English Pasts : Essays in History and Culture Stefan Collini,1999-03-25 This is a collection of essays by a leading historian and critic Subjects include the idea of the national past the historian as social critic the claims of Cultural Studies the nature of academic research the function of the literary biography and the lives and ideas of such figures as Charles Darwin John Stuart Mill Anthony Trollope George Eliot Bertrand Russell R H Tawney Isaiah Berlin Raymond Williams and Richard Hoggart Aimed at the non specialist reader In this collection of engaging and readable essays Stefan Collini shows how much can be gained from bringing a rigorous historical perspective to some of the most contentious issues in contemporary culture Whether he is asking what it means to inhabit and possess a national past or reflecting on the role of the historian as social critic whether he is scrutinizing the claims of Cultural Studies or challenging the assumptions about academic research whether he is pondering the future of literary biography or reassessing some of the leading minds in modern British culture Collini writes with a rare blend of sympathy sharpness and wit Explicitly addressed to the non specialist these essays attempt to make some of the fruits of detailed scholarly research in various fields available to a wider audience The book will interest and delight readers interested in history literature and contemporary cultural debate *The English Eliot* Steve Ellis,2015-12-22 This book first published in 1991 supplies a neglected cultural context for T S Eliot s writings of the 1930s and 1940s particularly Four Quartets and attempts to disprove the widespread belief in Eliot s unproblematic commitment to England and the Englishness The book traces Eliot s classicism not only in linguistic and formalist terms but also in his construction of England in the Quartets and Quartets related essays His practice is related to the vigorous polemic concerning the definition of England found in the 1930s and 1940s in material as diverse as landscape painting advertising travel literature and the detective novel This original and provocative text will not only be of interest to students and teachers of Eliot but to those interested in representations of nationality **The Citisights Guide to the History of London** Kevin Flude,2001-04-19 Explore the past beneath your feet and see how the London of today has developed in a chain of fascinating events Ten illustrated walks each focusing on a distinct era of London life from Roman times to the present day Each walk has its own historical introduction detailed guide and clear uncluttered maps Central gazetteer gives full information on main sites that span the centuries Each walk is uniquely structured to give continual opportunities to move from one historical period to another at will and build up a picture of London past as you stroll through London present Full of interest to the visitor and Londoner alike **Routledge Library Editions: T. S. Eliot** Various Authors,2022-07-30 This set reissues 10 books on T S Eliot originally published between 1952 and 1991 The volumes

examine many of Eliot's most respected works including his Four Quartets and The Waste Land As well as exploring Eliot's work this collection also provides a comprehensive analysis of the man behind the poetry particularly in Frederick Tomlin's T S Eliot A Friendship This set will be of particular interest to students of literature Narrative Matters Dr Grant Bage, Grant Bage, 2012-10-02 In recent years there has been a massive revival of interest internationally in what story can offer to education This book covers a range of issues at the heart of teaching history such as the use of talk the pitfalls of narrative as a pedagogical tool translating curriculum content into lessons story telling and story making It also questions what it means to teach the difficulties for teachers of remaining constructively critical of policy and their own practice during periods of national legislation and change **Lord Gnome's Literary Companion** Francis Wheen, 1994 His review has got to be in by mid day tomorrow at about 9 pm his mind will grow relatively clear and until the small hours he will sit skipping expertly through one book after another and laying each one down with the comment God what tripe Then suddenly he will snap into it All the stale old phrases a book that no one should miss something memorable on every page jump into their places like iron filings obeying the magnet Thus did George Orwell writing forty years ago in Confessions of a Book Reviewer describe the labours of a typical literary hack Precious little has changed over the intervening decades the servility of the satirical magazine Private Eye Lord Gnome's Literary Companion assembles in thematic order the best of these columns to present an astringent rude and funny survey of publishers and the published **The Twentieth Century in Poetry** Peter Childs, 2008-01-28 Until now most teaching has focused on the novel as the most useful way of raising issues of gender ethnicity theory nationality politics and social class In The Twentieth Century in Poetry Peter Childs places literature in a wider social context and demonstrates that all poetry is historically produced and consumed and is part of our understanding of society and identity This student friendly critical survey includes chapters on the Georgians First World War poetry Eliot Yeats the thirties post war poetry contemporary anthologies women's poetry Northern Irish and black British poets It builds a narrative not of poetry in the twentieth century but of the twentieth century in poetry **Learning to Teach English in the Secondary School** Jon Davison, Caroline Daly, 2019-06-27 Fully updated to reflect changes in teacher education and the curriculum the Fifth Edition of Learning to Teach English in the Secondary School explores the background to debates about teaching the subject alongside tasks teaching ideas and further reading to expand upon issues and ideas raised in the book Including chapters on planning changes to the assessment system language teaching and cross curricular aspects of secondary teaching this new edition features changes in policy and practice including the most recent GCSE reforms a new chapter on Media literacy in English a consideration of modern digital technology and how it underpins good practice in all areas of English teaching and learning and cross referencing to guidance on assessment and well being and resilience in the core text Learning to Teach in the Secondary School A key text for all student teachers Learning to Teach English in the Secondary School combines theory and practice to present a comprehensive introduction to the opportunities and challenges

of teaching English in the secondary school **The Encarta Book of Quotations** Bill Swainson,2000-09-30 Here are 25 000 quotations drawn from the history politics literature religions science and popular culture of the world ranging from the earliest Chinese sages through Shakespeare to the present day Faith of Our Fathers Joseph Pearce,2022-03-01 The Catholic Church has been a part of English history since the arrival of Christian missionaries to Roman Britain in the first century after Christ England was evangelized in these early centuries to such an extent that by the time the Romans withdrew in the fifth century the Celtic population was largely Catholic Anglo Saxon England prior to the Norman Conquest was a land of saints From St Bede with his history of the early Church to the holy king St Edward the Confessor Saxon England was ablaze with the light of Christ During the reign of St Edward a vision of the Virgin at Walsingham placed the Mother of God on the throne as England s queen the land being considered her dowry Even following the Norman Conquest the Faith continued to flourish and prosper making its joyful presence felt in what would become known as Merrie England Then in the sixteenth century this Catholic heart was ripped from the people of England against their will and in spite of their spirited and heroic resistance by the reign of the Tudors This made England once again a land of saints that is of martyrs with Catholic priests and laity being put to death for practicing the Faith The martyrdoms would continue for 150 years followed by a further 150 years of legal and political persecution In the nineteenth century against all the odds there was a great Catholic revival heralded by the conversion of St John Henry Newman which would continue into the twentieth century Much of the greatest literature of the past century has been written by literary converts to the Church such as G K Chesterton Evelyn Waugh Graham Greene and J R R Tolkien This whole exciting faith filled story is told by Joseph Pearce within a single volume history of true England the England that remained true to the faith through thick and thin in times both merrie and perilous It is a story not only worth telling but worth celebrating **The New Cambridge Bibliography of English Literature** George Watson,Ian Roy Willison,1974 **A History of Twentieth-Century British Women's Poetry** Jane Dowson,Alice Entwistle,2005-05-19 Publisher Description **The Cambridge History of English Poetry** Michael O'Neill,2010-04-29 A literary historical account of English poetry from Anglo Saxon writings to the present Popular History Now and Then Barbara Korte,Sylvia Paetschek,2014-03-15 The present boom in popular history is not unprecedented The contributions to this volume investigate peaks of historical interest which favour popular approaches from around 1800 to the present They analyse the media genres and institutions through which historical knowledge has been disseminated from artefacts to the archive from poetry to photography from music to murals and from periodicals to popular TV series They ask how major traditions in the popular imagery of the past have evolved and changed over time Cultural contexts covered in the book include Western and Southern Europe the United States and West Africa Contributors come from a range of disciplines including history literary and cultural studies musicology as well as social and cultural anthropology **The Great War in Irish Poetry** Fran Brearton,2003 The Great War in Irish Poetry explores the impact of

the First World War on the work of W B Yeats Robert Graves and Louis MacNeice in the period 1914 45 and on three contemporary Northern Irish poets Derek Mahon Seamus Heaney and Michael Longley Its concern is to place their work and memory of the Great War in the context of Irish politics and culture in the twentieth century The historical background to Irish involvement in the Great War is explained as are the ways in which issues raised in 1912 20 still reverberate in the politics of remembrance in Northern Ireland particularly through such events as the Home Rule cause the loss of the Titanic the Battle of the Somme the Easter Rising While the Great War is perceived as central to English culture and its literature holds a privileged position in the English literary canon the centrality of the Great War to Irish writing has seldom been recognised This book shows first that despite complications in Irish domestic politics which led to the repression of memory of the Great War Irish poets have been drawn throughout the century to the events and images of 1914 18 This engagement is particularly true of those writing in the troubled Northern Ireland of the last thirty years The second main concern is the extent to which recognition of the importance of the Great War in Irish writing has itself become a casualty of competing versions of the literary canon

The Oxford English Literary History: Volume 12: The Last of England? Randall Stevenson, 2005-11-10 English Literature in the 1960s soon threw off its post war weariness and the tepid influences of the previous decade New voices new visions and new commitments profoundly reshaped writing during the 60s and throughout the rest of the century Drama thrived on its rapidly rebuilt foundations New freedoms of style and form revitalised fiction Poetry too gradually recovered the variety and inventiveness of earlier years As well as comprehensively charting these changes in the literary field Randall Stevenson persuasively pinpoints their origins in the historical social and intellectual pressures of the times Literary developments are revealingly related to the wider evolution and profound changes in English experience in the late twentieth century to shadows of war and loss of empire declining influences of class shifting relations between the genders emergent minority and counter cultures and the broadening democratization of contemporary life in general Analyses of the rise of literary theory of publishing and the book trade and of the pervasive influences of modernism and postmodernism contribute further to an impressively thorough insightful description of writing in the later twentieth century a literary period Stevenson shows to be far more imaginative and exciting than has yet been recognised Lucid accessible and engaging this volume of the Oxford English Literary History presents a unique illumination of its age one we have lived through but are only just beginning to understand The first full account of its period it will set the agenda for discussion of late twentieth century literature for many years to come

The Politics of 1930s British Literature

Natasha Periyar, 2018-06-14 Winner of the 2018 International Standing Conference for the History of Education's First Book Award Drawing on a rich array of archival sources and historical detail The Politics of 1930s British Literature tells the story of a school minded decade and illuminates new readings of the politics and aesthetics of 1930s literature In a period of shifting political claims educational policy shaped writers social and gender ideals This book explores how a wide array of

writers including Virginia Woolf W H Auden George Orwell Winifred Holtby and Graham Greene were informed by their pedagogic work It considers the ways in which education influenced writers analysis of literary style and their conception of future literary forms The Politics of 1930s British Literature argues that to those perennial symbols of the 1930s the loudspeaker and the gramophone should be added the textbook and the blackboard
