Economics With No Special Technology P

Andrés Cárdenas O'Farrill

Economics With No Special Technology P:

Challenges and Solutions in the Digital Economy and Finance Anna Rumyantseva, Vladimir Plotnikov, Alexey Minin, Hod Anyigba, 2022-11-04 This volume presents the proceedings of the 4th International Scientific and Practical Conference on Digital Economy and Finances DEFIN22 at the Saint Petersburg University of Management Technologies and Economics UMTE which took place in March 2022 It includes the newest research on the impact of new digital technologies on the growth and capitalization of companies and the labor market The volume discusses the problems of situational modeling of economic processes and the creation of digital twins of enterprises The contributions analyse how big data and artificial intelligence technologies are shaping the financial markets Korea's Economic Miracle Robert Castley, 2016-07-27 Very few developing countries have successfully industrialised Many are under pressure from international organisations to achieve self sustainable industrialisation This is why Korea's case is particularly interesting There have been many attempts to explain the causes of Korea's economic miracle These have focused mainly on the internal factors such as the discipline of the Korean workforce and export promotion policies The present study however shows that these factors contributed to Korea's impressive growth but do not explain the reasons for her success External factors have been more important the Japanese economy in particular This book examines therefore in detail the impact of Japan's economic growth on the Korean economy in particular the stimulating effects of trade sub contracting relocation of industry investment loans and technology transfer It demonstrates how Japan provided a range of goods services and capitals which were precisely what the newly industrialising country needed **China's Economic Dilemmas in the 1990s** Joint Economic Committee, 1992 Most students of contemporary China are familiar with the Joint Economic Committee studies on China which have appeared periodically since 1967 This is the most recent study in the series released in April 1991 This volume follows the format of the previous studies offering a broad sweep of its subject matter The 50 chapters contributed by Chinese scholars in government universities and private research centres are divided into five major parts Each section begins with an overview which summarises and comments on the main points in each of the chapters The volume offers a detailed examination of China's economy and the political and social factors currently facing the leadership in Beijing Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1965 Includes Part 1 Number 2 Books and Pamphlets Including Serials and Contributions to Periodicals July December **Australian national bibliography**, 1961 Monthly Catalog of United States Government Publications United States. Superintendent of Documents, 1992 **National Library of Medicine Current Catalog** National Library of Medicine (U.S.), The Social and Economic Impact of New Technology 1978-84: A Select Bibliography Leslie Grayson, 2012-12-06 Silicon chip technology microprocessor technology information technology or quite simply new technology These are some of the names representing the microelectronics revolution depending upon the audience being addressed by speaker or writer No previous new

industrial development has caused such widespread publicity and discussion amongst users and researchers as the new technology Concern is being expressed about the effects of new technology on employment job satisfaction social life leisure activities and the economics of commerce and industry The late 70s saw many doom laden predictions of those effects but by 1983 both management and trade unions were taking a more objective view of the social and economic impacts and many correspondents now see the new technology as a means of opening up new industries and overcoming the effects of world recessions The chip has involved the factory floor the office the supermarket and the home Electronic funds transfer electronic shopping microelectronic domestic appliances word processors and microprocessor controlled machinery mean that the new technology has pervaded all aspects of social and economic life and the developed countries are now coming to accept it as part of society as a whole Inevitably the flood of literature on the social and economic impacts of new technology has been overwhelming Unfortunately the quality of information and arguments propagated at conferences in journal papers and research reports has indicated that there has been little quantifiable evidence available on the effects of these impacts

Current Catalog National Library of Medicine (U.S.),1982 First multi year cumulation covers six years 1965 70

China's Economic Dilemmas in the 1990s ,1991 **Cooperation Networks and Economic Development** Andrés

Cárdenas O'Farrill,2021-02-11 For most Western audiences Cuba is a touristic paradise stuck in time and virtually detached from world technology networks by the US embargo anything but a hub of industrial innovation and high value added biotechnology However a closer look reveals more subtle but equally powerful stories that challenge the homogenizing assumptions of conventional economics and open up scope for more sophisticated reflections on Cuban economy and industry From this kind of enquiry emerges the case of the internationally respected Cuban biotech industry as the most successful case of science and technology policy in the country's economic history The book takes an interdisciplinary approach exploring issues such as interdependency purpose and history as natural constituencies of the innovation process It also examines the dynamic and crucial role played by the state in the formation of innovative business enterprises This book will be of interest to academic researchers in the fields of innovation and economic development Foreign Economic Reports

,1983 **United States Government Publications Monthly Catalog** , *Technological Progress and the*

Transformation of China's Economic Development Mode Wen Xiao,2020-10-01 This book explores how technological progress accelerates the transformation of economic development by adopting a fundamental logical approach to technological progress intensive inputs and promotion of productive efficiency to transformation of economic development It investigates the internal mechanisms and the choice of corresponding modes that initiate technological progress to accelerate the transformation of economic development at three basic research levels micro enterprise level mid industry level and macro economy level Based on the above research the book summarizes four dimensions facilitating the transformation agricultural intensification new industrialization modernization of the service industry and the advanced manufacturing industry and

linkage of the modern service industry This book is especially valuable in its hierarchical categorization covering theoretical empirical industrial and strategic exploration On one hand it analyzes the mechanisms and approaches influencing the transformation of economic development driven by technological progress from both theoretical and empirical perspectives On the other hand based on the introduction of advanced international experiences it probes into the guarantee basis for the strategic implementation and the corresponding mode choices of the transformations Furthermore it offers specific policy proposals from both the macro level of how technological progress promotes the transformation of economic development and the micro level covering the agricultural industrial and service industries High-tech Privacy Issues in Health Care United States. Congress. Senate. Committee on the Judiciary. Subcommittee on Technology and the Law,1994 Britain's Economic Performance Tony Buxton,Paul Chapman,Paul G Chapman,Paul Temple,2005-08-08 This new and substantially revised edition of Britain s Economic Performance provides a unique assessment of the current state of the supply side of the economy Written by a team of highly experienced policy oriented applied economists this volume will be a valuable source of reference analysis and guidance for students and policy makers *Proceedings of the 1987 Exclusive Economic Zone Symposium on Mapping and Research* Geological Survey (U.S.),1988 The Theory of Investment Cycles in a Socialist Economy Nikola Cobeljic,2024-11-01 This title was first published in 1968 Economic development and the system of the functioning of socialist economies have become the subject matter of an increasing number of works by economists throughout the world Indeed the experiences of socialist countries on different levels of social and economic development already offer a good deal of empirical material for theoretical analysis An attempt at such an analysis has been made in this book where the authors have concentrated on the investigation of a specific phenomenon in the motion of the economy so called investment cycles **Proceedings of the 1987 Exclusive Economic Zone Symposium on Mapping and Research** John F. Elder,Lawrence H. Smith,Richard W. Will,Ronald Charles Severson,Hansford T. Shacklette,William B. Krohn,1988 *Soviet Economy in the 1980's* United States. Congress. Joint Economic Committee,1983
