Ecstasy Robert A. Johnson, 2009-07-01 The renowned Jungian psychologist and author of *Transformation and Owning Your Own Shadow* brings the hidden gift of ecstasy back into our lives Robert A Johnson has taken tens of thousands of readers on spiritual and psychological journeys towards inner transformation In *Ecstasy* he reconnects with the powerful and life changing ecstatic element that lies dormant but long repressed within us Ecstasy was once considered a divine gift Johnson tells us one that could lift mortals out of ordinary reality and into higher world But because Western culture has systematically repressed this ecstatic human impulse we are unable to truly experience its transformative power Johnson penetrates the surface of modern life to reveal the ancient dynamics of our humanity pointing out practical means for achieving a healthy expression of our true inner selves Through dreams rituals and celebrations he shows us how to return to these original life giving principles and restore inner harmony

Jung and the Jungians on Myth Steven Walker, 2014-04-08 Carl Gustav Jung 1875 1961 was never more insightful and intriguing than when he discussed mythology The key to understanding the Jungian approach to mythology lies in the concept of the image which provides the basis for his theory of the unconscious By emphasizing the image over the word Jungian psychology distinguishes itself dramatically from Freudian Lacanian and other psychologies that stress the task of interpreting the language the words of the unconscious In *Jung and the Jungians on Myth* Steven Walker carefully leads the reader through the essential lines of thought in Jungian psychology before developing his method for using Jungian ideas to approach mythological texts Whether one is sympathetic toward Jung's ideas or critical of them one will find in Walker's discussion a lucid introduction to Jungian perspectives on myth and psychology

God and the Evolving Universe James Redfield, Michael Murphy, Sylvia Timbers, 2003-01-06 In a world racked by violence and conflict James Redfield and Michael Murphy leading cocreators of today's spiritual boom present a message of hope and a vision for the future It is no accident they argue that the twentieth and early twenty first centuries have witnessed a revolution in new human capacities Daily we hear and read about supernormal athletic feats clairvoyant perception lives transformed by meditative practices healing through prayer and we ourselves experience these things The authors contend that thousands of years of human striving have delivered us to this very moment in which each act of self development is creating a new stage in planetary evolution and the emergence of a human species possessed of vastly expanded potential

Pollio, 1995-11-21 One of the most important challenges facing civilization is how its natural resources will be used and protected Too often polarization and litigation cause results with which no one is truly satisfied Enemies are made lines are drawn and both people and the environment are degraded *Resolving Environmental Conflict* explains the transformative approach toward facilitation It shows how to help parties empower themselves to define the issues and decide the settlement on their own terms and on their own time through better understanding of one another s perspectives The transformative approach allows a conflict s outcome to be decided solely by the participants even though resolution may not take place for some months after facilitation is complete Inherent in the solution is a shared vision for the community without which sustainability is not possible Beyond shared vision this book examines notions of development sustainability and community and the synergism of ecology culture and economic needs that promote a healthy environment enriching the lives of all its inhabitants **How to Tell God from the Devil** A. Roy Eckardt, 2018-01-16 *How to Tell God From the Devil* is the first book to depict the relationship among comedy the Devil and God Drawing from Jewish and Christian theories Eckardt describes comedy as a means to distinguish the divine from the diabolic He presents a thorough critique of efforts throughout history to justify God in the presence of radical evil and suffering *How to Tell God From the Devil* is a sequel to Eckardt s fascinating earlier study *Sitting in the Earth and Laughing* Eckardt offers a theological vision of the comic and shows its practical use in differentiating God from the Devil The viewpoint presupposed is a special application of the incongruity theory of humor which sees humor as an attempt to deal with inexplicable occurrences Eckardt shows how humor can make faulty explanations tolerable for examining evil and suffering particularly the notion that God can somehow be excused for the terrible evils extant in the world Eckardt critiques dualistic views that make the Devil and God independent sovereign beings and monistic views that try to reduce evil to non being Eckardt holds God to be ultimately responsible for evil in such ways that the only final resolution of evil if there is such is a form of divine comedy Eckardt employs a variety of historical psychological sociological philosophical and theological sources He discusses and assesses such diverse figures as Martin Luther Reinhold Niebuhr Zen Buddhists Conrad Hyers Nancy A Walker Jon D Levenson and
