Central American Recovery and Development William L. Ascher, Ann Hubbard, 1989-05-22 The International Commission for Central American Recovery and Development was created in 1987 to analyze development in the region and to make recommendations to the region's governments and to the international community The essays in this volume were written by experts in Central American development economics politics and administration who were asked by the commission to synthesize existing knowledge on Central America's prospects for aid trade and institutional reform and to propose creative approaches to the problems facing the region The Center for International Development Research at Duke University was chosen to perform the editorial and support tasks for the commission **National Library of Medicine Current Catalog** National Library of Medicine (U.S.), **A New International Health Order** Charles O. Pannenberg, 1979 Current Catalog National Library of Medicine (U.S.), 1979 First multi year cumulation covers six years 1965-70 *Endangered Peoples of Latin America* Susan C. Stonich, 2001-02-28 Latin America comprises varied biophysical environments and diverse populations living in widely disparate economic circumstances *Endangered Peoples of Latin America Struggles to Survive and Thrive* includes peoples hit hardest by the current globalization trend Each chapter profiles a specific people or peoples with a cultural overview of their history subsistence strategies social and political organization and religion and world view threats to their survival and responses to these threats A section entitled Food for Thought provides questions that encourage a personal engagement with the experiences of these peoples and a resource guide suggests further reading and lists films and videos and pertinent organizations and web sites As the curriculum expands to include more multicultural and indigenous peoples this unique volume will be valuable to both students and teachers **Smoking and Health in the Americas**, 1992 Nutrition and Food Science: Present Knowledge and Utilization W. J. Santos, 2013-06-29 The XI INTERNATIONAL CONGRESS OF NUTRITION XI ICN promoted by the INTERNATIONAL UNION OF NUTRITIONAL SCIENCES IUNS and organized by the BRAZILIAN NUTRITION SOCIETY BNS was held in the Convention Center of the Hotel Nacional in the city of Rio de Janeiro Brazil from August 27th to September 1st 1978 Taking place for the first time in the southern hemisphere the XI ICN received the collaboration and participation of various international agencies including the World Health Organization WHO the Pan American Health Organization PAHO the United Nations Children's Fund UNICEF the Food and Agriculture Organization FAO the International Fund for Agricultural Development IFAD the United Nations Educational Scientific and Cultural Organization UNESCO the World Food Program WFP and the World Food Council WFC The meeting had a multi disciplinary character with the participation of professionals and students from the different sectors related to the field of food and nutrition and aroused considerable interest which was demonstrated by the presence of 5 026 participants from 92 countries and the presentation of more than 1 200 scientific papers *Tuberculosis in the World* Anthony M. Lowell, 1976 **Guyana's Great Economic Downswing, 1977-1990** Ramesh Gampat, 2020-10-19

Much of Guyana's 20th century history was defined by the PNC dictatorship and the political and economic wreckage it left behind. In Guyana's Great Economic Downswing 1977 to 1990 Dr Ramesh Gampat presents a comprehensive study of these specific years when the national economy contracted by 2.7 percent annually. He explores the multiple facets of the country's political tribalism which does not value freedom, liberty and the flourishing of all people; it values only freedom, liberty and flourishing of tribes. The study reinforces the widely held belief that until and unless these adversarial groups subsume their respective selfish interests and commit to the common cause of national peace and development, the great downswing might not rest as a historical event but could well re-emerge with further economic devastation if the lessons go unheeded. Dr Gampat makes a strong case for federalism as a solution to Guyana's ethnic politics. Federalism, he posits, would ensure that all Guyanese have equal access to opportunities and resources since a system of provincial governance would be better placed to address discriminatory policies and practices at a localised level. With the country sitting on the cusp of transformative development to be propelled by new found oil wealth, there is an urgency to settle the divisive politics if every Guyanese is to benefit fairly and equitably from the economic boom. Guyana's Great Economic Downswing 1977 to 1990 offers up a studied and comprehensive analysis that should be part of that bipartisan discourse going forward. Ryhaan Shah, Novelist, Social Activist. A few piecemeal academic articles analyzing Guyana's economic evolution over the period 1977 to 1990 were written but they are scattered and lost away in various journals. What was missing is a comprehensive and rigorous exploration of the era of Cooperative Socialism. Dr Ramesh Gampat's book fills this gap. It is a superb synthesis of historical, theoretical and econometric exploration of the Great Downswing. The book not only provides estimates of important macroeconomic concepts such as Guyana's total factor productivity and long term growth but also produces the useful statistics and reviews of poverty, inequality, life expectancy, education outcomes as well as a detailed analysis of the rice sector. As if these are not enough, Gampat sets the tone by situating the exploration in the country's long standing and debilitating ethno-political dynamics. This self-contained book will be of tremendous use to policy makers, journalists and students interested in the historical context of present day outcomes. I highly recommend this book to public libraries and home reference libraries. Tarron Khemraj, William and Marie Selby Professor of Economics and International Studies, New College of Florida.

Sweeping in scope *Health Issues in the Latino Community* identifies and offers an in depth examination of the most critical health issues that affect Latino s health and health care within the United States This resource offers a comprehensive approach that informs and promotes the advancement of the practice program planning research and public policy to improve health care of all Latino citizens *An American Health Dilemma* W. Michael Byrd,Linda A. Clayton,2001-12-21 First published in 2002 *An American Health Dilemma* is the story of medicine in the United States from the perspective of people who were consistently officially mistreated abused or neglected by the Western medical tradition and the US health care system It is also the compelling story of African Americans fighting to participate fully in the health care professions in the face of racism and the increased power of health corporations and HMOs This tour de force of research on the relationship between race medicine and health care in the United States is an extraordinary achievement by two of the leading lights in the field of public health Ten years out it is finally updated with a new third volume taking the story up to the present and beyond remaining the premiere and only reference on black public health and the history of African American medicine on the market today No one who is concerned with American race relations with access to and quality of health care or with justice and equality for humankind can afford to miss this powerful resource **American Journal of Public Health** ,1914 Includes section Books and reports *Aging in the Third World* Kevin G.
