Spanish German Dutch Belgian Italian Russian French and Japanese empires The left wing vision of a pax economica evolved to include supranational regulation to maintain a peaceful free trading system which paved the way for a more liberal economic order after World War II and such institutions as the United Nations the European Union and the World Trade Organization Palen s findings upend how we think about globalisation free trade anti imperialism and peace Rediscovering the left wing history of globalism offers timely lessons for our own era of economic nationalism and geopolitical conflict

and things including to show that the modes of existence are neither unique nor inevitable I did not want to just complain Denouncing debating discussing all fundamental But I wanted to go further I was curious to look for concrete alternatives Practical possibilities Concrete experiences To live To experiment Until 2004 I had never heard of Solidarity Economy associativism or even self management But there are initiatives in which profit does not seem to be above all You must pick them up listen to them You must live them I love listening to stories and dreams I love learning from how people build their existences and what types of values and societies these modes stimulate It was essential to meet people who together fight for other ways of working and being based on attitudes and values that are more loving and focused on life than those who today seem naturalized to many people but that have nothing of natural I write this book with narratives linked to what I lived and felt processes experiences experimentations Theory is treated here as a tool not as an end I try hard to make it a job with and not about people and companies I have learned a lot I took many life lessons During my journeys I have heard and witnessed something that seems contrary to what many preach and believe there are other suppliers other qualities of dough Everybody must win Everyone must sell Everyone must have their space I hope that this book can affect you raise questions concerns actions and changes especially in the direction of more just egalitarian and supportive worlds **La**
