in Dante's Cult of Truth Maria Rosa Menocal, 1991 Using the works of Dante as its critical focus Mar a Rosa Menocal's original and imaginative study examines questions of truth ideology and reality in poetry as they occur in a series of texts and in the relationship between those texts across time In each case Menocal raises theoretical issues of critical importance to contemporary debates regarding the structure of literary relations Beginning with a reading of *La vita nuova* and the *Commedia* this literary history of poetic literary histories explores the Dantean poetic experience as it has been limited and rewritten by later poets particularly Petrarch Boccaccio Borges Pound Eliot and the all but forgotten Silvio Pellico author of *Le mie prigioni* By blending discussions of Dante's own marriage of literature and literary history with those investigations into the imitative qualities of later works *Writing in Dante's Cult of Truth* presents an intertextual literary history one which seeks to maintain the uncanniness of literature while imagining history to be neither linear nor clearly distinguishable from literature itself **Perspectives on the life and works of Gabriel García Márquez** Gustavo Arango, 2023-04-11

Perspectives on the life and works of Gabriel García Márquez Caribbean Troubadour explores both the big picture and the small details about the Colombian Nobel Prize winner his development as an artist the construction of his public persona the characteristics and the significance of his most relevant works the secrets and the agonies of his trade the blurred line between fact and fiction and the recurrent themes of solitude truth love Arango brings special attention to García Márquez's Caribbean background as well as the deep roots of his works in the tradition of the medieval troubadours Archival materials never before published in English give the final touches to this portrayal of one of the most influential Latin American writers of the twentieth century *The Dark Matter of Words* Timothy Walsh, 1998 Timothy Walsh's study of the function and significance of absence in literature demonstrates its centrality in terms of both literary technique and philosophical

consequence Textual gaps narrative lacunae and strategic vagueness together with the uncertainties that such devices inevitably generate have been essential elements of literature from Lao Tzu to Lawrence from Chaucer to Faulkner and beyond Walsh finds that poststructural approaches to indeterminacy tend to overlook the specific and productive roles that absence and uncertainty often play within the overall design of a work The aesthetic generation of uncertainty he demonstrates is not a roadblock on the path to meaning or a sign of some radical and suppressed internal contradiction rather it is as basic an artistic aim as the desire to evoke sympathy laughter or outrage Coining the phrase structured absence to explain a central tenet in his discussion of the mechanics of uncertainty Walsh analyzes various literary devices and tropes involved in generating a felt sense of absence and a purposeful uncertainty Structured absences he demonstrates combine to form intricate patterns and networks which explains how the dynamic potential of uncertainty can increase exponentially through a deft orchestration of absence Walsh argues that the use of absence in works of art of silence shadow blankness and void is a principal means by which the inherent biological limitations of human consciousness and of human language are encoded in aesthetic constructs Because of the limitations of our senses and because we often are more attuned to what lies beyond the threshold of perceptual limits the lacunae in artistic works represent attempts to replicate the real and inescapable limits of human experience *Dante Studies* Dante Society of America,1988 **The Pleasures of the Text** Elizabeth Locey,2002-01-15 This provocative reading of scandalous French woman writer Violette Leduc heralded as a great by Beauvoir Sartre Genet Camus erodes the divide between body and text in erotic literature In *The Pleasures of the Text* Elizabeth Locey sets herself the task of pinning down the often slippery ways in which pleasure is mapped onto the body of the reader and she confronts and challenges the philosophical debate between pornography and erotica **Love in the Time of Cholera** by Gabriel García Márquez | **Summary & Study Guide** ,
