

Health Care Law

J. Stuart Showalter

Health Care Law:

Legal Aspects of Health Care Administration George D. Pozgar, Nina M. Santucci, 2016 The most trusted resource in healthcare law is this classic text from George Pozgar now completely revised With new case studies in each chapter The 12th edition continues to serve as an ideal introduction to the legal and ethical issues in the healthcare workplace The 12th edition presents a wide range of health care topics in a comprehensible and engaging manner that will carefully guide your students through the complex maze of the legal system This is a book they will hold on to throughout their careers In addition to new cases news clippings the 12th edition introduces new real life experiences in the form of Reality Checks Course instruction is made easy with helpful instructor resources such as PowerPoint TM slides Instructor s Manual TestBank and more

Problems in Health Care Law John E. Steiner, 2014 Rev ed of Problems in health care law Robert D Miller 9th ed c2006

Health Care Law Scott Becker, 1998

Health Care Law Jonathan Montgomery, 2005 Health Care Law provides a readable and accessible outline of the law governing health care It highlights and examines the many areas of dispute over the interpretation of the law in this area

Health Care and the Law Rebecca Keenan, 2010-01-01 Health Care and the Law 4th Edition is recognised as one of the leading texts setting out the basic principles of health care law in New Zealand This book is an easy to understand practical and uncomplicated account of health care law making it an essential text for health practitioners lawyers and students Since 2004 when the 3rd edition of this book was published there have been a number of legislative changes in the area of health law This edition keeps you current with these changes with updates made to all chapters The inclusion of relevant case law also provides readers a greater understanding of the practicalities of the law how it has been applied and how it may relate to them

Problems in Health Care Law Robert Miller, 2006 This classic text has been extensively updated and restructured to use the problems approach which analyzes underlying conflicting public policies and the legal solutions for those problems It continues to be the helpful one volume overview of healthcare law that it and its predecessor Problems in Hospital Law have been since 1968 Topics covered include organizational physical and staffing resources relationships with patients including both medical decision making issues and the handling of medical information financing of health care services and liability issues

Essentials of Health Policy and Law Joel B. Teitelbaum, Sara E. Wilensky, 2016-02-21 Essentials of Health Policy and Law helps readers understand the broad context of health policy and law the essential policy and legal issues impacting and flowing out of the health care and public health systems and the way health policies and laws are formulated Important Notice The digital edition of this book is missing some of the images or content found in the physical edition

Managing Legal Compliance in the Health Care Industry George B. Moseley III, 2013-09-20 The pressures are mounting for healthcare organizations to comply with a growing number of laws and regulations With the passage of the Affordable Care Act sophisticated compliance programs are now mandatory and the penalties for noncompliance are more severe Increasingly those who are trained in the fundamentals

of healthcare laws and regulations and the complexities of designing and running compliance programs will be in high demand Managing Legal Compliance in the Health Care Industry is a comprehensive resource that will prepare you to build and manage successful compliance programs for any healthcare service or industry In three sections this unique title first examines all the key laws and regulations with which healthcare organizations must comply In section two the author explores in detail the seven essential ingredients for a good compliance program In the final section the book explains how the compliance program must be adapted to the special needs of different types of healthcare organizations Managing Legal Compliance in the Health Care Industry is filled with highly practical information about the ways that legal violations occur and how good compliance programs function Examines in detail the current laws and regulations with which all types of healthcare organizations must comply Explores the seven essential ingredients for a good compliance program Looks at compliance programs within twelve different types of healthcare organizations References real world cases of fraud and abuse Includes Study Questions and Learning Experiences in each chapter that are designed to encourage critical thinking Healthcare compliance or Managing Healthcare Compliance Designed for administrators and legal counsel in health care organizations as well graduate level students in programs of public health health administration and law c 2015 582 pages

The Law of Healthcare Administration J. Stuart Showalter, 2020 The Law of Healthcare Administration teaches readers to think through these and other questions of law Wide ranging and skillfully written author Stuart Showalter surveys the pressing issues uncovered during of two centuries of US policy court decisions and regulation Unlike other textbooks on healthcare law this book emphasizes a practical understanding of legal concepts of interest to students and educators in health administration public health nursing allied health and related programs It does so in plain accessible language featuring real life judicial decisions *Problems in Health Care Law* Robert Desle Miller, Rebecca C. Hutton, 2004

Contemporary Issues in Healthcare Law and Ethics Dean M. Harris, 2008 [Health Care Law and Ethics](#) Mark A. Hall, David Orentlicher, Mary Anne Bobinski, Nicholas Bagley, I. Glenn Cohen, 2018-02-26 Buy a new version of this textbook and receive access to the Connected eBook on CasebookConnect including lifetime access to the online ebook with highlight annotation and search capabilities plus an outline tool and other helpful resources Connected eBooks provide what you need most to be successful in your law school classes Learn more about Connected eBooks Health Care Law and Ethics Ninth Edition offers a relationship oriented approach to health law covering the essentials as well as topical and controversial subjects The book provides thoughtful and teachable coverage of every aspect of health care law Current and classic cases build logically from the fundamentals of the patient provider relationship to the role of government and institutions in health care The book is adaptable to both survey courses and courses covering portions of the field Key Features New authors Nick Bagley and Glenn Cohen Incorporated anticipated changes to the Affordable Care Act More current cases and more streamlined notes including ones on medical malpractice bioethics and on finance and regulation More coverage of

conscientious objection and big data Discussion of new value based methods of physician payment Expanded coverage of fraud and abuse Current issues in public health e g Ebola Zika and controversies in reproductive choice e g Hobby Lobby Coverage of cutting edge genetic technologies e g gene editing and mitochondrial replacement **Health Care Law Sourcebook** ,1989 **Landmark** Staff of the Washington Post,2010-04-27 Presents an introduction to the federal health care law passed in March 2010 explaining the provisions of the legislation and discussing its implications for consumers employers insurers and the medical establishment [The Law of Healthcare Administration](#) J. Stuart Showalter,2020 The Law of Healthcare Administration teaches readers to think through these and other questions of law Wide ranging and skillfully written author Stuart Showalter surveys the pressing issues uncovered during of two centuries of US policy court decisions and regulation Unlike other textbooks on healthcare law this book emphasizes a practical understanding of legal concepts of interest to students and educators in health administration public health nursing allied health and related programs It does so in plain accessible language featuring real life judicial decisions **The Oxford Handbook of U.S. Health Law** I. Glenn Cohen,Allison Hoffman,William M. Sage,2016-11-18 The Oxford Handbook of U S Health Law covers the breadth and depth of health law with contributions from the most eminent scholars in the field The Handbook paints with broad thematic strokes the major features of American healthcare law and policy its recent reforms including the Affordable Care Act its relationship to medical ethics and constitutional principles and how it compares to the experience of other countries It explores the legal framework for the patient experience from access through treatment to recourse if treatment fails and examines emerging issues involving healthcare information the changing nature of healthcare regulation immigration globalization aging and the social determinants of health This Handbook provides valuable content accessible to readers new to the subject as well as to those who write teach practice or make policy in health law **Health Care Law** Jean Vanessa McHale,Marie Fox,John Murphy,1997-01-01 This book has been designed as a core text suitable for a wide range of modular health care and medical care courses It provides an accessible collection of materials and accompanying text which reflect the complexity of health care issues and recent legal professional and technological changes in health care practice these include the changing structure of the NHS the expansion of the role undertaken by nurses and the growth of alternative medicine The text aims to provide completely up to date coverage of a fast moving area of law **Justice and Profit in Health Care Law** Sabrina Germain,2019-03-21 The issue of justice in the field of health care is becoming more central with concerns over access cost and provision Obamacare in the United States and the Health and Social Care Act 2012 in the United Kingdom are key examples illustrating the increasing pressure put on governments to find just and equitable solutions to the problem of health care provision Justice and Profit in Health Care Law explores the influence of justice principles on the elaboration of laws reforming health care systems By examining the role played by key for profit stakeholders doctors employers and insurers it tracks the evolution of distributive norms for the allocation of health care

resources in western welfare states Essentially this book sheds light on the place given to justice in the health care law making process in order to understand the place we wish to give these principles in future health care reforms Health Care Law-making in Central and Eastern Europe André den Exter,2002 This book examines the relevance of a theoretical model of health care lawmaking in several Central Eastern European countries Confronted with the legacy of the ancient regime the countries selected shifted away from a socialist model towards a more market oriented health care system From a legal perspective this change of system imposed on government the need for drastic reforms starting with the introduction of a compulsory health insurance scheme based on the notion of solidarity Future accession to the EU requiring the incorporation of the *acquis communautaire* has increased the complexity of legal reforms since Strengthening the reform process the author developed a method of law making based on legaltheoretical understanding Case study research in three selected countries justifies the conclusion that the analytical model rationalises the law making activity including the EU law approximation process What is more it became apparent that the importance of this theoretical model is not restricted only to the selected countries but may also be a valuable instrument for other countries in transition in the region Health care law making in Central and Eastern Europe Review of a legal theoretical model provides a unique resource for scholars and policy makers interested in legal reforms in Central Eastern European health care systems **Health Care Law's Impact on the Medicare Program and Its Beneficiaries** United States. Congress. House. Committee on Ways and Means,2011
