[The Early Humiliati](#) Frances Andrews,2000-01-27 This book is the first major study in English of a group of late twelfth century religious enthusiasts the early Humiliati who were condemned by the Church as heretics in 1184 However in a remarkable transition they were reconciled seventeen years later and went on to establish a highly successful religious order in north Italy The Humiliati have been accorded little attention in previous

studies both because of their local nature and because of the suppression of the Order in 1571 after one of their number made a disastrous attempt to murder Charles Borromeo Using a combination of a wide range of sources the nature of the early movement and its processes of institutional development are reconstructed The book also includes a Bullarium Humiliatorum a calendar of papal and episcopal letters and privileges which will be of great use to scholars in the field

Collinge,2021-08-15 This work covers the whole history of Catholicism including the periods of Christian history prior to the present divisions into Catholic Orthodox and Protestant but within the earlier periods it focuses on the story line that leads to Catholicism in the Roman Rite and particularly to Roman Catholicism in the United States The Historical Dictionary of Catholicism Third Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 500 cross referenced entries on important persons and places as well as themes such as baptism contraception labor church architecture the sexual abuse crisis Catholic history doctrine and theology spirituality and worship moral and social teaching and church structure This book is an excellent resource for students researchers and anyone wanting to know more about Catholicism **Ecclesiology and the Franciscan Charism** Peter Damian Fehlner,2023-09-22 This volume of the Collected Essays of Peter Damian Fehlner on Ecclesiology and the Franciscan Charism contains some of the most practical of all of Fehlner s writings This volume is divided into three parts In the first we

are treated to Fehlner's first reflections on ecclesiology in the wake of Vatican II and his own earlier research into Bonaventure's ecclesiology and Duns Scotus's teachings on grace and personhood. To Fehlner these studies along with his *Tractatus de gratia* and teaching notes on the mission of the Holy Spirit all from the 1960s contain the *rationes seminales* of the entirety of his later thought. In part two we find writings mainly from the following two decades on the Conventual Franciscan charism, the *ecclesiola*, the church in microcosm. Here we can readily discern the radical effects of Fehlner's encounter with Maximilian Kolbe and this volume's close affinity with volume six of this series on St Maximilian Kolbe. In part three of this volume comprising essays from the final fifteen years of his life Fehlner brings his lifetime of prayerful contemplation and research directly to bear upon practical spirituality. In these essays Fehlner's spiritual testament our author presents his Catholic and Franciscan charismatic vision of Christian life.
