Gender, Tradition and Renewal Robert Leonard Platzner, 2005 This book brings together a number of ground breaking essays that explore the interface of language and gender consciousness in foundation texts of Judaism and Christianity Using critical perspectives that derive from a feminist revaluation of traditional religious discourse the contributors to this volume address basic questions of meaning and interpretive freedom that are integral to a contemporary reading of Scripture and liturgy They raise such issues as the relevance of a liturgical tradition in which the Deity is addressed in exclusively masculine terms and the continued viability of scriptural texts that reflect consistently androcentric values In each of these essays the authors can be seen to respond to the challenge of the feminist critique of patriarchalism in the Western religious tradition as well as to the perceived need within contemporary Judaism and Christianity for new interpretive models for the reading of sacred texts

Majesty and Humility Reuven Ziegler, 2017-07-17 Rabbi Joseph Soloveitchik was not only one of the outstanding Talmudists and religious leaders of the 20th century but also one of its most creative and seminal Jewish thinkers This comprehensive study of Rabbi Soloveitchik's religious philosophy offers a broad perspective and balanced understanding of his work By interpreting and analyzing both individual essays and overarching themes in an accessible and engaging manner it uncovers the depth majesty and fascination of his thought How to Measure a World? Martin Shuster, 2021-04-06 What does it mean to wonder in awe or terror about the world How do you philosophically understand Judaism In *How to Measure a World A Philosophy of Judaism* Martin Shuster provides answers to these questions and more Emmanuel Levinas suggested that Judaism is best understood as an anachronism Shuster attempts to make sense of this claim by alternatively considering questions of the inscrutability of ultimate reality of the pain and commonness of human suffering and of the ways in which Judaism is entangled with the world Drawing on phenomenology and Jewish thought Shuster offers novel readings of some of the classic figures of Jewish philosophy while inserting other voices into the tradition from Moses Maimonides to Theodor W Adorno to Walter Benjamin to Stanley Cavell *How to Measure a World* examines elements of the Jewish philosophical record to get at the full intellectual scope and range of Levinas's proposal Shuster's view of anachronism thereby provokes an assessment of the world and our place in it A particular understanding of Jewish philosophy emerges not only through the traditions it encompasses but also through an understanding of the relationship between humans and their world In the end Levinas's suggestion is examined theoretically as much as practically revealing what's at stake for Judaism as much as for the world **Isaac Abarbanel's Stance Toward Tradition**

Eric Lawee, 2012-02-01 Winner of the 2002 Nauchman Sokol Mollie Halberstadt Prize in Biblical Rabbinic Scholarship presented by the Canadian Jewish Book Awards Finalist 2002 Scholarship Morris J and Betty Kaplun Award presented by the National Jewish Book Council Financier and courtier to the kings of Portugal Spain and Italy and Spanish Jewry's foremost

representative at court at the time of its 1492 expulsion Isaac Abarbanel was also Judaism's leading scholar at the turn of the sixteenth century His work has had a profound influence on both his contemporaries and later thinkers Jewish and Christian Isaac Abarbanel's *Stance Toward Tradition* is the first full length study of Abarbanel in half a century The book considers a wide range of Abarbanel's writings focusing for the first time on the dominant exegetical side of his intellectual achievements as reflected in biblical commentaries and messianic writings Author Eric Lawee approaches Abarbanel's work from the perspective of his negotiations with texts and teachings bequeathed to him from the Jewish past The work provides insight into the important spiritual and intellectual developments in late medieval and early modern Judaism while offering a portrait of a complex scholar whose stance before tradition combined conservatism with creativity and reverence with daring

Hasidism David Biale, David Assaf, Benjamin Brown, Uriel Gellman, Samuel Heilman, Moshe Rosman, Gadi Sagiv, Marcin Wodziński, 2020-04-14 A must read book for understanding this vibrant and influential modern Jewish movement Hasidism originated in southeastern Poland in mystical circles centered on the figure of Israel Ba'al Shem Tov but it was only after his death in 1760 that a movement began to spread Today Hasidism is witnessing a remarkable renaissance around the world This book provides the first comprehensive history of the pietistic movement that shaped modern Judaism Written by an international team of scholars its unique blend of intellectual religious and social history demonstrates that far from being a throwback to the Middle Ages Hasidism is a product of modernity that forged its identity as a radical alternative to the secular world

Josephus' Story of the Later Monarchy Christopher Begg, 2000 Josephus recounts events of the period extending from the later reign of Jehoshaphat of Judah through the immediate sequels to the fall of Jerusalem to the Babylonians in *Antiquitates Judaicae* AJ 9 1 10 185 Begg's monograph a followup to his earlier work *Josephus Account of the Early Divided Monarchy* AJ 8 212 420 BETL 108 1993 provides a detailed investigation of this portion of AJ In particular it seeks to address a range of overarching questions which sources both biblical and extra biblical did Josephus draw on in constructing his account of the later monarchy Which text forms of the Biblical sources were used by him What sort of rewriting techniques has he applied to the data of his sources and what is distinctive about the Josephan version of events which results from their application Finally what messages may Josephus' account be intended to convey to his two intended audiences i.e. cultivated Gentiles and fellow Jews This study is envisaged as a contribution to a fuller appreciation of Josephus' work as an interpreter of the Bible

יוסף דן, 2005 Joseph Dan, 2005 Joseph Dan the Gershom Scholem Professor of Kabbalah Emeritus at the Hebrew University and long time Professor of Jewish Studies at the Freie Universität Berlin is one of the most influential figures in the fields of Jewish mystical thought homiletical and ethical literature modern Messianism and Hasidism and contemporary belles lettres His studies of the diverse aspects of Jewish creativity with close attention to the dialectics of religious cultural continuity versus historical innovation provide a comprehensive overview of the complex history of Jewish thought and its multiple creative faces It is precisely for this reason

to honor Joseph Dan's multifaceted research that his many colleagues, students and friends scattered among universities around the world have decided to focus their contributions in this Festschrift on the continuing process of creation and re-creation in Jewish thought throughout the centuries. Contributors: Philip Alexander, Dan Ben-Amos, Peter Schafer, Margarete Schluter, Bernard McGinn, Klaus Herrmann, Herbert Davidson, Annelies Kuyt, Haym Soloveitchik, Eli Yassif, Gerold Necker, Marc Saperstein, Giuseppe Veltri, Aviezer Ravitzky, Avinoam Rosenak, Kimmy Caplan, Saverio Campanini, Eric Jacobson, Yair Zakovitch, Rachel Elijor, David Weiss Halivni, Avigdor Shinan, Avraham Grossman, Giulio Busi, Moshe Hallamish, Chava Turniansky, Jacob Elbaum, Hagit Matras, Joseph Hacker, Raya Haran, Arnold J. The Cambridge Companion to Jewish Theology Steven Kepnes, 2020-12-17. The Cambridge Companion to Jewish Theology offers an overview of Jewish theology, an aspect of Judaism that is equal in importance to law and ethics. Covering the period from antiquity to the present, the volume focuses on what Jews believe about God and also about the relation of God to humans and the world. Parts I and II cover exciting new research in Jewish biblical and rabbinic theology, medieval philosophy, Kabbalah, mysticism and liturgy. Parts III and IV turn to modern theology with an exploration of works by leading figures such as Rabbi Abraham I. Kook, Franz Rosenzweig and Emmanuel Levinas, as well as the relation of theology to issues such as feminism and the Holocaust and the relation of Judaism to other world religions. In Part V the book explores how the insights of analytic philosophy have been integrated with Jewish theology.

Studies in Josephus' Rewritten Bible Louis H. Feldman, 2021-12-06. The present volume, consisting of 35 studies of various portions of Josephus' Jewish Antiquities, is an attempt to examine the oldest systematic commentary on the historical books of the Bible that has come down to us. It considers how Josephus resolves apparent contradictions, obscurities and theological and other questions, as well as the historicity of biblical events which have puzzled classical commentators on the Bible. It attempts to explain cases, notably Ahab, Hezekiah, Jehoiachin and Zedekiah, where Josephus seems to change the biblical text radically. Included are Josephus' interpretations of several prophets, women and non-Jewish leaders. All of these studies have previously appeared in print over a period of almost three decades in 34 different publications. However, they have been edited, corrected and updated in many ways.

Giving Beyond the Gift Elliot R. Wolfson, 2014-02-03. This book explores the co-dependency of monotheism and idolatry by examining the thought of several prominent twentieth-century Jewish philosophers: Cohen, Buber, Rosenzweig and Levinas. While all of these thinkers were keenly aware of the pitfalls of scriptural theism to differing degrees, they each succumbed to the temptation to personify transcendence, even as they tried either to circumvent or to restrain it by apophatically purging kataphatic descriptions of the deity. Derrida and Wyschogrod, by contrast, carried the project of denegation one step further, embarking on a path that culminated in the aporetic suspension of belief and the consequent removal of all images from God, a move that seriously compromises the viability of devotional piety. The inquiry into apophatic transcendence and immanence in these Jewish thinkers is symptomatic of a larger question. Recent attempts to harness the

apophatic tradition to construct a viable postmodern negative theology a religion without religion are not radical enough Not only are these philosophies of transcendence guilty of a turn to theology that defies the phenomenological presupposition of an immanent phenomenality but they fall short on their own terms inasmuch as they persist in employing metaphorical language that personalizes transcendence and thereby runs the risk of undermining the irreducible alterity and invisibility attributed to the transcendent other The logic of apophasis if permitted to run its course fully would exceed the need to posit some form of transcendence that is not ultimately a facet of immanence Apophatic theologies accordingly must be supplanted by a more far reaching apophasis that surpasses the theolatrous impulse lying coiled at the crux of theism an apophasis of apophasis based on accepting an absolute nothingness to be distinguished from the nothingness of an absolute that does not signify the unknowable One but rather the manifold that is the pleromatic abyss at being's core Hence the much celebrated metaphor of the gift must give way to the more neutral and less theologically charged notion of an unconditional givenness in which the distinction between giver and given collapses To think givenness in its most elemental phenomenological sense is to allow the apparent to appear as given without presuming a causal agency that would turn that given into a gift

Reading Ruth in the Restoration Period Edward Allen Jones III, 2016-05-05 Most scholars of the Hebrew Bible Old Testament recognize Ruth's simplicity and beauty yet there has been little consensus in critical scholarship related to the book's origin and purpose Opinions on the text's date range from the early monarchic period down to the Post Exilic period and interpreters argue over whether the narrative served to whitewash David's lineage or if it held Ruth out as a positive example of Gentile inclusion in the Judean community With an eclectic approach drawing on traditional exegesis analysis of inner biblical allusions comparisons of legal and linguistic data and modern refugee research Edward Allen Jones III argues that Ruth is indeed best understood as a call for an inclusive attitude toward any Jew or Gentile who desired to join the Judean community in the early Post Exilic period Within the narrative's world only Boaz welcomes Ruth into the Bethlehemite community yet the text's re-use of other biblical narratives makes it clear that Ruth stands on par with Israel's great matriarchs Though certain segments of the Judean community sought to purify their nation by expelling foreign elements in the Restoration period Yhwh's loving kindness in Ruth's life demonstrates his willingness to use any person to build up his people

Pirkei Avot Rabbi Dr. Shmuly Yanklowitz, 2018-05-30 *Pirkei Avot* is the urtext of Jewish practical wisdom In many ways the words of *Pirkei Avot* were the first recorded manifesto of social justice in Western civilization This commentary explores text through a lens of contemporary social justice and moral philosophy engaging both classical commentators and modern thinkers

Maimonides and the Hermeneutics of Concealment James Arthur Diamond, 2012-02-01 Winner of the 2003 Nachman Sokol Mollie Halberstadt Prize in Biblical Rabbinic Scholarship presented by the Canadian Jewish Book Awards *Maimonides and the Hermeneutics of Concealment* demonstrates the type of hermeneutic that the medieval Jewish philosopher Moses Maimonides 1138-1204 engaged in throughout his treatise *The Guide of the Perplexed* By

comprehensively analyzing Maimonides use of rabbinic and scriptural sources James Arthur Diamond argues that far from being merely prooftexts they are in fact essential components of Maimonides esoteric stratagem Diamond s close reading of biblical and rabbinic citations in the Guide not only penetrates its multilayered structure to arrive at its core meaning but also distinguishes Maimonides as a singular contributor to the Jewish exegetical tradition *Hasdai Crescas on Codification, Cosmology and Creation* Ari Ackerman,2022-08-01 This work focuses on the conception of God of the medieval Jewish philosopher and legal scholar Hasdai Crescas 1340 1410 11 It demonstrates that Crescas God is infinitely creative and good and explores the parallel that Crescas implicitly draws between God as creator and legislator which is rooted in his understanding of the Deity as continuously involved in generative activity through the outpouring of goodness and love as manifest by multiple simultaneous and successive worlds and a perpetually expanding Torah It also reviews the Maimonidean background for Crescas position and suggests that Crescas is countering Maimonides stance that creation is limited to a single moment and Maimonides notion of the Torah as perfect and immutable Judaism and Modernity Jonathan W. Malino,2017-09-08 In the past quarter century David Hartman has established himself as one of the pre eminent religious and Jewish thinkers of our age Refusing to be limited by the traditional focus on metaphysics and theology Hartman has developed a religious philosophy through sustained reflection on the concrete experience of individual communal and national Jewish life In Judaism and Modernity prominent Israeli and American scholars of philosophy religion law political theory and Judaism engage Hartman s wide ranging and provocative work Touched by Hartman s passion for religious dialogue humanism and the interplay between traditional texts and modern thought the contributors advance their own ideas on the philosophy of religion religious anthropology pluralism Zionism and medieval Jewish philosophy This is a rich collection for students professional academicians and all who seek to incorporate the wisdom of the past into the evolving wisdom of the future Nietzsche, Soloveitchik, and Contemporary Jewish Philosophy Daniel Rynhold,Michael J. Harris,2018-06-28 What does one do as a Jewish philosopher if one is convinced by much of the Nietzschean critique of religion Is there a contemporary Jewish philosophical theology that can convince in a post metaphysical age The argument of this book is that Rabbi Joseph Soloveitchik 1903 1993 the leading twentieth century exponent of Modern Orthodoxy presents an interpretation of halakhic Judaism grounded in traditional sources that brings a life affirming Nietzschean sensibility to the religious life Soloveitchik develops a form of Judaism replete with key Nietzschean ideas which parries Nietzsche s critique by partially absorbing it This original study of Soloveitchik s philosophy highlights his unique contribution to Jewish thought for students and scholars in Jewish studies while also revealing his wider significance for those working more broadly in fields such as philosophy and religious studies *Abraham Joshua Heschel and the Sources of Wonder* Michael Marmur,2016-05-12 Abraham Joshua Heschel 1907 1972 was one of the twentieth century s most influential Jewish thinkers a respected theologian and enthusiastic civil rights activist who marched to Selma with Martin Luther King Jr His theology

emphasized the immediacy of wonder and awe yet his writing was studded with signs of his vast knowledge of traditional scholarship No other Jewish thinker of note in the twentieth century used such a wide range of texts so extensively Abraham Joshua Heschel and the Sources of Wonder is the first book to demonstrate how Heschel's political intellectual and spiritual commitments were embedded in his reading of Jewish tradition By shedding new light on how Heschel's theological project reconciled the demands of tradition and the modern world Michael Marmur offers an inspirational lesson in how contemporary Jewish thought can embrace both the texts of the past and the challenges of the present Tamar Ross: Constructing Faith Hava Tirosch-Samuelson, Aaron W. Hughes, 2016-04-08 Tamar Ross is Professor of Jewish Philosophy Emerita at Bar Ilan University She has written extensively on the Musar movement the thought of Rabbi Abraham Isaac Kook the ideology of Mitnagedism and the relationship of Orthodoxy and feminism Conversant with classical rabbinic sources and analytic philosophy she champions the notion of cumulative revelation in pursuit of a non foundationalist notion of truth both religious and scientific Responding to the feminist critique she articulates an original and constructive Jewish theology sympathetic to the later stages of Wittgenstein's philosophy of language and to complementary motifs in Jewish mysticism Her philosophy of halakha similarly builds on post positivist legal theory demonstrating the transformative influence of women's direct input on a legal system previously managed exclusively by men
