

HEALERS, GURUS, AND SPIRITUAL GUIDES

Meditation, Psychic Healing, Extrasensory Perception, Hypnosis, Mind Over Matter, and Thought Power are just some of the subjects author William Wolff explores in this entertaining, instructive and thoroughly engrossing book.

Be warned that some of your pet metaphysical beliefs concerning the occult may be challenged because Wolff covers territory many psychic reporters prefer to steer clear of. There are those who may very well be disturbed to learn how some gurus "physically enslave" their disciples or that positive thinking could actually bring on much negativity. There's also a section on meditation that will be an absolute eye-opener for those practicing the "fourth state of consciousness."

One thing for sure, *Healers, Gurus and Spiritual Guides* will be hard to put down once you start it.
