

From Naked To Nude Life Drawing In The Twentieth Century

Marina Warner

From Naked To Nude Life Drawing In The Twentieth Century:

From Naked to Nude Georg Eisler, 1977 *The Female Nude* Lynda Nead, 2024-05-01 The history of Western art is saturated with images of the female body Lynda Nead's *The Female Nude* was the first book to critically examine this phenomenon from a feminist perspective and ask how and why did the female nude acquire this status In a deft and engaging manner Lynda Nead explores the ways in which acceptable and unacceptable images of the female body are produced issues which have been reignited by current controversies around the patriarchy objectification and pornography Nead brilliantly illustrates the two opposing poles occupied by the female nude in the history of art at one extreme the visual culmination of enlightenment aesthetics at the other spilling over into the degraded and the obscene What both have in common however is the aim of containing the female body Drawing on examples of art and artists from the classical period to the 1980s *The Female Nude* paints a devastating picture of the depiction of the female body and remains as fresh and invigorating today as it was at the time of its first publication This Routledge Classics edition includes a new Preface by the author **From Naked to Nude** Georg Eisler, 1977 **Image of a Man** Alex Belsey, 2020-01-24 Post war British artist Keith Vaughan 1912-77 was not only a supremely accomplished painter he was an impassioned eloquent writer *Image of a Man* provides a comprehensive critical reading of his extraordinary journal uncovering the attitudes and arguments that shaped and reshaped Vaughan's identity as a man and as an artist *The Temptation* Julia S. Ardery, 1998 Why beginning in the late 1960s did expressive objects made by poor people come to be regarded as twentieth century folk art increasingly sought after by the middle class and the wealthy Julia Ardery explores that question through the life story of **Art and Artists of Twentieth-Century China** Michael Sullivan, 2023-12-22 This visually stunning book focuses on the rebirth of Chinese art in the twentieth century under the influence of Western art and culture Michael Sullivan recognized throughout the world as a leading scholar of Chinese art vividly documents the conflicting pulls of traditional and Western values on Chinese art and provides 364 illustrations in color and black and white to show the great range of artistic expression and the historical processes that occurred within various movements A substantial biographical index of twentieth century Chinese artists is a valuable addition to the text Sullivan discusses artists and their work against China's background of oppression and relaxation despair and hope He expertly conveys the diverse and at times bizarre intertwining of Chinese cultural history and art during this century Included are the intense debates between traditionalists and reformers the creation of the first art schools and the birth of the idea shocking in ethnocentric China that art is a world language that obliterates all frontiers The scholarly traditions of classical Chinese painting the belated discovery of Western modernism the artistic upheaval under Communism and China's rethinking of the very nature of art all have a place in Sullivan's fascinating history Michael Sullivan has known many of the major figures in China's modern art movement of the 1930s and 1940s and has also gained the confidence of younger artists who rose to prominence following the 1979 Peking Spring This long awaited book richly

documented and abundantly illustrated is a capstone to Sullivan's work and will be enthusiastically welcomed by art lovers everywhere

Caravaggio and His Two Cardinals Creighton Gilbert, Michelangelo Merisi da Caravaggio, 1995 Gilbert devotes separate discussions to the Marquis and to Cardinal Mattei in developing his argument that each of them influenced Caravaggio in different ways A collector of classical sculpture the Marquis is connected to the classical mythological themes that are here identified in specific paintings A study of Cardinal Mattei indicates that he was outstandingly devout which was true of only a small number of cardinals during the period Gilbert shows that the artist's two paintings for the Cardinal alter the previous patterns of representing their religious themes in ways related to Counter Reformation ideas Scholars have long searched for the specific religious figure who inspired this quality in Caravaggio's work resolved here by Gilbert's meticulous scholarship and carefully drawn connections

Ancient Sculpture and Twentieth-Century American Womanhood Hallie Franks, 2025-01-09 This book examines the reception of Graeco Roman sculptures of Venus and their role in the construction of the body aesthetics of the fit American woman in the decades around the turn of the 20th century In this historical moment 19th century anthropometric methods the anti corset dress reform movement and early fitness culture were united in their goal of identifying and producing healthy procreative female bodies These discourses presented ancient statues of Venus most frequently the Venus de Milo as the supreme visual model of a superior fit feminine physique An America of such Venuses would herald the future prosperity of the American race by reviving the robust health and moral righteousness of the ancient Greeks Venuses had long been symbols of beauty but the new situation of Venus statues as an aesthetic and moral destination for women set up a slippage between ideal sculpture and living bodies what did it mean for a woman to embody or to try to embody the perfect health and beauty of an ancient statue How were women expected to translate this model into flesh What were the political stakes to which this vision of a nation of American Venuses was bound Who was believed to conform to this ideal and who was excluded from it In taking on these questions Franks engages with physical culture and dress reform media modern artwork that adapts Graeco Roman traditions anthropological texts art histories of ancient Greece film advertising and medical reporting on women's health

Nathan Oliveira Peter Selz, Nathan Oliveira, Joann Moser, 2002-03-12 Generously illustrated with 183 images more than 100 in color and including valuable previously unpublished biographical and bibliographical information Nathan Oliveira will accompany the major traveling exhibition of the same name

Encyclopedia of Comparative Iconography Helene E. Roberts, 2013-09-05 First published in 1998 Routledge is an imprint of Taylor Francis an informa company

Monuments and Maidens Marina Warner, 2000 A brilliant examination of the allegorical uses of the female form to be found in the sculpture ornamenting public buildings as well as throughout the history of western art
