From Bauhaus To Our House 1st Edition:

From Bauhaus to Our House Tom Wolfe, 2009-11-24 After critiquing and infuriating the art world with *The Painted Word* the award winning author Tom Wolfe shares his less than favorable thoughts about modern architecture in *From Bauhaus to Our House* In this examination of the strange saga of twentieth century architecture Wolfe takes such European architects as Ludwig Mies van der Rohe Le Corbusier and Bauhaus art school founder Walter Gropius to task for their glass and steel box buildings that have influenced and infected America's cities *Book Prices: Used and Rare, 1994* Edward N. Zempel, 1994

Huxford's Old Book Value Guide Bob Huxford, Sharon Huxford, 1992 This totally new fourth edition is intended to be a companion volume Over 25 000 listings are included with current values More than just a price guide you'll also find scores of buyers listed by the type of subject matter they are looking for so it's a selling guide as well *American Architects and Texts* Juan Pablo Bonta, 1996 In this volume the author analyzes 400 architectural books and articles published over the past 150 years to reveal changing societal preferences in architecture and to measure the reputations of individual architects the text includes a ranked list of the 100 most famous architects *Twentieth-century American Architecture* Carter

Wiseman, 2000 Presents a survey of twentieth century American landmark buildings and their architects including Louis Sullivan Frank Lloyd Wright and Frank Gehry **Making Dystopia** James Stevens Curl, 2018-08-23 In *Making Dystopia* distinguished architectural historian James Stevens Curl tells the story of the advent of architectural Modernism in the aftermath of the First World War its protagonists and its astonishing almost global acceptance after 1945 He argues forcefully that the triumph of architectural Modernism in the second half of the twentieth century led to massive destruction the creation of alien urban landscapes and a huge waste of resources Moreover the coming of Modernism was not an inevitable seamless evolution as many have insisted but a massive unparalleled disruption that demanded a clean slate and the elimination of all ornament decoration and choice Tracing the effects of the Modernist revolution in architecture to the present Stevens Curl argues that with each passing year so called iconic architecture by supposed star architects has become more and more bizarre unsettling and expensive ignoring established contexts and proving to be stratospherically remote from the aspirations and needs of humanity In the elite world of contemporary architecture form increasingly follows finance and in a society in which the haves have more and more and the have nots are ever more marginalized he warns that contemporary architecture continues to stack up huge potential problems for the future as housing costs spiral out of control resources are squandered on architectural bling and society fractures This courageous passionate deeply researched and profoundly argued book should be read by everyone concerned with what is around us Its combative critique of the entire Modernist architectural project and its apologists will be highly controversial to many But it contains salutary warnings that we ignore at our peril And it asks awkward questions to which answers are long overdue **Rebuilding Babel** Mark Crinson, 2017-06-30 Much of modernist architecture was inspired by the emergence of internationalism the ethics and

politics of world peace justice and unity through global collaboration Mark Crinson here shows how the ideals represented by the Tower of Babel built so the story goes by people united by one language were effectively adapted by internationalist architecture its styles and practices in the modern period Focusing particularly on the points of convergence between modernist and internationalist trends in the 1920s and again in the immediate post war years he underlines how such architecture utilised the themes of a cooperative community of builders and a common language of forms The International Style was one manifestation of this new way of thinking but Crinson shows how the aims of modernist architecture frequently engaged with the substance of an internationalist mindset in addition to sharing surface similarities Bringing together the visionaries of internationalist projects including Le Corbusier Bruno Taut Berthold Lubetkin Walter Gropius and Mies van der Rohe Crinson interweaves ideas of evolution ecology utopia regionalism socialism free trade and anti colonialism to reveal the possibilities heralded by modernist architecture Furthermore he re connects pivotal figures in architecture with a cast of polymath internationalists such as Patrick Geddes Lewis Mumford Julian Huxley Rabindranath Tagore and H G Wells to provide a richly detailed socio cultural framework This is a book crafted for students and scholars of architecture and art theory as well as for those interested in the history of twentieth century optimism about the world and its architecture

Introducing Cultural Studies Elaine Baldwin, Scott McCracken, 2014-01-21 A rapidly changing world in part driven by huge transformations in technology and mobility means we all encounter shifting cultures and new cultural and social interactions daily Powerful forces such as consumption and globalization exert an enormous influence on all walks and levels of life across both space and time Cultural Studies remains at the vanguard of consideration of these issues This completely revised second edition of *Introducing Cultural Studies* gives a systematic overview of the concepts theories debates and latest research in the field Reinforcing the interdisciplinary nature of Cultural Studies it first considers cultural theory before branching out to examine different dimensions of culture in detail Key features Collaboratively authored by an interdisciplinary team Closely cross referenced between chapters and sections to ensure an integrated presentation of ideas Figures diagrams cartoons and photographs help convey ideas and stimulate Key Influence Defining Concepts and Extract boxes focus in on major thinkers ideas and works Examines culture along the dividing lines of class race and gender Weblinks and Further Reading sections encourage and support further investigation Changes for this edition Brand new chapter addresses how culture is researched and knowledge in cultural studies is produced Brand new chapter on the Postmodernisation of Everyday Life Includes hot topics such as globalization youth subcultures virtual cultures body modification new media technologically assisted social networking and many more This text will be core reading for undergraduates and postgraduates in a variety of disciplines including Cultural Studies Communication and Media Studies English Geography Sociology and Social Studies looking for a clear and comprehensible introduction to the field *Three Plays of Maureen Hunter* Hunter, Maureen, 2003 Book is clean and tight No writing in text Like New **Against the Idols**

of the Age David Stove, 2017-07-05 Little known outside his native Australia David Stove was one of the most illuminating and brilliant philosophical essayists of the postwar era A fearless attacker of intellectual and cultural orthodoxies Stove left powerful critiques of scientific irrationalism Darwinian theories of human behavior and philosophical idealism He was also an occasional essayist of considerable charm and polemical snap Stove's writing is both rigorous and immensely readable It is in the words of Roger Kimball an invigorating blend of analytic lucidity mordant humor and an amount of common sense too great to be called common *Against the Idols of the Age* brings together a representative selection of Stove's writing and is an ideal introduction to his work The book opens with some of Stove's most important attacks on irrationalism in the philosophy of science He exposes the roots of this fashionable attitude tracing it through writers like Paul Feyerabend and Thomas Kuhn to Karl Popper Stove was a born controversialist so it is not surprising that when he turned his attention to contemporary affairs he said things that are politically incorrect The topical essays that make up the second part of the book show Stove at his most withering and combative Whether the subject is race feminism the Enlightenment or the demand for non-coercive philosophy Stove is on the mark with a battery of impressive arguments expressed in sharp uncompromising prose *Against the Idols of the Age* concludes with a generous sampling of his blistering attacks on Darwinism David Stove's writings are an undiscovered treasure Although readers may disagree with some of his opinions they will find it difficult to dismiss his razor sharp arguments *Against the Idols of the Age* is the first book to make the full range of this important thinker available to the general reader **Community Architecture (Routledge Revivals)** Nick Wates, Charles

Kneivitt, 2013-09-05 First published in 1987 this title was one of the first to explore the emerging popular movement of Community Architecture championed by Prince Charles which gained momentum throughout Britain in the 1970s and 1980s The conceptual framework rests fundamentally on the principle that the built environment is most effective when those who live in a particular area are actively engaged with its creation and daily administration A work that has influenced policy makers and planning legislation Community Architecture remains one of the key reference works for student architects and planners *Humor in Borges* René de Costa, 2000 *Humor in Borges* studies the humor embedded in the fiction of the serious and metaphysical literary figure Jorge Luis Borges Jorge Luis Borges 1899-1986 an Argentine writer of serious avant-garde poetry and prose often wrote of the humor in the works of contemporaneous authors such as Franz Kafka In response to this humor Borges created a comedic tradition all his own *Humor in Borges* studies the humor embedded in the fiction of a serious and metaphysical literary figure René de Costa shows how Borges was concerned with making the embedded humor in his work more apparent without abandoning the essential story line De Costa examines the ways in which Borges transformed established modes of writing the chronicle the book review the obituary the detective story into genre parodies He looks at Borges's canonical collections identifying the humor in such simple things as a footnote a false epigraph or a postscript *Humor in Borges* couples elegant scholarship with a comedic edge and is both accessible and enjoyable to read

Scholars and students of twentieth century Spanish and Latin American literature will delight in this fascinating look at laughter in the work of Jorge Luis Borges Main Street in Crisis Catherine McNicol Stock,1997-09-01 This study of class during the Great Depression is the first to examine a relatively neglected geographical area the northern plains states of North and South Dakota from a social and cultural perspective Surveying the values and ideals of the old midd **Mother Jones Magazine** ,1982-06 Mother Jones is an award winning national magazine widely respected for its groundbreaking investigative reporting and coverage of sustainability and environmental issues *The Prefabricated Home* Colin Davies,2005-06-15 An account of prefabricated architecture around the world from McDonalds drive through restaurants to Ikea s flat pack house *Writing and Publishing in Architecture and Design* Anne Massey,2024-07-04 This book outlines the process of writing and publishing research in the field of architecture and design The book sets out to help researchers find a voice and find the best fit for their work Information about the different types of publication on offer is set out as well as how to make that important initial approach From pitching an idea for a review in a magazine to producing a journal article right through to the monograph Writing and Publishing in Architecture and Design maps out the different steps for the novice author Your first steps in publishing can be daunting and the book offers material which will inspire confidence by demystifying the publication process It also includes valuable nuts and bolts material such as planning and structure time management writing styles editing production of the final manuscript and picture research How do you turn your PhD into a book How do you turn conference proceedings into a publication Commissioning editors and authors share their experiences through interview and offer recipes for success as well as what to avoid Key titles from the past are included as case studies and their pathway to publication explored This is an invaluable book for anyone working in the fields of architecture and design with an ambition to publish *The Best of Both Worlds. Colin Rowe, contextualism, liberalism and the present urban design predicament* Antonio Pietro Latini,2025-07-27 Questo libro raccoglie alcune analisi su aspetti dell eredit di Colin Rowe e del gruppo creativo che si formato attorno a lui a partire dagli anni Sessanta del secolo scorso che possono essere di grande utilit per affrontare e risolvere alcune delle difficult dell urbanistica odierna Come il collo di una clessidra Rowe e la sua cerchia sembrano essere stati in grado di accumulare selezionare e utilizzare come riferimento un groviglio generoso eppure complesso e contraddittorio di idee concetti metodi e modelli variamente disponibili in un mondo di dinamiche culturali per contribuire alle esigenze della progettazione e in particolare della progettazione urbana creando un sistema di diverse conoscenze di combinazioni e di logiche Contestualismo e liberalismo sono due degli approcci caratterizzanti supportati dalle teorie di Rowe che potrebbero rivelarsi pi utili nello stato attuale della progettazione urbana DOI 10 13134 979 12 5977 501 6 Postmodernism, or, The Cultural Logic of Late Capitalism Fredric Jameson,1992-01-06 Now in paperback Fredric Jameson s most wide ranging work seeks to crystalize a definition of postmodernism Jameson s inquiry looks at the postmodern across a wide landscape from high art to low from market ideology to architecture from painting to

punk film from video art to literature *House* Tracy Kidder,1999 Tracy Kidder takes readers to the heart of the American Dream the building of a family s first house with all its day to day frustrations crises tensions challenges and triumphs
