## **Health And The Millennium Development Goals:**

**Health and the Millennium Development Goals** World Health Organization, 2005 The report Health and the Millennium Development Goals presents data on progress on the health goals and targets and looks beyond the numbers to analyze why improvements in health have been slow and to suggest what must be done to change this The report points to weak and inequitable health systems as a key obstacle including particularly a crisis in health personnel and the urgent need for sustainable health financing Building up and strengthening health systems is vital if more progress is to be made towards the Millennium Development Goals MDGs the World Health Organization WHO said in a new report Unless urgent investments are made in health systems current rates of progress will not be sufficient to meet most of the Goals Key Recommendations of Health in the Millennium Development Goals To strengthen health systems and ensure they are equitable to ensure that health is prioritized within overall development and economic policies to develop health strategies that respond to the diverse and evolving needs of countries to mobilize needed resources for health in poor countries and to improve the quality of health data

**The Millennium Development Goals for Health** Adam Wagstaff, 2004-01-01 Annotation Provides information on progress and trends including poor/nonpoor disparities health systems reform as a means of laying building blocks for the efficient and equitable delivery of effective interventions the financing of health spending through domestic resources and aid and improving the effectiveness of development assistance in health Linking the health Millennium Development Goals agenda with the broader poverty reduction agenda this book is a valuable resource for policymakers in developing countries and development practitioners working in the health nutrition and population sector as well as students and scholars of public health

**The Millennium Development Goals for Health** Adam Wagstaff, 2004  
*Health and the Millennium Development Goals*, 2005 *The Millennium Development Goals and Human Rights* Malcolm Langford, Andy Sumner, Alicia Ely Yamin, 2013-09-16 The Millennium Development Goals MDGs have generated tremendous discussion in global policy and academic circles On the one hand they have been hailed as the most important initiative ever in international development On the other hand they have been described as a great betrayal of human rights and universal values that has contributed to a depoliticization of development With contributions from scholars from the fields of economics law politics medicine and architecture this volume sets out to disentangle this debate in both theory and practice It critically examines the trajectory of the MDGs the role of human rights in theory and practice and what criteria might guide the framing of the post 2015 development agenda The book is essential reading for anyone interested in global agreements on poverty and development

**Millennium Development Goals and Community Initiatives in the Asia Pacific** Amita Singh, Eduardo T. Gonzalez, Stanley Bruce Thomson, 2012-12-18 The book brings together implementation studies from the Asia Pacific countries in the context of the deadline of 2015 for achieving the Millennium Development Goals The contributors to this volume are scholars belonging to the Network of Asia Pacific Schools and Institutes of Public Administration and Governance NAPSIPAG NAPSIPAG is the only non West governance research network presently located at Jawaharlal Nehru University New Delhi after having shifted from its original location at INTAN Government of Malaysia at Kuala Lumpur in 2009 Implementation is a less understood but a much debated area of governance research It requires micro level analysis of government agencies service delivery departments and stakeholders on one hand and its national and global policy level connections on the other Implementation studies are above disciplinary divides and subsequent disjunctions which inhibit explorations on policy downslides or failures The studies relate to the new initiatives which governments across the region have undertaken to reach out to the MDG targets agreed upon in 2000 The focus of analysis is the policy framework local capacities of both the government agencies and people in drawing partnerships with relevant expert groups ability to bring transparency and accountability measures in transactions for cost effective results leadership and sustainability dimensions which influence the functioning of local agencies The book is especially important in the background of 15 voluminous Administrative Reforms Commission Reports accumulating dust in India and similar efforts lying unattended in many other

countries of this region as well Countries like Malaysia which has focused upon implementation strategies combined with timely evaluation and supervision of administrative agencies has almost achieved most of their committed MDGs A special report of Malaysian efforts initiates the debate of moving beyond the best practice research in implementation arena The central idea of this book is to demonstrate the role of communities in making governance effective and government responsive to the needs of people
