Fascinating Bird in the World A compulsively readable natural and social history An Eternity of Eagles is a profusely  
illustrated celebration of all things eagle by a naturalist who has kept eagles himself and ridden with the eagle tribes of  
Central Asia His vivid description of an eagle if it could imagine itself is of a carnivorous Buddhist Through Bodio s insights  
we get a strange glimpse of these other minds that share the earth with us Annie Proulx author of The Shipping News and  
Brokeback Mountain From one of the foremost author naturalists in the country Stephen J Bodio comes a compulsively  
readable natural and social history of the most beautiful bird in the world the eagle with a lengthy and admiring introduction

by Annie Proulx *The Eagle's Shadow* traces our love hate relationship to these living dinosaurs from Neolithic rock art and Native American religion through the practices of Kazakh falconers who use them to hunt wolves and to contemporary art and popular culture Proulx sums up best the heart of this book Those of us who are interested in bird behavior beyond the feeder or the identification guide book find meager pickings when it comes to information I am fortunate that my house faces a cliff with a river at the base where I can watch raptors water fowl and a hundred other species The nests of a pair of bald eagles and another upriver inhabited by golden eagles are in sight from the breakfast table I have plenty of books on birds but the information on why the big eagles do what they do is hard to dig out Eagle behavior is usually lumped together with the general behavior of the Accipitrids but a single book focused on the rich lore and sweep of eagledom did not seem to exist Bodio's beautifully written and authoritative book *Eagles* is a primary source of information as well as an omnium gatherum from literature film and mythology concerning these large striking birds Stephen Bodio was born and educated in Boston and has lived in a rural New Mexico village for over thirty years He has traveled extensively in Europe Africa and Asia and has written five books
