Homeland Aaron E. Sánchez, 2021-01-21 Ideas defer to no border least of all the idea of belonging So where does one belong and what does belonging even mean when a border inscribes one's identity This dilemma so critical to the ethnic Mexican community is at the heart of *Homeland* an intellectual cultural and literary history of belonging in ethnic Mexican thought through the twentieth century Belonging as Aaron E. Sánchez sees it is an interwoven collection of ideas that defines human connectedness and that shapes the contours of human responsibilities and our obligations to one another In *Homeland* Sánchez traces these ideas of belonging to their global national and local origins and shows how they have transformed over time For pragmatic ideological and political reasons ethnic Mexicans have adapted adopted and abandoned ideas about belonging as shifting conceptions of citizenship disrupted old and new ways of thinking about roots and shared identity around the globe From the Mexican Revolution to the Chicano Movement in Texas and across the nation journalists poets lawyers labor activists and people from all walks of life have reworked or rejected citizenship as a concept that explained the responsibilities of people to the state and to one another A wealth of sources poems plays protests editorials and manifestos demonstrate how ethnic Mexicans responded to changes in the legitimate means of belonging in the twentieth century With competing ideas from both sides of the border they expressed how they viewed their position in the region the nation and the world in ways that sometimes united and often divided the community A transnational history that reveals how ideas move across borders and between communities *Homeland* offers welcome insight into the defining and changing concept of belonging in relation to citizenship In the process the book marks another step in a promising new direction for Mexican American intellectual history

Videopoesía, poésis fronteriza Zazil Alaíde Collins, *Poesía imagen palabra y escritura son los temas que atraviesan la reflexión de Zazil Collins como un intento que visibiliza lo poco asible que también es la creación artística de la videopoesía* No obstante la agudeza de su mirada palabra voz determina el rumbo de su alocución que sirve por una parte para descifrar los caminos de la poesía experimental y por otra para descubrir la relación que la videopoesía guarda con esa poesía que experimenta una escritura fundamentalmente visual el videoarte o video experimental la performance y el arte acción Por ello la autora no duda considerar a la videopoesía como una poesis de los límites narrativos pero además y que es lo que a ella le interesa dejar claro la videopoesía representa la frontera desde los discursos de fricción y fisión entre los yo póticos que la utilizan en específico migrantes y chicanos marginales por ejemplo En este caso la frontera es el espacio intercultural y gramatical en el que se detonan manifestaciones culturales que buscan reinterpretar los fenómenos particulares desde la condición del sujeto fronterizo Cynthia Pech

Migrant Song Teresa McKenna, 2010-07-05 Migration and continuity have shaped both the Chicano people and their oral and written literature In this pathfinding study of Chicano literature Teresa McKenna specifically explores how these works arise out of social political

and psychological conflict and how the development of Chicano literature is inextricably embedded in this fact McKenna begins by appraising the evolution of Chicano literature from oral forms including the important role of the corrido in the development of Chicano poetry In subsequent chapters she examines the works of Richard Rodriguez and Rolando Hinojosa She also devotes a chapter to the development of the Chicana voice in Chicano literature Her epilogue considers the parallel development of Chicano literary theory and discusses some possible directions for research In McKenna's own words I believe that the future of this literature as that of all literatures by people of color in the United States rests largely on its being effectively introduced into the curricula at all levels as well as its entrance into the critical consciousness of literary theory This book will be an important step in that process *Mythopoeia of Chicano Poetry* Bernice Zamora, 1985 The Woman in the Zoot Suit Catherine S. Ramírez, 2009-01-16 Recovers the neglected history of young Mexican American women zoot suiters in wartime Los Angeles and explains their absence from Chicano movement narratives Murder at the Sleepy Lagoon Eduardo Obregón Pagán, 2004-07-21 The notorious 1942 Sleepy Lagoon murder trial in Los Angeles concluded with the conviction of seventeen young Mexican American men for the alleged gang slaying of fellow youth Jose Diaz Just five months later the so called Zoot Suit Riot erupted as white soldiers in the city attacked minority youths and burned their distinctive zoot suits Eduardo Obregon Pagan here provides the first comprehensive social history of both the trial and the riot and argues that they resulted from a volatile mix of racial and social tensions that had long been simmering In reconstructing the lives of the murder victim and those accused of the crime Pagan contends that neither the convictions which were based on little hard evidence nor the ensuing riot arose simply from anti Mexican sentiment He demonstrates instead that a variety of pre existing stresses including demographic pressures anxiety about nascent youth culture and the war effort all contributed to the social tension and the eruption of violence Moreover he recovers a multidimensional picture of Los Angeles during World War II that incorporates the complex intersections of music fashion violence race relations and neighborhood activism Drawing upon overlooked evidence Pagan concludes by reconstructing the murder scene and proposes a compelling theory about what really happened the night of the murder **Handbook of Hispanic Cultures in the United States: Literature and Art** Nicolàs Kanellos, Claudia Esteva-Fabregat, Francisco Lomelí, 1993-01-01 Recovering the U S Hispanic Literary Project is a national project to locate identify preserve and make accessible the literary contributions of U S Hispanics from colonial times through 1960 in what today comprises the fifty states of the United States La voz urgente Manuel M. Martín-Rodríguez, 1995 **Revista Chicano-Riqueña** , 1980 **Murder at the Sleepy Lagoon** , *Understanding Chicano Literature* Carl R. Shirley, Paula W.
