Whisper in the Heart Parvati Markus, 2022-08-30 Neem Karoli Baba a great Indian saint left his body in 1973 but his presence has continued unabated Even without his physical form he has appeared to thousands of individuals across the globe in dreams and visions in meditation and out of the blue in broad daylight He comes to open hearts with a blast of unconditional love to bring comfort and aid in response to calls for help and as a reminder that we are indeed all One But doubt often strikes after an experience in which one feels such profound divine love It was only a dream Maybe I imagined it I never met him in person how do I know it was him The mind steps in to discount what the heart knows to be true Whisper in the Heart validates these experiences by recounting the stories of over 150 people and the ways in which they met Maharajji as he is fondly known For some it was while chanting at a kirtan while at a spiritual retreat while looking at a photograph or as in some of the more extraordinary stories when he shows up on a desperate woman's doorstep in France brings years of abuse to an end for a nine year old child in Australia dances on a beach in Miami or appears to a policeman in Taos New Mexico Maharajji himself used to say When you think of me I'll be there In this book you will see how he is fulfilling that promise Back cover

Cherry, G. Dreamscapes Gregory Cherry, 2013-10-21 Introduction Around 1976 I wrote a poem about dreams Although I don't recall the exact lines within the essence of the poem was the idea that our dreams give us a sense of purpose in living That dreams are our strongest motivators However that it was a rare occasion when reality measured up to the dream and

that instances where reality exceeded the dream almost never occur At the end of the poem I resolved to hold onto my dreams I went on to realize many of my smaller dreams however the larger ones seemed to stay just out of reach Like a dog chasing its tail no matter how much effort I expended the big dreams seemed to move further away It was at this point that I stopped and began to analyze this process of dream realization I had been pouring more energy into the process thinking that the realization of a larger dream just required a greater effort But that just didn't work Eventually I figured out that problem was in my relationship with the dream itself I had come to relate to the dream so intensely as a dream that I was not able to relate to it as something that was about to become part of my current reality It was like playing the lottery After a while you don't actually expect to win You think that it would be very nice but you don't really expect that you will be the winner And in that way winning the lottery becomes only a dream that will never become part of your reality

Dying to Know Love Serve Remember Foundation, 2024-10-15 Dying to Know is an intimate portrait of two complex controversial characters Ram Dass and Timothy Leary in an epic friendship that shaped a generation In the 1960s Harvard psychology professors Timothy Leary and Richard Alpert began probing the edges of consciousness through their experiments with psychedelics Leary became an LSD guru igniting a global counterculture movement and landing in prison after Nixon called him the most dangerous man in America Alpert journeyed to the East and became Ram Dass a spiritual teacher for an entire generation and the author of *Be Here Now* Including interviews spanning 50 years Dying to Know celebrates the lasting legacy of Leary and Alpert and encourages critical thinking about life drugs and the biggest mystery of all death

Be Here Now Ram Dass, 1971-10-12 Beloved guru Ram Dass tells the story of his spiritual awakening and gives you the tools to take control of your life in this counterculture bible The New York Times featuring powerful guidance on yoga meditation and finding your true self When *Be Here Now* was first published in 1971 it filled a deep spiritual emptiness launched the ongoing mindfulness revolution and established Ram Dass as perhaps the preeminent seeker of the twentieth century Just ten years earlier he was known as Professor Richard Alpert He held appointments in four departments at Harvard University He published books drove a Mercedes and regularly vacationed in the Caribbean By most societal standards he had achieved great success And yet he couldn't escape the feeling that something was missing Psilocybin and LSD changed that During a period of experimentation Alpert peeled away each layer of his identity disassociating from himself as a professor a social cosmopolite and lastly as a physical being Fear turned into exaltation upon the realization that at his truest he was just his inner self a luminous being that he could trust indefinitely and love infinitely And thus a spiritual journey commenced Alpert headed to India where his guru renamed him Baba Ram Dass servant of God He was introduced to mindful breathing exercises hatha

yoga and Eastern philosophy If he found himself reminiscing or planning he was reminded to Be Here Now He started upon the path of enlightenment and has been journeying along it ever since Be Here Now is a vehicle for sharing the true message and a guide to self determination
