Healing Homes:

Wounded Children, Healing Homes Jayne Schooler, Betsy Keefer Smalley, Timothy Callahan, 2014-02-27 Why doesn't our child return our love? What are we failing to understand? What are we failing to do? These questions can fill the minds of adoptive parents caring for wounded, traumatized children. Families often enter into this experience with high expectations for their child and for themselves but are broadsided by shattered assumptions. This book addresses the reality of those unmet expectations and offers validation and solutions for the challenges of parenting deeply traumatized and emotionally disturbed children.

The Healing Home and Garden Paula Robinson, 2024-05-09 For ultimate wellbeing and connection to nature, transform your home and garden using your intuition in this first book of its kind.

Healing Houses Sheldon Norberg, 2015-03-16 In some spaces we feel immediately comfortable while in others we feel ill at ease. From feng shui we've learned that energy in houses as well as offices and stores influences us. Negative energy from violence and trauma can linger, which is what we feel in a sick house. We each affect the world and each other with our emotions. When we experience strong emotions such as anger, fear, or pain relating to a death or other trauma, we exude strong negative energy patterns. Some energetic situations can be overpowering, and our homes can hold lasting impressions of the previous inhabitants. People are often affected by the feelings they experience in a new home and frequently adjust their lives to accommodate such undesired imprints. We humans are energetic beings. Our energies, positive and negative, are strongest in our homes where we spend the most time and where very personal events tend to happen, like abuse and death, as examples. When we move on, such negative energies linger and can affect new residents. *HEALING HOUSES* shows how a professional cleanses these energies to transform such sick houses into healthy homes. *HEALING HOUSES* tells how negative energies overpowering feelings and physical effects remaining in a house from violent and tragic deaths, murders, and suicides. More importantly, *HEALING HOUSES* shows how the negative energy can be resolved and dispelled so that the house feels like new and tuned to current residents rather than to the predecessor's traumas. The house itself changes as vibrational patterns that have been left by years of negative emotion, violence, or death are cleansed. *HEALING HOUSES* includes a fascinating case history, long term, where recurring attacks by birds and rats stopped after house cleansing. *HEALING HOUSES* provides a sophisticated metaphysical perspective and traces its development through case studies of dozens of the houses that Sheldon Norberg has healed or cleansed. *HEALING HOUSES* is a true healing odyssey.

Spirit-empowered Christianity in the Twenty-first Century Vinson Synan,2011 What does a re vision of the Charismatic Pentecostal Spirit empowered movement look like in the coming years of this millennium The first century of this revival seems to attest that the Lord raised up the holiness and Pentecostal movements not only to be custodians of these distinctive truths but the perpetuators of them as well If any generation ceases to accentuate this emphasis the movement likely will forfeit the right to be recognized as such When the Pentecostal message is preached published and proclaimed through triumphant song an atmosphere is sustained for people to experience anew and again the reality of salvation holiness charismata wholeness and hope Such a revival will be biblically based rationally sound traditionally accurate and experientially real Spirit Empowered Christianity in the 21st Century is an authoritative compilation of the presentations from thirty leaders in the Charismatic Pentecostal movement given at the Empowered 21 Conference in Tulsa OK in April 2010 These chapters share emerging insights on how the next generation will handle the profound issues facing Christians within the Charismatic Pentecostal movement in the 21st century For example one portion covers the topic of the 21st century renewal while another discusses how we can protect our Charismatic distinctive Another portion will highlight Charismatic adaptations for reaching this present age discussing issues of social and economic justice prosperity and suffering challenges to urban ministry the future of the next generation Oneness Pentecostalism and missiological aims in North America *The Heart of the Gospel* Bernie Van De Walle,2009-01-01 The Fourfold Gospel most often associated with Albert B Simpson founder of The Christian and Missionary Alliance which focuses on the doctrines of Christ as Savior Sanctifier Healer and Coming King has been identified as a key contributing factor to the birth and development of the modern Pentecostal movement Through a close observation of the doctrinal themes of select and renowned Evangelical leaders in America A J Gordon of Boston D L Moody of Chicago A T Pierson of Philadelphia Detroit and A B Simpson of New York this work shows that the Fourfold Gospel and therefore the theological source for modern Pentecostalism rather than being a marginal movement within late nineteenth century Evangelicalism was instead its very heart **A Light to the Nations** Stanley M. Burgess,Paul W. Lewis,2017-03-02 The essays in this volume which are written by friends colleagues and former students are dedicated to Gary B McGee as a memorial to his life work and service As a professor with a clear calling to teach he modeled this passion at the Open Bible College Des Moines Iowa Central Bible College Springfield Missouri and

the Assemblies of God Theological Seminary Springfield Missouri He exuded the understanding that quality teaching superior scholarship a genuine Pentecostal spirituality and an irenic spirit can and should go together Within the title of this volume A Light to the Nations two aspects become clear First each person is called to be a light to the nations as Gary McGee modeled Second and foundational to the first is the reality that Jesus Christ is the ultimate light and our energies study discussions and life in general should rely on this fact As a reflection of Gary McGee s life and ministry these two aspects are focused through three lenses which are the three sections of this volume Ecumenism Missions and Pentecostalism The essays represent a diversity of subjects and denote various explorations by colleagues and friends of Gary B McGee

The Spirit Renews the Face of the Earth Amos Yong,2009-04-01 The twelve chapters here represent both Pentecostal reflections responses to the science religion discussion and Pentecostal contributions to the ongoing exchange by biblical studies specialists historians and theologians among those trained in other disciplines Together the essayists model an actual dialogue in which Pentecostal scholarly reflection is impacted by science religion discourses on the one hand while Pentecostals reach deep into their own tradition to explore how their pre understandings and commitments might enable them to speak with their own voice into pre existing conversations on the other hand From publisher s description

Jr.,2016-02-16 The Church of God Reformation Movement founded in 1881 has the distinction of having been founded on the two core principles of holiness and visible unity Standard histories of the group proudly argue that the founder and pioneers exhibited a zeal for interracial unity that began to wane only in the early years of the twentieth century This book rejects that claim and argues instead that little to no extant hard evidence supports that view Moreover Making Good the Claim argues that while blacks eagerly joined the group they did so not because whites expended much energy evangelizing among them but because they heard something deeper in the message of holiness and visible unity than God's expectation that members achieve spiritual and church unity Unlike most whites blacks interpreted the message to call for unity along racial lines as well This book challenges members of the Church of God to begin forthwith to make good their historic claim about holiness and visible unity particularly as it applies to interracial unity
