## **Fables Foibles And Foobles:**

Fables, Foibles, and Foobles Carl Sandburg, 1988 Carl Sandburg 1878 1967 is best known for his poetry Chicago Poems Smoke and Steel and Good Morning America his books for children including Rootabaga Country and Potato Face and his six volume biography of Abraham Lincoln The Pulitzer Prize winning Illinois author devoted his life to writing lecturing reading from his own works and collecting and singing folk songs Sandburg often incorporated proverbs riddles aphorisms and vernacular wisdom in lectures poetry children's stories and in his novel Remembrance Rock Believing that silliness and fun helped preserve sanity and balance he put together a collection of fanciful anecdotes alive with alliteration for his own amusement Now more than twenty years after his death the publication of Fables Foibles and Foobles truly reveals for perhaps the first time the playful spirit of this great American poet George Hendrick has compiled the best of these never before published nonsensical pieces which include Flies Fleas Flinyons Flicks Flooches Flacks Flatches and assorted F friends deep in dialogue about books and reading the fascinating worlds of the curious hoomadooms hongdorshes and onkadonks fables to rival Thurber jokes about every conceivable type of nut and cameo appearances by Hank the Honk and Flitty the Wid among others Robert Harvey's whimsical drawings scattered throughout the book illuminate this charming cast of characters

**Fables Foibles and Follies** Edward Hackemer, 2019-01-15 Fables Foibles Follies is a delightful potpourri of stories collected from the author's immediate family members distant relatives friends and close acquaintances The time lines of these tales cover many generations A generation has been described as the period of years between the birth of parents and the birth of their offspring Today most schooled intellectuals define a generation as approximately thirty three years being careful not to commit that standard to any strict semblance of accuracy A few years ago the author's daughter in law gifted him a subscription to one of those family discovery and heritage DNA services that you see advertised all over the television and internet To be succinct he surprisingly uncovered two siblings and countless relatives he never knew he had With some patience from his wife and tons of help from old friends close family and newfound relations the author constructed quite an impressive family tree that goes all the way back to the middle 1600s The gigantic circular DNA roadmap includes genetic tags from Northern Europe Scandinavia Great Britain Ireland the Balkans and Central Europe It is likely that the Balkan British and Irish DNA roots stem from the pillaging and plundering of Northern Europe and the British Isles by medieval Viking hords With that in mind it's no wonder the author played the Sousaphone in junior high and enjoys the taste of rakfisk whale and lutefisk The author discovered that his relatives certainly wore coats of many colors spoke in many tongues and traveled on foot horseback wagon and ship just to make it to the New World It's easy to imagine that some of them may have been driven out of town on a rail He spent many hundreds perhaps a thousand or more hours doing research into his ancestry His paternal great great grandparents Fredrik and Inge Hofenhagen Hackmeister were young newlywed Prussian immigrants aboard the SS Spree from Bremen Germany Inge and Fredrik were born in Posen Prussia in

1841 After comparing passenger departure records from Hamburg Germany and crosschecking them with Port of New York arrival lists the author discovered that an immigration clerk bastardized the family surname when Fredrik and Inge arrived in 1858 The name was instantly Anglicized and changed from Hackmeister to Hackemer likely because it sounded better and was easier to pronounce In fact immigration clerks arbitrarily changed countless surnames of European settlers in the early 20th Century from Boston to Ellis Island Additionally review of census records also indicated several changes made to the spelling of surnames throughout his family tree Additionally he discovered six instances of spelling changes in his family tree Examples range from Archambault to Campbell Faergahl to Furgal Boedecker to Decker and Diehl to Deal Norwegians Swede Danes and Icelanders have a bigger headache when it comes to surnames Times have changed but in years past Nordic surnames most often followed the father s given Christian name For example if John had a son and named him Peter Peter s full name would be Peter Johnson John s daughter Jane would be Jane Johnsdaughter In such a manner one famous Norwegian poet and Nobel laureate in literature walked about with the odd moniker of Bj rnstjerne Bj rnsen It is a foregone conclusion that even government issued identification does not tell you who you really are That little laminated card in your wallet or purse is nothing more than a government sanctioned suggestion Edward Hackemer suggests that if you want to know the whole story you need to figure out who you are all by yourself It s a daunting task but please do try to have fun despite the rigmarole
