Friends In High Places The Australian American Security Relationship Since 1945:

Friends in High Places Glen St. John Barclay, 1985 **The U.S. Navy and Its Cold War Alliances, 1945-1953** Corbin Williamson, 2020-08-12 After World War I the U S Navy's brief alliance with the British Royal Navy gave way to disagreements over disarmament fleet size interpretations of freedom of the seas and general economic competition This go it alone approach lasted until the next world war when the U S Navy found itself fighting alongside the British Canadian Australian and other Allied navies until the surrender of Germany and Japan In *The U S Navy and Its Cold War Alliances 1945 1953* Corbin Williamson explores the transformation this cooperation brought about in the U S Navy's engagement with other naval forces during the Cold War Like the onetime looming danger of Nazi Germany and Imperial Japan growing concerns about the Soviet naval threat drew the U S Navy into tight relations with the British Canadian and Australian navies *The U S Navy and Its Cold War Alliances 1945 1953* brings to light the navy to navy links that political concerns have kept out of the public sphere a web of informal connections that included personnel exchanges standardization efforts in equipment and doctrine combined training and education and joint planning for a war with the Soviets Using a history from the middle approach Corbin Williamson draws upon the archives of all four nations including documents only recently declassified to analyze the actions of midlevel officials and officers who managed and maintained these alliances on a day to day basis His work highlights the impact of domestic politics and security concerns on navy to navy relations even as it integrates American naval history with those of Britain Canada and Australia In doing so the book provides a valuable new perspective on the little studied but critical transformation of the U S Navy's peacetime alliances during the Cold War

Southeast Asia and the Great Powers Nicholas Tarling, 2013-06-17 Southeast Asia has on the basis of the nation state secured both a large measure of interstate peace and cooperation and a degree of autonomy from great powers outside the region ASEAN both represents that position and promotes it But it also depends on the attitude of the great powers

American Adventurism Abroad Michael J. Sullivan, 2004-08-30 This book provides a comparative analysis of 30 American interventions into Third World countries An historical approach is used to place the featured cases into a more general history of American Diplomacy The author uses his assessments to prove that U S foreign policy has been driven by the goal of being the ultimate power in the global capitalist economic system The author makes his work unique by giving a critical view of America's place in the world during an anticipated time of war and raised patriotism He provides a scholarly look at U S diplomacy leading up to the era of the War on Terror Sullivan explains how over the past 50 years the U S has come to succeed Europe as ruler of the global economic system The political systems which have been promoted by the U S to preserve worldwide capitalism range from one party rule to monarchies and recurring civil war The interventions discussed have proved to be short term successes for U S policy but more often tragic for the local societies affected Sullivan draws on his 1996 release *Comparing State Politics* to create a number of tables that place U S involvement into geographic

and hierarchic perspective The reader is ultimately provided with a provocative thesis that challenges traditional interpretations of America's role in the world This book will be an asset to any undergraduate college student taking classes in political science or history It will also appeal to a general audience

Korea and the Evolution of the American-Australian Relationship, 1947-53 Daniel Fazio, 2023-09-29 Fazio examines the significance of the US Australian Korean engagement 1947-53 in the evolution of the relationship between the two nations in the formative years of the Cold War In the aftermath of World War Two divergent American and Australian strategic and security interests converged and then aligned on the Korean peninsula Fazio argues that the interactions between key US and Australian officials throughout their Korean engagement were crucial to shaping the nature of the evolving relationship and the making of the alliance between the two nations The diplomacy of Percy Spender John Foster Dulles and James Plimsoll was particularly crucial He demonstrates that the American evaluation of the geo strategic significance of Korea was a significant factor in the making of the ANZUS alliance and events in Korea remained central to the evolving US Australian relationship Their Korean engagement showed the US and Australia had similar and overlapping rather than identical interests and that their relationship was much more nuanced and problematic than commonly perceived Fazio challenges the Australian mythology on the origins of the ANZUS Treaty and presents a cautionary insight into the limits of Australia's capacity to influence US policy to benefit its interests An insightful read for diplomatic historians providing greater depth to understanding the broader historical context of the trajectory of the US Australian relationship and alliance since the beginning of the Cold War

Asia's Regional Architecture Andrew Yeo, 2019-04-02 During the Cold War the U S built a series of alliances with Asian nations to erect a bulwark against the spread of communism and provide security to the region Despite pressure to end bilateral alliances in the post Cold War world they persist to this day even as new multilateral institutions have sprung up around them The resulting architecture may aggravate rivalries as the U S China and others compete for influence However Andrew Yeo demonstrates how Asia's complex array of bilateral and multilateral agreements may ultimately bring greater stability and order to a region fraught with underlying tensions Asia's Regional Architecture transcends traditional international relations models It investigates change and continuity in Asia through the lens of historical institutionalism Refuting claims regarding the demise of the liberal international order Yeo reveals how overlapping institutions can promote regional governance and reduce uncertainty in a global context In addition to considering established institutions such as the Association of Southeast Asian Nations and the Asia Pacific Economic Cooperation he discusses newer regional arrangements including the East Asia Summit Trans Pacific Partnership and the Belt and Road Initiative This book has important implications for how policymakers think about institutional design and regionalism in Asia and beyond

The Australia-New Zealand-U.S. Alliance Joseph A Camilleri, 2019-07-11 This book deals with an account of the origins of the Australia New Zealand US ANZUS alliance and its subsequent evolution It examines the divergent responses of contemporary Australian and New Zealand governments to the

problems of alliance management **Power and International Relations** Desmond Ball, Sheryn Lee, 2014-11-25 Coral Mary Bell AO who died in 2012 was one of the world's foremost academic experts on international relations crisis management and alliance diplomacy This collection of essays by more than a dozen of her friends and colleagues is intended to honour her life and examine her ideas and through them her legacy Part 1 describes her growing up during the Great Depression and the Second World War her short lived sojourn in the Department of External Affairs in Canberra where she was friends with some of the spies who worked for Moscow and her academic career over the subsequent six decades the last three of which were at The Australian National University Most of Coral's academic career was spent in Departments of International Relations She was disdainful of academic theory but as discussed in Part 2 she had a very sophisticated understanding of the subject She was in many ways a Realist but one for whom agency in terms of ideas the beliefs and perceptions of policy makers and institutions including conventions and norms of behaviour essentially determined events Part 3 is concerned with power politics including such matters as Cold War competitions crisis management alliance diplomacy and US and Australian foreign policies She recognised that power politics left untrammelled was inevitably catastrophic and was increasingly attracted to notions of Concerts of Power Coral would be touched by this collection of essays about her professional and personal life The contributors offer honest professional and insightful reviews of her many academic achievements and especially her ideas many of them the forerunners of others work that makes her one of the very best international relations and strategic thinkers Dr Pauline Kerr Asia Pacific College of Diplomacy The Australian National University It's a rare thing in an international relations expert to possess a balance of theory and experience history and imagination realism and hope Coral had this and she had a 19th century prose style to match it Through her writing she explained the chaos of international events and human affairs in simple and clear language to her baffled compatriots For the rest of the world she brought an antipodean temperament and perspective to the great questions of our time she was our George Kennan in thick glasses blue floral dress white sneakers and a string of pearls Minh Bui Jones The Lowy Interpreter 5 October 2012 **The ANZUS Crisis, Nuclear Visiting and Deterrence** Michael Pugh, 1989 The development of nuclear weapons has been a critical problem for the NATO alliance In the Pacific a region of increasing strategic interest for the United States and Soviet Union nuclear weapons have been an environmental concern since the bombing of Hiroshima and Nagasaki Opposition to nuclear tests has now been taken a step further with the creation of a South Pacific Nuclear Free Zone and the decision by a New Zealand Government to ban port visits by vessels believed to be carrying nuclear weapons New Zealand's proposal to back its policy with legislation had been seen by the Reagan and Thatcher administrations as a threat to the principle of neither confirm nor deny the presence of nuclear weapons on vessels This 1989 study examines the questions of principle at issue the evolution of the ANZUS crisis its implications for the Western alliance structure as a whole and the degree to which the nuclear free virus in the South Pacific might be catching Asia, the US and Extended Nuclear

Deterrence Andrew O'Neil, 2013-09-02 Since the end of the Cold War significant attention has focussed on the issue of nuclear deterrence and in particular whether formal nuclear security guarantees from nuclear weapons states to non nuclear weapons states involving the possible use of nuclear weapons have a place in the twenty first century global strategic landscape Growing support for nuclear disarmament in the US and elsewhere has seen serious doubts being raised about the ongoing utility of extended nuclear deterrence This book provides the first detailed analysis of the way in which extended nuclear deterrence operates in contemporary Asia It addresses the following key questions What does the role of extended nuclear deterrence in Asia tell us about the broader role of extended nuclear deterrence in the contemporary international system Is this role likely to change significantly in the years ahead O Neil uses a theoretical and historical framework to analyse the contemporary and future dynamics of extended nuclear deterrence in Asia and challenges many of the existing orthodox perspectives on the topic Providing a new perspective on debates surrounding extended nuclear deterrence this book will be of interest not only to students and scholars of Asian politics international relations and security studies but also to policy makers and professionals **Background Notes, Australia** ,1989 *America's Alliances and Canadian-American Relations* Canadian Institute of International Affairs, Dartmouth College. Australia's Pursuit of an Independent Foreign Policy under the Whitlam Labor Government Changwei Chen, 2023-08-11 Examining a series of episodes in Australia's foreign relations under Whitlam the author pays attention to a broad range of hitherto insufficiently researched domestic and international issues in Australia's foreign relations of the early 1970s The election of the Whitlam led Labor Government in December 1972 ushered in fresh ideas and audacious initiatives in Australia's foreign policy Whitlam's approach was shaped by a vision of taking Australia forward to its rightful and independent place in the future of the Asia Pacific region They range from immigration policy and the abolition of appeals from Australian Courts to the Privy Council to such major international issues as the Anglo American base in Diego Garcia French nuclear testing in the Pacific and the Five Power Agreement with respect to Malaysia and Singapore He demonstrates how the pursuit of foreign policy independence repeatedly placed the Whitlam Government in a position wedged in between Australia's traditional allies and the Third World and how it navigated Australia's national interests on a series of dilemma situations involving conflicting strategic interests between Australia and its traditional allies and those between major powers and the non aligned countries The analysis presented in this book contributes to not only historical literature on the subject but also the understanding of how a middle power like Australia can navigate intensifying great power rivalry Essential reading for scholars of Australian foreign policy as well as being an invaluable case study of middle power diplomacy in the Asia Pacific region Independent Ally Shannon Tow, 2017-03-20 Will regional powers in the Asia Pacific have to choose between China and the United States In *Independent Ally* Shannon Tow challenges this prevailing view She explores how one key regional

power Australia has repeatedly developed a strong relationship with a rising power while simultaneously preserving its alliance with a dominant global power Far from being a dependent ally that simply follows the policies of its great and powerful friends Australia has consistently developed and pursued an independent foreign policy toward those great powers that have played an important role in shaping its destiny It has proactively negotiated the terms of its relationships with those powers in ways that have been mutually complementary and that have supported its strategic interests in regional order The extent to which Australia can do so in future relates directly to the findings and lessons this study provides Drawing on newly released archival material and interviews with prominent former policymakers this book examines how six different Australian Prime Ministers successfully navigated these great power relationships over the last century

ANZUS in Crisis Jacob Bercovitch,1988-06-18 The issues involved in this book are complex and go to the heart of how alliances the basic units of the current structure of international security should function

Australia and the Pacific Islands ,1989

Unholy Fury James Curran,2015-05-01 In the early 1970s two titans of Australian and American politics Prime Minister Gough Whitlam and President Richard Nixon clashed over the end of the Vietnam war and the shape of a new Asia A relationship that had endured the heights of the Cold War veered dangerously off course and seemed headed for destruction Never before or since has the alliance sunk to such depths Drawing on sensational new evidence from once top secret American and Australian records this book portrays the bitter clash between these two leaders and their competing visions of the world As the Nixon White House went increasingly on the defensive in early 1973 reeling from the lethal drip of the Watergate revelations the first Labor prime minister in twenty three years looked to redefine ANZUS and Australia s global stance It was a heady brew and not one the Americans were used to The result was a fractured alliance and an American president enraged seemingly hell bent on tearing apart the fabric of a treaty that had become the first principle of Australian foreign policy
