Head and Face Masks in Navaho Ceremonialism Berard Haile, 1996 Father Berard Haile d 1955 spent a lifetime studying and recording Navajo ceremonial practices His ethnographic work was held in wide regard by contemporary anthropologists and he is still commonly cited by present day students of Navajo ceremonialism Originally issued in a limited edition in 1947 *Head and Face Masks in Navaho Ceremonialism* presents information on masks and their uses most of it obtained in 1908 from one family of singers and supplemented over the following forty years It offers a detailed account of the necessary attributes of Navajo masks and their construction At the heart of the book is a day by day account of the nine day Nightway healing practice now the primary ceremony in which masks are used There is also a discussion of two masks Haile attributes to the Upward Reaching Way no longer practiced An addendum by Robert Young updates Haile s Navajo orthography In this work Haile reports what he was told with a minimum of interpretation assumption or opinion The result is a Navajo account of the origin of the ye ii or Holy People whom the masks and associated sand paintings personify

Wyman,2017-05-23 An outstanding work crafted from the handwritten pages of translations from the Navajo of the late Father Berard Haile giving three separate versions of the Blessingway rite with each version consisting of a prose text accompanied by the ritual songs and prayers Valuable insights into the character and use of the Blessingway rite its ceremonial procedures its mythology and its drypaintings *Navajo Blessingway Singer* Frank Mitchell,2003 This life history of a Navajo leader recorded in the 1960s and first published in 1977 is a classic work in the study of Navajo history and religious traditions A skillful meticulous and altogether praiseworthy contribution to Navajo studies Although the focus of Mitchell s autobiography is upon his role as a Blessingway singer there is much material here on Navajo history and culture in the late nineteenth and early twentieth centuries Mitchell attended the government school at Fort Defiance worked on the railroad in Arizona served as a handyman and interpreter at several trading posts and the Franciscan missions and later served as a tribal councilman in the 1930s and as a judge in the 1940s and 1950s His observations on these experiences are relevant to our understanding of contemporary Navajo life Lawrence C Kelly Western Historical Quarterly This book stands easily among the best of the native autobiographies Narrated by a thoughtful and articulate Navajo leader over a span of eighteen years this life history is brought into English with none of the selective romanticizing that has spoiled some books It is a superb job of bringing one culture ever closer to another Barre Tolken Western Folklore **The Music and Dance of the World's Religions**

E. Rust,1996-08-23 Despite the world wide association of music and dance with religion this is the first full length study of the subject from a global perspective The work consists of 3 816 references divided among 37 chapters It covers tribal regional and global religions and such subjects as shamanism liturgical dance healing and the relationship of music mathematics and mysticism The referenced materials display such diverse approaches as analysis of music and dance description of context direct experience observation and speculation The references address topics from such disciplines as sociology anthropology history linguistics musicology ethnomusicology theology medicine semiotics and computer technology Chapter 1 consists of general references to religious music and dance The remaining 36 chapters are organized according to major geographical areas Most chapters begin with general reference works and bibliographies then continue with topics specific to the region or religion This book will be of use to anyone with an interest in music dance religion or culture Songs of Life Gill,2023-09-20 Scholarly monographs on the iconography of indigenous North American religions

Texts and Textuality Philip G. Cohen,2018-12-20 These essays deal with the scholarly study of the genesis transmission and editorial reconstitution of texts by exploring the connections between textual instability and textual theory

interpretation and pedagogy What makes this collection unique is that each essay brings a different theoretical orientation New Historicism Poststructuralism or Feminism to bear upon a different text such as Whitman s *Leaves of Grass* Faulkner s *The Sound and the Fury* or hypertext fiction to explore the dialectical relationship between texts and textuality The essays bring some of the textual theories that compete with each other today into contact with a broad range of primarily literary textual histories That texts are intrinsically unstable frequently consisting of a series of determinate historical versions has consequences for all students of literature because different versions of a literary work frequently help shape different readings independently of the interpretations brought to bear upon them Textual instability of the works is relevant to our understanding of how the meanings of texts are generated The contributors build on the numerous challenges to the Anglo American editorial tradition mounted during the past decade by scholars as diverse as Jerome McGann D F McKenzie Peter Shillingsburg D C Greetham Hershel Parker and Hans Walter Gabler The volume contributes to the paradigm shift in textual scholarship inaugurated by these scholars
