in India's Non-Violent Revolution Mridula Mukherjee, 2004-09-22 In part one of this volume the political world of the peasants of Punjab is reconstructed capturing their struggles at a national level as well as at an individual one Part Two makes important interventions in the theoretical debates regarding the role of peasants in revolutionary transformation in the modern world The author argues that the association of revolution with large scale violence has resulted in the refusal to recognize the non violent yet revolutionary political practice of peasants in the Indian National Movement **Ibss: Political Science: 1988** British Library of Political and Economic Science, 1992 This bibliography lists the most important works in political science published in 1988 **The Crowd** John Plotz, 2000-12-03 Between 1800 and 1850 political demonstrations and the tumult of a ballooning street life not only brought novel kinds of crowds onto the streets of London but also fundamentally changed British ideas about public and private space The Crowd sets out to demonstrate the influence of these new crowds riots and demonstrations on the period s literature John Plotz offers compelling readings of works by Thomas De Quincey Thomas Carlyle William Wordsworth Maria Edgeworth and Charlotte Bronte arguing that new representative crowds became a potent rival for the representational claims of literary texts themselves As rivals in representation these crowds triggered important changes not simply in how these authors depicted crowds but in their notions of public life and privacy in general The Crowd is the first book devoted to an analysis of crowds in British literature In addition to this being a noteworthy and innovative contribution to literary criticism it addresses ongoing debates in political theory on the nature of the public political realm and offers a new reading of the contested public discourses of class nation and gender In the end it provides a sophisticated and rich analysis of an important facet of the beginning of the modern age *The Masses Arise* Peter Taaffe, 2009 **Social Movements in a Global Context** Rod Bantjes, 2007 Social Movements in a Global Context focuses on interpreting the resurgence in popular protest for a growing audience of university students Most of this new activity is either in response to or makes use of emerging global regimes hence the book s emphasis on the global context as well as on strategies for trans local mobilization Equally important is the fact that the book adopts a Canadian perspective and highlights where possible Canadian case studies The chapters are organized around an explanatory framework such as class analysis or a core analytical question Some of the chapters deal with historical content but all make links to the immediate present and attempt to engage students in ongoing debates and struggles The author makes connections between movements and the state focusing on the dynamic of co optation coercion The author also pays attention to the spacial dimensions of movement formation and tactics which are particularly relevant in the present era of globalization **The Death Penalty in Dickens and Derrida** Jeremy Tambling, 2023-06-29 In the nineteenth century Charles Dickens backed the cause of abolition of the death penalty and wrote comprehensively about it in public letters and in his novels At the end of the twentieth century Jacques Derrida ran two years of seminars on the subject which were published posthumously What the novelist and the philosopher of deconstruction discussed independently this book brings into comparison Tambling examines

crime and punishment in Dickens's novels *Barnaby Rudge*, *A Tale of Two Cities*, *Oliver Twist* and *Bleak House* and explores those who influenced Dickens's work including Hogarth, Fielding, Godwin and Edgar Allan Poe. This book also looks at those who influenced Derrida, Freud, Nietzsche, Foucault and Blanchot and considers Derrida's study on terrorism and the USA as the only major democracy adhering to the death penalty. A comprehensive study of punishment in Dickens and furthering Derrida's insights by commenting on Shakespeare and blood revenge, the French Revolution and the enduring power of violence and its fascination, this book is a major contribution to literary criticism on Dickens and Derrida. Those interested in literature, criminology, law, gender and psychoanalysis will find it an essential intervention in a topic still rousing intense argument.

Popular Protest and Policing in Ascendancy Ireland, 1691-1761 Timothy D. Watt, 2018. The book highlights the scale of disorder and the many difficulties faced by the authorities.

The Gwangju Uprising Ch'ŏng-un Ch'oe, 2006. The book explores the implications of the democratic movement that took place in Gwangju, a southwestern city of Korea, in May 1980 when military paratroopers brutally crushed a group of protesters who demonstrated against General Chun Doo-hwan who was about to become the country's president. Because of the event now known as the Gwangju Uprising, 191 people perished and 852 were wounded. In *The Gwangju Uprising*, Choi Jungwoon analyzes various discourses and motives of the uprising and vividly paints the demonstrators' street battles against paratroopers. He gives an in-depth scrutiny of the participants' mentalities and incentives and the type of brutality involved. He also examines the stages the participants went through during the uprising from the peace and togetherness they had at first to the internal conflict that soon followed to the lessons they learned in the uprising's aftermath. Choi argues that the united front experienced by the participants during the uprising was a driving force that changed modern Korean history.
