of investment by the public and private sectors still does not match the extent of the problem. There is a substantial underinvestment of resources to adequately address the scope of this obesity crisis. At this early phase in addressing the epidemic, actions have begun on a number of levels to improve the dietary patterns and to increase the physical activity levels of young people. Schools, corporations, youth-related organizations, families, communities, foundations, and government agencies are working to implement a variety of policy changes, new programs, and other interventions. These efforts, however, generally remain fragmented and small in scale. Moreover, the lack of systematic monitoring and evaluation of interventions has hindered the development of an evidence base to identify, apply, and disseminate lessons learned and to support promising efforts to prevent childhood obesity.

*Progress in Preventing Childhood Obesity: How Do We Measure Up?* examines the progress made by obesity prevention initiatives in the United States from 2004 to 2006. This book emphasizes a call to action for key stakeholders and sectors to commit to and demonstrate leadership in childhood obesity prevention, evaluates all policies and programs, monitors their progress, and encourages stakeholders to widely disseminate promising practices. This book will be of interest to federal, state, and local government agencies, educators, and schools, public health and health care professionals, private sector companies, and industry trade groups, media, parents, and those involved in implementing community-based programs and consumer advocacy.

*The Sparkpeople Cookbook* Meg Galvin, 2011-10-01. From the team that brought you the New York Times bestseller *The Spark*, this practical yet inspirational guide, which is based on the same easy, real-world principles as the SparkPeople program, takes the guesswork out of making delicious, healthy meals and losing weight once and for all. Award-winning chef Meg Galvin and SparkRecipes editor Stephanie Romine have paired up to create this collection of more than 160 satisfying, sustaining, and stress-free recipes that streamline your healthy eating efforts. With a focus on real food, generous portions, and great flavor, these recipes are not part of a fad diet. They aren't about spending money on obscure ingredients, eliminating key components of a balanced diet, or slaving away for hours at the stove. They are about making smart choices and eating food you love to eat. But this is more than just a collection of recipes; it's an education. The SparkPeople philosophy has always been about encouraging people to achieve personal goals with the help and support of others. And this cookbook works in the just the same way. Along with the recipes, you'll find step-by-step how-tos about the healthiest, most taste-enhancing cooking techniques, lists of kitchen essentials, and simple ingredient swaps that maximize flavor while cutting fat and calories. Plus, you'll read motivational SparkPeople success stories from real members who have used these recipes as part of their life-changing transformations. In addition, you'll find Results from the SparkPeople Ditch the Diet Taste Test, which proves that you don't have to eat tasteless food to lose weight, 150 meal ideas and recipes that take 30 minutes or less to prepare, plus dozens of other meals for days when you have more time. Two weeks of meal plans that include breakfast, lunch, dinner, and snacks. So whether you're a novice taking the first steps to improve your health or a seasoned cook just looking for new healthy recipes to add to your repertoire, this cookbook is for you. Learn to love your food.
