper training That assumption is false and the reality is quite the opposite In fact we learn of cases commonplace in the media that frequently involve questionable interview tactics misidentifications and wrongful convictions of innocent people The Mindful Interview Method uses cognitive research to inform the methods and principles for a mindful approach to gathering only the information the subject remembers This is the best way to use evidence based lines of questioning to perform interviews that elicit the most reliable accounts and information for investigative purposes Considering current reforms on best practices throughout the criminal justice system the book provides a path forward for professional interviewers to adopt interview methodologies that guide the practitioner to question anyone in a mindful manner Christianity Philip Wilkinson, 2003 Explore the faith of Christianity from its origins to its role in the 21st Century With over 50 million copies sold in 88 countries

Paranormal Claims Bryan Farha, 2007 This academic text features articles regarding paranormal extraordinary or fringe science claims It logically examines the claims of astrology psychic ability alternative medicine and health claims after death communication cryptozoology and faith healing all from a skeptical perspective Paranormal Claims is a compilation of some of the most eye opening articles about pseudoscience and extraordinary claims that often reveal logical scientific explanations or an outright scam These articles steeped in skepticism teach critical thinking when approaching courses in psychology sociology philosophy education or science

Bigfoot Exposed David J. Daegling, 2004-10-22 The myth of Bigfoot has captured the popular imagination since the creature's first public debut in 1958 numerous citations of evidence newspaper articles books hysterical personal accounts and even Hollywood movies illustrate the American public's enduring romance with the Sasquatch The scientific community on the whole however has stubbornly refused to comment on what it views as a very tall tale though Bigfoot's existence continues to be hotly argued between proponents of the beast and its skeptics Now biological anthropologist and primate physiology specialist David J Daegling enters the fray to offer both sides of the dispute benefit of objective scientific study A well crafted read Bigfoot Exposed will prove to be as much a model of scientific method for anthropologists and researchers as it is an engaging and persuasive debunking of the myth of Bigfoot
