Foods, Feasts, and Celebrations Margaux Baum, Tehmina Bhote, 2016-12-15 Many entries in the historical record and examples from popular culture show nobles knights kings and peasants alike celebrating with food and drink In this book medieval agriculture food preparation and eating are explored in equal measure With vivid examples from historical manuscripts paintings frescoes and more this book opens a window for readers into the culinary worlds and celebratory rituals of the people of the Middle Ages From typical foods of the common people to the most dazzling and lavish displays of consumption by kings and queens this volume is sure to sate readers' appetites for knowledge about the era

Food, Virtue, and the Shaping of Early Christianity Dana Robinson, 2020-08-13 In this book Dana Robinson examines the role that food played in the Christianization of daily life in the fourth century CE Early Christians used the food culture of the Hellenized Mediterranean world to create and debate compelling models of Christian virtue and to project Christian ideology onto common domestic practices Combining theoretical approaches from cognitive linguistics and space place theory Robinson shows how metaphors for piety such as health fruit and sacrifice relied on food related domains of common knowledge medicine agriculture votive ritual which in turn generated sophisticated and accessible models of lay discipline and moral formation She also demonstrates that Christian places and landscapes of piety were socially constructed through meals and food production networks that extended far beyond the Eucharist Food culture thus provided a network of metaphorical concepts and spatial practices that allowed the lay faithful to participate in important debates over Christian living and community formation

Food In Global History Raymond

Grew,2018-02-19 Social scientists study food in many different ways Historians have most often studied the history of specific foods anthropologists have emphasized the role of food in religious rituals and group identities sociologists have looked primarily at food as an indicator of social class and a factor in social ties and nutritionists have focused on changing patterns of consumption and applied medical knowledge to study the effects of diet on public health Other scholars have studied the economic and political connections surrounding commerce in food Here these perspectives are brought together in a single volume **Egypt, Israel, and the Ancient Mediterranean World** Gary N. Knoppers, Antoine Hirsch,2004-04-01 Major scholars in North America Europe and the Middle East provide a variety of fresh studies on the history literature religion and art of Egypt Israel Phoenicia and the rest of the ancient Mediterranean world The first part of the book features chapters on ancient Egyptian inscriptions art history and religion The second part deals with biblical studies the histories of ancient Israel Canaan and the relations among societies in the ancient Near East The periods covered in the volume range from Old Kingdom Egypt to the late antique era Most of the art historical and archaeological essays on ancient Egypt Israel and Canaan deal with previously unpublished finds Many of the essays dealing with literary and historical issues explore the relations among ancient cultures explaining the development of and interest in international trade warfare and travel The book is amply illustrated with photos drawings graphs and tables Egypt Israel and the Ancient Mediterranean World is a rich and wide ranging collection of papers that well honors the distinguished scholar to whom it was dedicated It also has much to offer all scholars interested in political and cultural interactions in the ancient eastern Mediterranean basin Stanley M Burstein California State University Los Angeles Food and Society William C. Whit,1995-01-01 The importance of food is undeniable Yet because it is so close and obvious we often fail to pay attention to it In Food and Society A Sociological Approach author William C Whitt attempts to develop a multi level multidisciplinary approach to the relationship between food and the larger world Organized from the experiences of food consumption through its preparation distribution storage and production this book discusses the role of food in past societies the basics of nutrition contemporary issues including body size food and culture food production world hunger and food innovation *Adopting the Stranger as Kindred in Deuteronomy* Mark R. Glanville,2018-11-02 Investigate how Deuteronomy incorporates vulnerable displaced people Deuteronomy addresses social contexts of widespread displacement an issue affecting 65 million people today In this book Mark R Glanville investigates how Deuteronomy fosters the integration of the stranger as kindred into the community of Yahweh According to Deuteronomy displaced people are to be enfolded within the household within the clan and within the nation Glanville argues that Deuteronomy demonstrates the immense creativity that communities may invest in enfolding displaced and vulnerable people Inclusivism is nourished through social law the law of judicial procedure communal feasting and covenant renewal Deuteronomy s call to include the stranger as kindred presents contemporary nation states with an opportunity and a responsibility to reimagine themselves and their disposition toward displaced

strangers today Features Exploration of the relationship of ancient Israel's social history to biblical texts An integrative methodology that brings together literary historical legal sociological comparative literary and theological approaches A thorough study of Israelite identity and ethnicity
