Friends Behind the Scenes Dennis Bjorklund, 2023-10-02 Written by an authoritative expert Friends Behind the Scenes Backstage Pass to the Series A Comprehensive History is the most in depth book ever written about the series It provides a unique insider perspective and dishes the dirt on never before revealed secrets such as outing the cast member who was nearly fired from the series TWICE Friends Behind the Scenes commences with the showrunners backstory and a comprehensive recounting of the series concept the pitch presented to NBC and the network's objections Fans get a confidant's look into the TV industry and the trio's struggle to protect their pilot concept and creative vision The journey also uncovers early script drafts with jaw dropping disclosures about the main characters there was a highly promiscuous female an arrogant self centered jerk from Chicago and a homosexual The next chapters immerse the sitcom enthusiast into the laborious casting process with amazing revelations such as the two costars who turned down guaranteed roles and a once rejected cast member who was only hired because NBC insisted The likelihood of all six actors being chosen for the pilot was astronomically minuscule especially since two of the costars were committed to other projects and a handful of famous actors were offered costarring roles in the series Friends Behind the Scenes unravels the mysteries behind shooting the pilot how a test audience's negative report nearly capsized the series and what finally convinced NBC to gamble on adding the show to its fall schedule The following pages methodically outline the showrunners diligent efforts to assemble an incomparable creative team and hire brilliant wardrobe hair and makeup specialists who redefined 1990s fashion Of course TV junkies cannot forget the memorable title sequence with all the fountain frivolity and the mind numbing theme song that captivated the world Astonishingly the original intro was completely different with an up tempo singalong by a famous rock band that refused to license the track because the lead singer despised the hit single Avid enthusiasts will

discover how The Rembrandts were eventually hired and why they did not want their name attached to the bubblegum pop ditty Readers are transported backstage to witness how episodes were produced and how guest stars were chosen with dazzling insight into the ones that got away including a famous pop singer three iconic movie stars and a rock legend In addition some travelers will get an insider scoop into the world of stand ins body doubles and famous extras who appeared on the show and marvel at the history of sets how they were designed and decorated and even the story behind famous props and set dressings like the peephole picture frame and burnt orange sofa Further interviews unearth the private salary negotiations that eventually made the cast the highest paid actors on television Actors confessions shed light on how success impacted their lives and what made the sextet decide to call it quits after ten seasons Friends disciples will be privy to the soundstage hysteria during the final days of shooting and the epochal send off by NBC while sitcom purists will be enraptured by the historical overview of the show s evolution from struggling newbie to ratings giant en route to its unprecedented success in syndication and streaming Finally the remaining chapters detail the societal impact of Friends and offer numerous trivia tidbits that have evaded most Friends aficionados for decades
