He Who Lets Us Be A Theology Of Love:

He who Lets Us be Geddes MacGregor, 1975 A Crossroad book Includes bibliographical references and index *The Love of God* John C. Peckham, 2015-07-28 Theology has constantly wrestled with the nature of God's love and what it means for how God relates to the world In this comprehensive canonical theology of divine love John C Peckham argues for an account that avoids the errors of both voluntarist and experientialist theologies and faithfully represents the full biblical witness *A Nonviolent Theology of Love* Sharon L. Baker Putt, 2021-02-02 The impetus behind the ease with which the church has periodically justified violent behavior lies in its conceptual image of God as a violent deity This book emerges out of a passion to think differently albeit biblically about the character of God and articulates a theological construction of a nonviolent God an alternative to any image of God that seems to condone human violence It calls the church to rethink theology as something other than what might be termed redemptive violence and encourages Christians to reinterpret Scripture and traditional theological beliefs in ways that are more faithful to the God disclosed in Jesus of Nazareth Students of theology need a fresh glimpse of the love mercy and redemptive power of God through Jesus As it follows the structure of the Apostles Creed through the various theological topics this book reminds Christians to share in God's desires for peace and love and to recommit themselves to the call of God to be ministers of reconciliation and lovers of both neighbors and enemies even while at times responding to violence with nonviolent resistance The Cistercian Fathers and Their Monastic Theology Thomas Merton, 2016 These conferences presented by Thomas Merton to the novices at the Abbey of Gethsemani in 1963 1964 focus mainly on the life and writings of his great Cistercian predecessor St Bernard of Clairvaux 1090 1153 Guiding his students through Bernard's Marian sermons his treatise *On the Love of God* his controversy with Peter Abelard and above all his great series of sermons on the Song of Songs Merton reveals why Bernard was the major religious and cultural figure in Europe during the first half of the twelfth century and why he has remained one of the most influential spiritual theologians of Western Christianity from his own day until the present As James Finley writes in his preface to this volume Merton is teaching us in these notes how to be grateful and amazed that the ancient wisdom that shimmers and shines in the eloquent and beautiful things that mystics say is now flowing in our sincere desire to learn from God how to find our way to God **Systematic Theology** Charles Hodge, 2000 Who Am I: The Theology of Body in Prayer Gerard-Marie Anthony, 2016-06-24 Pope John Paul II's Theology of the Body can be a tough doctrine to get one's head around and Gerard Marie's devotional approach in *Who Am I Theology of the Body in Prayer* is a welcome contribution to the ongoing conversation about the meaning of the human person Hopefully readers will bring an attitude of prayer to their reading of this book and make progress in seeing Theology of the Body as a livable reality that cannot be confined to the pages of a textbook Matt Swaim **The Inescapable Love of God** Thomas Talbott, 2014-11-17 Will the love of God save us all In this book Thomas Talbott seeks to expose the extent to which the Western theological tradition has managed to twist the New

Testament message of love forgiveness and hope into a message of fear and guilt According to the New Testament proclamation he argues God's love is both unconditional in its nature and unlimited in its scope hence no one need fear for example that God's love might suddenly turn into loveless hatred at the moment of one's physical death For God's love remains the same yesterday today and forever But neither should one ignore the New Testament theme of divine judgment which Talbott thinks the Western theological tradition has misunderstood entirely He argues in particular that certain patterns of fallacious reasoning which crop up repeatedly in the works of various theologians and Bible scholars have prevented many from appreciating St Paul's explicit teaching that God is merciful to all in the end This second edition of Talbott's classic work is fully revised updated and substantially expanded with new material **Amazing Love! How Can It Be** Chris Fenner, Brian G. Najapfour, 2020-05-12 The present collection of essays examines specific texts by Charles Wesley in multiple dimensions theological poetical historical biographical etc demonstrating both the profound nature of the hymns and their continued relevance for Christians today The discussions are organized by theological liturgical topics and each essay treats us to the hymn in its complete original form noting significant variants as necessary explains the historical context of its composition provides a theological interpretation and relates it to the life and faith of the believer In the pages of this book the reader will find both information and inspiration Scholars of hymnody and of Charles Wesley will appreciate the depth of inquiry in the chapters Just as importantly laypersons and hymn lovers as well as scholars will find much spiritual benefit from the study of hymns they know and love as well as texts with which they may be less familiar This exploration of these profound hymns will surely lead to a deeper understanding of the amazing love responsible for changing the course of Charles Wesley's life who in turn changed the course of Christian worship With contributions from Steve Weaver Jonathan A Powers Patrick A Eby Christopher P McFadden C Michael Hawn Josh Dear Joe Harrod Paul W Chilcote Roger D Duke Michael A G Haykin Margaret Garrett Jim Scott Orrick The Works of William Paley ... William Paley, 1836 *A Homiletic Encyclopaedia of Illustrations in Theology and Morals. ...* Robert Aitkin Bertram, 1885 **Love in Action** Simon Cuff, 2018-02-28 Described as the Catholic church's best kept secret Catholic Social Teaching provides a rich body of thought and finds a particular resonance as all denominations in the church seek to engage with the needs of contemporary society Yet beyond the immediate context of the Catholic church it is all too readily ignored Resolutely aimed at those who come from traditions beyond the movement's traditional catholic heartlands but who seek to view their ministry through the lens of generous orthodoxy Love in Action offers a deeply scriptural but accessible introduction to this vital approach to the church's ministry in the world *Outlook* Alfred Emanuel Smith, Francis Walton, 1884 The Washington Theological Repertory ,1821 Homiletic Review ,1883 **Practical Religion** John Charles Ryle, 2025-05-30 PRACTICAL RELIGION is like a clear and concise handbook for the true Christian a trusted guide on how to live every day of your life rejoicing in faith acting in love being comforted in sickness and sorrowful circumstances doing every good to others and raising your eyes towards

your eternal reward Ryle's clear style makes this book unique and readable profitable and enjoyable by all sorts of believers
 by scholars and farmers by the rich and the poor by the young and the old by men and women Once you will read this book
 first it will become one of those you will feel the need to take it with you anywhere you go This book was originally published
 in 1878 This edition has been proofread typeset for eBook readers and updated for modern readers The Model of Love
 Vincent Brümmer, 1993-09-16 Religious believers understand the meaning of their lives and of the world in terms of the way
 these are related to God The conceptual models whereby this relationship is described therefore play a key role in the
 conceptual designs which theologians produce to express the faith of the community of believers Vincent Brümmer examines
 the implications of using the model of love in this context and looks at a number of the most significant views of the nature of
 love exclusive attention Ortega y Gasset ecstatic union nuptial mysticism passionate suffering courtly love need love Plato
 Augustine and gift love Nygren All these views are shown to interpret love as an attitude rather than as a relation between
 persons In the final chapters a relational concept of love is developed and it is shown how all the various attitudes discussed
 in the previous chapters have a role to play Finally the implications are addressed of using the model of love as a key model
 in theology The Unitarian Jabez Thomas Sunderland, Brooke Herford, Frederick B. Mott, 1888 *Friends' Intelligencer*
 , 1885 *The Congregationalist and Advance* , 1919 *The Pacific* , 1911
