From Many Strands Ethnic And Racial Groups In Contemporary America The:

From Many Strands Stanley Lieberson, Mary C. Waters, 1988-09-20 The 1980 Census introduced a radical change in the measurement of ethnicity by gathering information on ancestry for all respondents regardless of how long ago their forebears migrated to America and by allowing respondents of mixed background to list more than one ancestry The result presented for the first time in this important study is a unique and sometimes startling picture of the nation's ethnic makeup From Many Strands focuses on each of the sixteen principal European ethnic groups as well as on major non European groups such as blacks and Hispanics The authors describe differences and similarities across a range of dimensions including regional distribution income marriage patterns and education While some findings lend support to the melting pot theory of assimilation levels of educational attainment have become more comparable and ingroup marriage is declining other findings suggest the persistence of pluralism settlement patterns resist change and some current occupational patterns date from the turn of the century In these contradictions and in the striking number of respondents who report no ethnic background or report it incorrectly Lieberson and Waters find evidence of considerable ethnic flux and uncover the growing presence of a new unhyphenated American ethnic strand in the fabric of national life A Volume in the Russell Sage Foundation Census Series

From many strands ,1990

Contemporary Asian America (third Edition) Min Zhou, Anthony Christian Ocampo, 2016-04-19 The third edition of the foundational volume in Asian American studies Who are Asian Americans Moving beyond popular stereotypes of the model minority or forever foreigner most Americans know surprisingly little of the nation's fastest growing minority population Since the 1960s when different Asian immigrant groups came together under the Asian American umbrella they have tirelessly carved out their presence in the labor market education politics and pop culture Many times they have done so in the face of racism discrimination sexism homophobia and socioeconomic disadvantage Today contemporary Asian America has emerged as an incredibly diverse population with each segment of the community facing its unique challenges When Contemporary Asian America was first published in 2000 it exposed its readers to the formation and development of Asian American studies as an academic field of study from its inception as part of the ethnic consciousness movement of the 1960s to the systematic inquiry into more contemporary theoretical and practical issues facing Asian America at the century's end It was the first volume to integrate a broad range of interdisciplinary research and approaches from a social science perspective to assess the effects of immigration community development and socialization on Asian American communities This updated third edition discusses the impact of September 11 on Asian American identity and citizenship the continued influence of globalization on past and present waves of immigration and the intersection of race gender sexuality and class on the experiences of Asian immigrants and their children The volume also provides study questions and recommended supplementary readings and documentary films This critical text offers a broad overview of Asian American studies and the current state of Asian America

Studies in Contemporary Jewry: VIII: A New Jewry?

Peter Y. Medding, 1992 Annotation The eighth volume of the acclaimed annual publication of the Institute of Contemporary Jewry at the Hebrew University of Jerusalem this volume focuses on the history and development of American Jewish life since World War II Contributions include A Golden Decade for American Jews 1945-1955 by Arthur A. Goren American Judaism Changing Patterns in Denominational Self Definition by Arnold Eisen Value Added Jews in Postwar American Culture by Stephen J. Whitfield The Postwar Economy of American Jews by Barry R. Chiswick Jewish Migration in Postwar America The Case of Miami and Los Angeles by Deborah Dash Moore and All in the Family American Jewish Attachments to Israel by Chaim Waxman The volume also contains essays book reviews and a list of recent dissertations in the field

America's Changing Neighborhoods Reed Ueda, 2017-09-21 A unique panoramic survey of ethnic groups throughout the United States that explores the diverse communities in every region state and big city Race ethnicity and immigrants lives and identity these are all key topics that Americans need to study in order to fully understand U.S. culture society politics economics and history Learning about place through our own historical and contemporary neighborhoods is an ideal way to better grasp the important role of race and ethnicity in the United States This reference work comprehensively covers both historical and contemporary ethnic and immigrant neighborhoods through A-Z entries that explore the places and people in every major U.S. region and neighborhood *America's Changing Neighborhoods: An Exploration of Diversity* uniquely combines the history of ethnic groups with the history of communities offering an interdisciplinary examination of the nation's makeup It gives readers perspective and insight into ethnicity and race based on the geography of enclaves across the nation in regions and in specific cities or localized areas within a city Among the entries are nearly 200 neighborhood biographies that provide histories of local communities and their ethnic groups Images sidebars cross references at the end of each entry and cross indexing of entries serve readers conducting preliminary as well as in depth research The book's state by state entries also offer population data and an appendix of ancestry statistics from the U.S. Census Bureau details ethnic and racial diversity

The Impact of Immigration on African Americans Steven Shulman, 2017-09-04 Immigration has significant consequences for all Americans but especially for African Americans The sheer magnitude of immigration it is the primary factor driving population growth is so large that it directly or indirectly affects the economic political social and environmental circumstances of most Americans But the geographic concentration of immigrants in urban areas and the economic concentration of immigrants in the low wage sector of the labor market have special consequences for African Americans since they are especially likely to live in urban areas and to be low wage workers These effects can be both negative and positive Immigration has sharply increased the supply of labor into the low wage sector of the labor market which tends to reduce wages and employment opportunities for low wage native workers Employers may prefer hiring immigrants who are perceived to be hard working and uncomplaining to hiring African Americans Immigrants can also increase the competition for scarce public services especially education on which African Americans depend Yet immigration

can also stimulate economic growth and urban revitalization which can increase job opportunities and spread an ideology of multiculturalism Immigration can dilute the political power of African Americans but it can also strengthen the civil rights coalition Immigration can benefit some groups while hurting others This volume presents research and analysis that reflects and advances the debates about the economic and political consequences of immigration for African Americans The contributors include Gerald Jaynes Yale University Vernon Briggs Cornell University Frank Bean and Jennifer Lee University of California Irvine Robert Cherry Brooklyn College Manuel Pastor University of California Santa Cruz and Enrique Marcelli University of Massachusetts Boston Steven Camarota Center for Immigration Studies Frank Morris University of Texas D

Encyclopaedia of Nationalism Athena Leoussi, 2018-02-06 Since the end of the internationalist Soviet experiment in 1989 nationalism is now recognized as a positive vital force in modern political cultural and social life if kept in check from excess As a result of the explosion of nationalism there has been a veritable resurgence of nationalism studies This proliferation calls for a survey of instruments which have been developed by scholars for the study of nationalism The Encyclopaedia of Nationalism brings together leading scholars in nationalism studies to survey this complex phenomenon With over one hundred entries the Encyclopaedia of Nationalism offers a complete and concise set of tools for the study of nationalism in a single volume The focus throughout is theoretical and for this reason particular nationalist movements and individual leaders are treated only as illustrative historical and contemporary cases in numerous entries The Encyclopaedia is organized in an alphabetical sequence of entries each of which includes a short bibliography for further reading The reader will find in depth discussions of the work of modern theoreticians of nationalism The defining figures of the eighteenth and nineteenth centuries including Herder Rousseau Fichte Marx and Renan Conceptual entries are treated historically and sociologically Crucial influential ideas and phenomena that continually redefine themselves with changing historical circumstances among them anti-Semitism art and nationalism assimilation class and nation decolonization ethnic competition genocide language and nation multiculturalism religion and nation state and nation and xenophobia are treated in depth A special attraction of this volume is its essay long entries many of which have been written by the scholars who developed them The Encyclopaedia of Nationalism discusses in lucid terms from an interdisciplinary perspective the central issues debates concepts and theories available to students and scholars of nationalism As such it is the most comprehensive and authoritative guide to the subject in all its varied manifestations and implications It will be an essential tool for historians political scientists sociologists and scholars of the history of ideas

The New Americans Mary C. Waters, Reed Ueda, Helen B. Marrow, 2007-01-30 The U S has always been a nation of immigrants shaped by successive waves of new arrivals This comprehensive guide provides an authoritative account of the most recent surge of immigrants Based on the latest U S Census data and scholarly research this book is an essential reference for anyone curious about the changing face of America

American Judaism Jonathan D. Sarna, 2019-06-25 Jonathan D Sarna s award winning American Judaism is now available

in an updated and revised edition that summarizes recent scholarship and takes into account important historical cultural and political developments in American Judaism over the past fifteen years Praise for the first edition Sarna has written the first systematic comprehensive and coherent history of Judaism in America one so well executed it is likely to set the standard for the next fifty years Jacob Neusner Jerusalem Post A masterful overview Jeffrey S Gurock American Historical Review This book is destined to be the new classic of American Jewish history Norman H Finkelstein Jewish Book World Winner of the 2004 National Jewish Book Award Jewish Book of the Year

Covert Racism Rodney D. Coates, 2011-06-09 Covert Racism subtle often hidden form of racism is explored through a multi disciplinarian lens The volume challenges the notion of a post racial America

White Supremacy and Racism in the Post-civil Rights Era Eduardo Bonilla-Silva, 2001 Is a racial structure still firmly in place in the United States White Supremacy and Racism answers that question with an unequivocal yes describing a contemporary system that operates in a covert subtle institutional and superficially nonracial fash on Assessing the major perspectives that social analysts have relied on to explain race and racial relations Bonilla Silva labels the post civil rights ideology as color blind racism a system of social arrangements that maintain white privilege at all levels His analysis of racial politics in the United States makes a compelling argument for a new civil rights movement rooted in the race class needs of minority masses multiracial in character and focused on attaining substantive rather than formal equality

Jews at Work Barry R. Chiswick, 2020-07-17 This book addresses the educational occupational and income progress of Jews in the American labor market Using theoretical and statistical findings it compares the experience of American Jews with that of other Americans from the middle of the 19th century through the 20th and into the early 21st century Jews in the United States have been remarkably successful from peddlers and low skilled factory workers clearly near the bottom of the economic ladder they have as a community risen to the top of the economic ladder The papers included in this volume all authored or co authored by Barry Chiswick address such issues as the English language proficiency occupational attainment and earnings of Jews educational and labor market discrimination against Jews life cycle and labor force participation patterns of Jewish women and historical and methodological issues among many others The final chapter analyzes alternative explanations for the consistently high level of educational and economic achievement of American Jewry over the past century and a half The chapters in this book also develop and demonstrate the usefulness of alternative techniques for identifying Jews in US Census and survey data where neither religion nor Jewish ethnicity is explicitly identified This methodology is also applicable to the study of other minority groups in the US and in other countries

Social Integration and Inter marriage in Europe Sarah Carol, 2016-04-28 Intergroup friendships and marriages are regarded as the most important indicators of immigrants social integration as they represent the most intimate ties that can exist between minority and majority group members Drawing on unique large scale cross national survey data encompassing natives as well as Turkish Moroccan Pakistani and ex Yugoslav migrants across several Western European

countries this book offers extensive analyses of intermarriage as well as attitudes towards intermarriage and intergroup dating in general Conceptualising the willingness or otherwise to marry outside one's ethnic or religious group in terms of social distance Social Integration and Intermarriage in Europe provides new evidence that different conceptions of family life gender relations and religiosity are crucial for understanding why individuals can be reluctant to engage in intergroup relationships With attention to the question of the role played by state policies in explaining immigrant social integration the book explores differences across Western Europe and the ways in which each state regulates immigration and the accommodation of Islam A detailed and rigorous study of attitudes to intermarriage social integration and the role of the state Social Integration and Intermarriage in Europe will appeal to policy makers and scholars of within the social sciences with interests in migration interethnic relations and social integration

The Oxford Handbook of the Politics of International Migration Marc R. Rosenblum, Daniel J. Tichenor, 2012-06-28 Twenty nine specialists offer their perspectives on migration from a wide variety of fields political science sociology economics and anthropology

Analytic Series, 1997

A Companion to Asian American Studies Kent A. Ono, 2008-04-15 A Companion to Asian American Studies is comprised of 20 previously published essays that have played an important historical role in the conceptualization of Asian American studies as a field Essays are drawn from international publications from the 1970s to the present Includes coverage of psychology history literature feminism sexuality identity politics cyberspace pop culture queerness hybridity and diasporic consciousness Features a useful introduction by the editor reviewing the selections and outlining future possibilities for the field Can be used alongside Asian American Studies After Critical Mass edited by Kent A Ono for a complete reference to Asian American Studies

Identity and Integration Bernhard Peters, 2017-03-02 Symbolic boundaries cultural differences and ethnic conflicts have gained significance and new meanings in a global situation characterized by the dissolution of traditional political and societal structures Communications and political and economic interactions increasingly cross the borders of states nations and ethnic communities and yet symbolic borders and separate group identities are nevertheless asserted The perceived efforts of migrants to maintain their cultural and ethnic identities are often blamed as a cause of conflict within nation states This intriguing volume recognizes that migrants with an Islamic background are seen as especially problematic cases Turks are the biggest category among Muslim migrants in Europe and more than one third of all Muslim migrants in Europe are from Turkey Referring primarily to immigration from Turkey this book combines both exemplary case studies of Turks within Europe and theoretical papers with innovative perspectives on the relations between integration and identity

Theoretical Perspectives Marcelo M. Suárez-Orozco, Carola Suárez-Orozco, Desirée Qin-Hilliard, 2014-06-03 This six volume set focuses on Latin American Caribbean and Asian immigration which accounts for nearly 80 percent of all new immigration to the United States The volumes contain the essential scholarship of the last decade and present key contributions reflecting the major theoretical empirical and policy debates about the new immigration The material

addresses vital issues of race gender and socioeconomic status as they intersect with the contemporary immigration experience Organized by theme each volume stands as an independent contribution to immigration studies with seminal journal articles and book chapters from hard to find sources comprising the most important literature on the subject The individual volumes include a brief preface presenting the major themes that emerge in the materials and a bibliography of further recommended readings In its coverage of the most influential scholarship on the social economic educational and civil rights issues revolving around new immigration this collection provides an invaluable resource for students and researchers in a wide range of fields including contemporary American history public policy education sociology political science demographics immigration law ESL linguistics and more

The New Immigration CAROLA SUAREZ-OROZCO, Marcelo Suarez-Orozco, Desiree Baolian Qin-Hilliard, 2012-11-12 At the turn of the millennium the United States has the largest number of immigrants in its history As a consequence immigration has emerged once again as a subject of scholarly inquiry and policy debate This volume brings together the dominant conceptual and theoretical work on the New Immigration from such disparate disciplines as anthropology demography psychology and sociology Immigration today is a global and transnational phenomenon that affects every region of the world with unprecedented force Although this volume is devoted to scholarly work on the new immigration in the U S setting any of the broader conceptual issues covered here also apply to other post industrial countries such as France Germany and Japan

The Schematic State Debra Thompson, 2016-10-20 By examining the political development of racial classifications on the national censuses of the United States Canada and Great Britain The Schematic State maps the changing nature of the census from an instrument historically used to manage and control racial populations to its contemporary purpose as an important source of statistical information employed to monitor and rectify racial discrimination Through a careful comparative analysis of nearly two hundred years of census taking it demonstrates that changes in racial schemas are driven by the interactions among shifting transnational ideas about race the ways they are tempered and translated by nationally distinct racial projects and the configuration of political institutions involved in the design and execution of census policy This book argues that states seek to make their populations racially legible turning the fluid and politically contested substance of race into stable identifiable categories to be used as the basis of law and policy

From Many Strands Ethnic And Racial Groups In Contemporary America The Book Review: Unveiling the Power of Words

In a world driven by information and connectivity, the energy of words has been more evident than ever. They have the capacity to inspire, provoke, and ignite change.
