Various

Health And Healing In Rural Greece:

Health and Healing in Rural Greece Richard Blum,Eva Blum,1965 **Health and healing in rural Greece** Richard H. Blum,Eva Blum,1965 **Gender, Health And Illness** Dona L. Davis,Setha M. Low,2014-05-22 This offers a varied perspective on the popular health illness category of nerves Relationships between gender and nerves are investigated in terms of biology and epidemiology interpersonal and social relations social construction of gender affective and symbolic qualities of nerves **Greek Peasants, Ancient and Modern** Peter Walcot,1970 Comparative study of sociology behaviour and moral values in respect of the ancient Greek peasant and the rural worker in modern Greece References ,

Apachean Culture History and Ethnology Keith H. Basso,Morris Edward Opler,1971-08 This volume grew out of a symposium held at the Annual Meeting of the American Anthropological Association in November 1969 at New Orleans Louisiana The Apachean Symposium was designed to provide an opportunity for scholars engaged in research on southern Athapaskan cultures to report upon their findings and wherever possible to link them to known fact and existing theory The diverse work presented here will add significantly to the knowledge about Apachean cultures and each of contributions also pertains directly to wider spheres of anthropological concern *Childbirth and Authoritative Knowledge* Robbie E. Davis-Floyd,Carolyn Fishel Sargent,2023-04-28 This benchmark collection of cross cultural essays on reproduction and childbirth extends and enriches the work of Brigitte Jordan who helped generate and define the field of the anthropology of birth The authors focus on authoritative knowledge the knowledge that counts on the basis of which decisions are made and actions taken highlights the vast differences between birthing systems that give authority of knowing to women and their communities and those that invest it in experts and machines *Childbirth and Authoritative Knowledge* offers first hand ethnographic research conducted by anthropologists in sixteen different societies and cultures and includes the interdisciplinary perspectives of a social psychologist a sociologist an epidemiologist a staff member of the World Health Organization and a community midwife Exciting directions for further research as well as pressing needs for policy guidance emerge from these illuminating explorations of authoritative knowledge about birth This book is certain to follow Jordan s *Birth in Four Cultures* as the definitive volume in a rapidly expanding field This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1999 This benchmark collection of cross cultural essays on reproduction and childbirth extends and enriches the work of Brigitte Jordan who helped generate and define the field of the anthropology of birth The authors focus on authoritative knowledge the kn Dreaming in Byzantium and Beyond George T. Calofonos,2016-05-13 Although the actual dreaming experience of the Byzantines lies beyond our reach the remarkable number of dream narratives in the surviving sources of the period

attests to the cardinal function of dreams as vehicles of meaning and thus affords modern scholars access to the wider cultural fabric of symbolic representations of the Byzantine world Whether recounting real or invented dreams the narratives serve various purposes such as political and religious agendas personal aspirations or simply an author's display of literary skill It is only in recent years that Byzantine dreaming has attracted scholarly attention and important publications have suggested the way in which Byzantines reshaped ancient interpretative models and applied new perceptions to the functions of dreams This book the first collection of studies on Byzantine dreams to be published aims to demonstrate further the importance of closely examining dreams in Byzantium in their wider historical and cultural as well as narrative context Linked by this common thread the essays offer insights into the function of dreams in hagiography historiography rhetoric epistolography and romance They explore gender and erotic aspects of dreams they examine cross cultural facets of dreaming provide new readings and contextualize specific cases they also look at the Greco Roman background and Islamic influences of Byzantine dreams and their Christianization The volume provides a broad variety of perspectives including those of psychoanalysis and anthropology

The Critical Role of Parenting in Human Development Marianna S. Klebanov, Adam D. Travis, 2014-07-17 This thorough and multidisciplinary overview of childrearing illustrates and stands on two foundational principles that the importance of parenting is immense and that it is undervalued The Critical Role of Parenting in Human Development surprises readers with the realization that the way we were parented in childhood impacts nearly every aspect of our lives Based in part on cutting edge research using MRI and fMRI technologies demonstrating that the brains of those traumatized in childhood are essentially different the book explains that our brain development during our earliest years and in the womb is fundamental to the lives we lead It covers attachment theory the impact of corporal punishment on the brain the effects of emotional abuse and neglect and the widespread nature of Posttraumatic Stress Disorder describing the process that leads to the transmission of parenting patterns through the generations and explaining how resulting personal issues recur throughout the lifespan The Critical Role of Parenting in Human Development also examines laws and policies that impact parenting in our culture making a case for their importance and describes the effect of childrearing on various aspects of human life including relationships crime and violence economics mental and physical health addiction education and career issues among others Interdisciplinary in nature this book is a much needed resource for professionals and students in the psychology psychotherapy social work and related mental health and child welfare fields

Cross Cultural Approaches to Learning Charles Christopher Harrington, 1973

Encyclopedia of Medical Anthropology Carol R. Ember, Melvin Ember, 2003-12-31 Medical practitioners and the ordinary citizen are becoming more aware that we need to understand cultural variation in medical belief and practice The more we know how health and disease are managed in different cultures the more we can recognize what is culture bound in our own medical belief and practice The Encyclopedia of Medical Anthropology is unique because it is the first reference work to describe the cultural practices

relevant to health in the world's cultures and to provide an overview of important topics in medical anthropology. No other single reference work comes close to matching the depth and breadth of information on the varying cultural background of health and illness around the world. More than 100 experts, anthropologists and other social scientists have contributed their firsthand experience of medical cultures from around the world.

The Ecology of the Ancient Greek World Robert Sallares, 1991. A pioneering study in historical population biology, this book offers the first comprehensive ecological history of the ancient Greek world. It proposes a new model for treating the relationship between the population and the land, centering on the distribution and abundance of living organisms.

Understanding the Greek Revolution (1821-1832)

, 2024-07-01. A part of the insurrectionary wave of the 1820s, the Greek Revolution remains a neglected episode in the revolutionary history of the period. The contributions included in this volume present the most recent research concerning the social, political, and cultural history of this major event. Bringing together specialists in social, intellectual, and cultural history, the volume adopts a broader temporal and spatial perspective than most existing analyses. Juxtaposing the views from without and within the Ottoman Empire, the authors reconsider the dialectics of social transformation and revolution and overcome simplistic dichotomies between structural continuities and conjectural ruptures, international context and internal conflicts, social and political aspects and central state and local power holders, putting the Greek Revolution squarely back on the agenda of Marxist and revolutionary historiography. Contributors are Zacharias Antonakis, Dimitris Bacharas, Athanasios Barlagiannis, Simos Bozikis, Aliko Fakoura, Kostas Ilicak, Elias Kolovos, Phokion Kotzageorgis, Dimitris Kousouris, Dimitris Papastamatiou, Nikos Rotzokos, Mohammed Shariat, Panahi Panagiotis, Stathis Panagiotis, Sotiris Dionysis, Tzakis and Eleftheria Zei.

Greek Whisky Tryfon Bampilis, 2013-04-01. In many contexts of Greek social life, Scotch whisky has coincidentally become a symbol of Greekness, national identity, modernity, and the middle class. This ethnographic study follows the social life of Scotch in Greece through three distinct trajectories in time and space in order to investigate how the meanings of the beverage are projected, negotiated, and acquired by various different networks. By examining the mediascapes of the Greek cultural industry, the Athenian nightlife and entertainment, and the North Aegean drinking habits, the study illustrates how Scotch became associated with modernity, popular music, and culture, a lavish style, and an antidomestic masculine mentality.

Greeks of Vancouver George James Patterson, 1976-01-01. An examination of the unparalleled retention of cultural traditions by Greek immigrants in the Kitsilano region of Vancouver, British Columbia. Published in English.

Indigenous Medicine Among the Bedouin in the Middle East Aref Abu-Rabia, 2015-10-01. Modern medicine has penetrated Bedouin tribes in the course of rapid urbanization and education, but when serious illnesses strike, particularly in the case of incurable diseases, even educated people turn to traditional medicine for a remedy. Over the course of 30 years, the author gathered data on traditional Bedouin medicine among pastoral, nomadic, semi-nomadic, and settled tribes. Based on interviews with healers, clients, and other active participants in treatments, this book will contribute to renewed thinking about a synthesis

between traditional and modern medicine to their reciprocal enrichment **Jesus and Marginal Women** Stuart L Love, 2015-02-25 This insightful study explores the significance of the interactions between Jesus and marginal women recounted in the Gospel of Matthew Employing social scientific models and carefully using comparative data Love examines the various aspects of this marginality identifying the attempts of Matthew's Gospel to promote Jesus's vision of a new surrogate family of God that challenges the traditional structures of the household National Library of Medicine Catalog National Library of Medicine (U.S.), 1966 **Development** Stuart Corbridge, 2000 Brings together more than one hundred articles dealing with the discipline of development in all its diversity Key topics include the transformation of peasant economies agriculture business rural urban relations markets industrialization workers trade aid and structural adjustment A unique set in its comprehensiveness and diversity it also considers four key challenges for development theory and practice relating to capabilities ethics sustainability and regulation **Routledge Library Editions: Sociology of Religion** Various, 2021-07-14 This set collects together in 19 volumes a wealth of texts on Sociology of Religion An invaluable reference resource it contains classic books on a wide range of topics including religion and violence religion and family life religion and society culture and class
