Heinz-D. Fischer

Hayes Of The Twenty Third The Civil War Volunteer Officer:

Hayes of the Twenty-Third T. Harry Williams,1994-04-01 Rutherford B Hayes became president of the United States after the disputed election of 1876 But for Hayes the golden years were not the four he spent in the White House but the four he served as a unit commander in the Civil War It was as though he had encountered in the war a largeness of the human spirit courage generosity sacrifice that disappeared in the peace No matter how high he went he would always be Colonel Hayes of the Twenty third Ohio Volunteer Regiment from 1861 to 1865 This is the exciting story of his part in the western Virginia campaign chasing the Confederate John Morgan up and down the Ohio and fighting under Phil Sheridan in the Shenandoah Valley The Pennsylvania Reserves in the Civil War Uzal W. Ent,2014-01-23 Until its soldiers mustered out of service in

mid 1864 the Pennsylvania Reserve Division was one of only a few one state divisions in the Union army Known as the Pennsylvania Reserves or simply the Reserves the division saw action in most of the major battles of the Civil War including Mechanicsville New Market Crossroads Second Bull Run Fredericksburg Gettysburg the Wilderness and Spotsylvania Court House This history chronicles the division s service from its organization in May 1861 through June 1864 when most of its soldiers reached the end of their service commitment The book includes short biographical sketches most with photographs of the Reserves leadership Throughout excerpts from letters journals diaries and books from more than 150 members of the Reserves provide a personal perspective on the action and reveal the human side of battle **Reflections of a Civil War**

Historian Herman Hattaway,2004 **Alexander Watkins Terrell** Lewis L. Gould,2010-01-01 Alexander Terrell s career placed him at the center of some of the most pivotal events in nineteenth and early twentieth century history ranging from the Civil War to Emperor Maximilian s reign over Mexico and an Armenian genocide under the Ottoman Empire Alexander Watkins Terrell at last provides the first complete biographical portrait of this complex figure Born in Virginia in 1827 Terrell moved to Texas in 1852 rising to the rank of Confederate brigadier general when the Civil War erupted Afterwards he briefly served in Maximilian s army before returning to Texas where he was elected to four terms in the state Senate and three terms in the House President Grover Cleveland appointed him minister to the Ottoman Empire dispatching him to Turkey and the Middle East for four years while the issues surrounding the existence of Christians in a Muslim empire stoked violent confrontations there His other accomplishments included writing legislation that created the Texas Railroad Commission and what became the Permanent University Fund the cornerstone of the University of Texas s multibillion dollar endowment In this balanced exploration of Terrell s life Gould also examines Terrell s views on race the impact of the charges of cowardice in the Civil War that dogged him and his spiritual searching beyond the established religions of his time In his rich and varied life Alexander Watkins Terrell experienced aspects of nineteenth century Texas and American history whose effects have continued down to the present day *West Virginia* Otis Rice,2010-09-12 An essential resource for scholars students and all lovers of the Mountaineer State From bloody skirmishes with Indians on the early frontier to the Logan County mine war the

story of West Virginia is punctuated with episodes as colorful and rugged as the mountains that dominate its landscape In this first modern comprehensive history Otis Rice and Stephen Brown balance these episodes of mountaineer individualism against the complexities of industrial development and the growth of social institutions analyzing the events and personalities that have shaped the state To create this history the authors weave together many strands from the past and present Included among these are geological and geographical features the prehistoric inhabitants exploration and settlement relations with the Indians the land systems and patterns of ownership the Civil War and the formation of the state from the western counties of Virginia the legacy of Reconstruction politics and government industrial development labor problems and advances and cultural aspects such as folkways education religion and national and ethnic influences For this second edition the authors have added a new chapter bringing the original material up to date and carrying the West Virginia story through the presidential election of 1992 Otis K Rice is professor emeritus of history and Stephen W Brown is professor of history at West Virginia Institute of Technology

Joshua Chamberlain John J. Pullen, 1999 Pullen explores renowned military hero Joshua Chamberlain's later life through the lens of his Civil War experiences 24 illustrations Historical Dictionary of the Civil War and Reconstruction William L. Richter, 2004-05-17 The importance of the Civil War and Reconstruction in the history of the United States cannot be overstated There was a very real possibility that the union could have been sundered resulting in a very different American history and probably world history But the union was held together by tough and determined leaders and by the economic muscle of the North While not always a period to be proud of it did have higher goals and compelling ends This one volume dictionary with more than 800 entries covering the significant events persons politics and economic and social themes in the U S Civil War and Reconstruction is a research tool for all levels of readers from high school and up The extensive chronology introductory essay dictionary entries and comprehensive bibliography introduce and lead the reader through the military and non military actions of one of the most pivotal events in American history Substantial coverage is given to the time that followed the Civil War Reconstruction This was a period construed in many different ways by the individuals involved many of whom had little concern for the impact of their acts on others and even fewer who were interested in the plight of the newly enfranchised blacks for whom the war had supposedly been fought While the states were once again united many of the postwar efforts divided different segments of the population and failed to achieve their goals in an era too often remembered for carpetbaggers and scalawags and Congressional imbroglios and incompetent government No matter how one looks at it the Civil War continues to affect the politics constitutionalism and societal norms of the United States in an irrevocable way and it probably always will It was a very personal war not fought by machines but by men affecting countless Americans who have one or more Civil War veterans hidden in their family trees It is a war modern enough to be relevant to today's military interests yet gentlemanly enough to be *The A to Z of the Civil War and Reconstruction* William L. Richter, 2009-07-24 The importance of the Civil War and Reconstruction in the history of the

United States cannot be overstated There was a very real possibility that the union could have been sundered resulting in a very different American history and probably world history But the union was held together by tough and determined leaders and by the economic muscle of the North Following the end of the war the period of American history known as Reconstruction followed This was a period construed in many different ways While the states were once again united many of the postwar efforts divided different segments of the population and failed to achieve their goals in an era too often remembered for carpetbaggers and scalawags and Congressional imbroglios and incompetent government This one volume dictionary with more than 800 entries covering the significant events persons politics and economic and social themes in the U S Civil War and Reconstruction is a research tool for all levels of readers from high school and up The extensive chronology introductory essay dictionary entries and comprehensive bibliography introduce and lead the reader through the military and non military actions of one of the most pivotal events in American history

The American Presidents Melvin I. Urofsky, 2004-11-23 What makes a president great Here is the ideal source for students scholars and the general public The American Presidents is a collection of articles that analyze and evaluate the presidential careers of the men who have occupied the office since its inception in 1789 In this volume the leading presidential historians in the United States offer insights into what makes a president great mediocre or in the case of most of them something in between The contributors to The American Presidents were not asked to write straightforward biographies of the presidents other sources are available for that Rather they were asked to evaluate their subjects No strict patterns were imposed by the editor each author approached his or her subject in the way that best illustrated the strengths and weaknesses of the president under consideration Forty one have held the office of president and all in one way or another were exceptional men Some like Andrew Jackson and Harry Truman are usually thought of as representing the common folk but nothing was common about either of them Each proved to be an extraordinary and singular politician able to rally and represent the country through the challenges of their times Some presidents had achieved brilliance in other fields Ulysses Grant in the military and Herbert Hoover as an engineer and humanitarian for example but had presidencies that are considered unsuccessful What accounts for this seeming paradox in which insight sensitivity and competence suddenly become nontransferable when the man reaches the White House This book offers the reader multiple perspectives on this and other issues Examination of the ways in which challenges affect presidential greatness Theodore Roosevelt a successful president by any standard was acutely aware that the prosperity and peace the country enjoyed during his two terms in office would ironically prevent him from reaching the upper tier of greatness enjoyed by Washington and Lincoln After he left office he yearned to return in hope of finding the challenge that would seal his greatness Earlier in the late nineteenth century the electorate placed competent men such as Rutherford B Hayes Grover Cleveland and Benjamin Harrison in the White House but they are little remembered today None faced earth shaking challenges at home and abroad and their presidencies slipped into obscurity Discussion of

personal characteristics and presidential performance For more than two centuries the presidency has proved a remarkably durable institution Presidential personalities have varied widely from the patrician aloofness of Washington to the moody introspection of Lincoln to the noisy exuberance of Theodore Roosevelt The articles in *The American Presidents* consider the ways in which personality has affected performance Special features 41 signed essays by the leading experts illustrated with portraits of the presidents Selected bibliographies At a glance summaries of each president's achievements Useful charts and tables on cabinet members first ladies and vice presidents from Washington to Clinton Addresses and Web sites for major presidential libraries

Military Power Brian Holden Reid, 2014-02-25 The contributors here consider the multifarious aspects of the Anglo American approach to war All the contributors are concerned to base their work on the overall historical context They explore the relationship between theory and practice in military operations

Shenandoah Summer Scott C. Patchan, 2009-04-01 Jubal A Early's disastrous battles in the Shenandoah Valley ultimately resulted in his ignominious dismissal But Early's lesser known summer campaign of 1864 between his raid on Washington and Phil Sheridan's renowned fall campaign had a significant impact on the political and military landscape of the time By focusing on military tactics and battle history in uncovering the facts and events of these little understood battles Scott C Patchan offers a new perspective on Early's contributions to the Confederate war effort and to Union battle plans and politicking Patchan details the previously unexplored battles at Rutherford's Farm and Kernstown a pinnacle of Confederate operations in the Shenandoah Valley and examines the campaign's influence on President Lincoln's reelection efforts He also provides insights into the personalities careers and roles in Shenandoah of Confederate general John C Breckinridge Union general George Crook and Union colonel James A Mulligan with his fighting Irish brigade from Chicago Finally Patchan reconsiders the ever colorful and controversial Early himself whose importance in the Confederate military pantheon this book at last makes clear

The Shenandoah Valley Campaign of 1864 Gary W. Gallagher, 2006-12-15 Generally regarded as the most important of the Civil War campaigns conducted in the Shenandoah Valley of Virginia that of 1864 lasted more than four months and claimed more than 25 000 casualties The armies of Philip H Sheridan and Jubal A Early contended for immense stakes Beyond the agricultural bounty and the boost in morale a victory would bring events in the Valley also would affect Abraham Lincoln's chances for reelection in the November 1864 presidential canvass The eleven original essays in this volume reexamine common assumptions about the campaign its major figures and its significance Taking advantage of the most recent scholarship and a wide range of primary sources contributors examine strategy and tactics the performances of key commanders on each side the campaign's political repercussions and the experiences of civilians caught in the path of the armies The authors do not always agree with one another yet taken together their essays highlight important connections between the home front and the battlefield as well as ways in which military affairs civilian experiences and politics played off one another during the campaign Contributors William W Bergen Charlottesville Virginia Keith S Bohannon State University of West Georgia Andre

John Brown Gordon Ralph Lowell Eckert, 2015-12-03 John Brown Gordon's career of prominent public service spanned four of America's most turbulent decades. Born in Upson County, Georgia, in 1832, Gordon practiced law in Atlanta and in the years immediately preceding the Civil War developed coal mines in northwest Georgia. In 1861 he responded to the Confederate call to arms by raising a company of volunteers. His subsequent rise from captain to corps commander was unmatched in the Army of Northern Virginia. He emerged from the Civil War as one of the South's most respected generals, and the reputation that Gordon earned while wearing the gray significantly influenced almost every aspect of his life during the next forty years. After the Civil War, Gordon drifted into politics. He was elected to the United States Senate in 1873 and quickly established himself as a spokesman for Georgia and for the South as a whole. He eloquently defended the integrity of southern whites while fighting to restore home rule. In addition to safeguarding and promoting southern interests, Gordon strove to replace sectional antagonisms with a commitment to building a stronger, more unified nation. His efforts throughout his post-war career contributed significantly to the process of national reconciliation. Even in the wake of charges of corruption that surrounded his resignation from the Senate in 1880, Gordon remained an extremely popular man in the South. He engaged in a variety of speculative business ventures, served as governor of Georgia, and returned for another term in the Senate before he retired permanently from public office. He devoted his final years to lecture tours, to serving as commander in chief of the United Confederate Veterans, and to writing his memoirs, *Reminiscences of the Civil War*. Utilizing newspapers, scattered manuscript collections, and official records, Ralph Eckert presents a critical biography of Gordon that analyzes all areas of his career. As one of the few Confederates to command a corps without the benefit of previous military training, Gordon provides a fascinating example of a Civil War citizen soldier. Equally interesting, however, were Gordon's postwar activities and the often conflicting responsibilities that he felt as a southerner and an American. The contributions that Gordon made to Georgia, to the South, and to the United States during this period are arguably as important as any of his career.

Morgan's Great Raid David L Mowery, 2011-08-11 One of the nation's most colorful leaders, Confederate general John Hunt Morgan took his cavalry through enemy-occupied territory in three states in one of the longest offensives of the Civil War. A military operation unlike any other on American soil, Morgan's Raid was characterized by incredible speed, superhuman endurance, and innovative tactics. The effort produced the only battles fought north of the Ohio River and reached farther north than any other regular Confederate force. With twenty-five maps and more than forty illustrations, Morgan's Raid historian David L Mowery takes a new look at this unprecedented event in American history, one historians rank among the world's greatest land-based raids since Elizabethan times.

The Shenandoah Valley

Campaigns, Omnibus E-book Gary W. Gallagher, 2011-12-13 This Omnibus ebook contains the two volume collection of essays edited by Gary Gallagher that covers the Shenandoah Valley Campaigns of 1862 and 1864. 1862 This volume explores the Shenandoah Valley campaign best known for its role in establishing Thomas J. Stonewall Jackson's reputation as the Confederacy's greatest military idol. The authors address questions of military leadership, strategy and tactics, the campaign's political and social impact and the ways in which participants' memories of events differed from what is revealed in the historical sources. In the process they offer valuable insights into one of the Confederacy's most famous generals, those who fought with him and against him, the campaign's larger importance in the context of the war and the complex relationship between history and memory. The contributors are Jonathan M. Berkey, Keith S. Bohannon, Peter S. Carmichael, Gary W. Gallagher, A. Cash Koeniger, R. E. L. Krick, Robert K. Krick and William J. Miller. 1864 Generally regarded as the most important Civil War military operation conducted in the Shenandoah Valley of Virginia, the campaign of 1864 lasted more than four months and claimed more than 25,000 casualties. Beyond the loss of agricultural bounty to the Confederacy and the boost in Union morale, a victory would bring events in the Valley also would affect Abraham Lincoln's chances for reelection in the November 1864 presidential canvass. The eleven original essays in this volume reexamine common assumptions about the campaign, its major figures and its significance. Taking advantage of the most recent scholarship and a wide range of primary sources, contributors consider strategy and tactics, the performances of key commanders on each side, the campaign's political repercussions and the experiences of civilians caught in the path of the armies. The contributors are William W. Bergen, Keith S. Bohannon, Andre M. Fleche, Gary W. Gallagher, Joseph T. Glatthaar, Robert E. L. Krick, Robert K. Krick, William J. Miller, Aaron Sheehan-Dean, William G. Thomas and Joan Waugh. The editor is Gary W. Gallagher. The Vistas of American Military History 1800-1898 Dr. Brian Holden-Reid, Joseph G. Dawson III, 2019-01-02 A team of leading American military historians here investigate the factors that shaped the United States Army in the nineteenth century. Throwing new light on its history, this deeply researched book explores a multiplicity of themes. These include the social structure, command system and relationship with civil power, which are all important in assessing its efficiency and behaviour in war and the way the army is depicted in military literature and cinema, which affects its social portrait. Deliberately exploring neglected themes, this key work includes discussion on the roles of the many volunteer colonels in the Mexican War, 1846-48, Robert Wettemann and the alleged isolation of the US Army in the nineteenth century. John Ford's famous cavalry trilogy of motion pictures. Containing so much food for thought for students of US history and military history, this is an entertaining as well as instructional book.

Ohio and Its People George W. Knepper, 2003 The bicentennial edition of this publication has been revised and updated and includes an additional chapter which examines Ohio through to the end of the 20th century. George W. Knepper presents contemporary information on the national and state political arenas, the economy and the environment. Lincoln and His Generals T. Harry Williams, 2011-07-27 Since it was first published in 1952, *Lincoln and His Generals* has remained one of the

definitive accounts of Lincoln's wartime leadership In it T Harry Williams dramatizes Lincoln's long and frustrating search for an effective leader of the Union Army and traces his transformation from a politician with little military knowledge into a master strategist of the Civil War Explored in depth are Lincoln's often fraught relationships with generals such as McClellan Pope Burnside Hooker Fremont and of course Ulysses S Grant In this superbly written narrative Williams demonstrates how Lincoln's persistent meddling into military affairs was crucial to the Northern war effort and utterly transformed the president's role as commander in chief

Biography / Autobiography Awards 1917-1992 Heinz-D. Fischer, 2011-04-20
The School of Journalism at Columbia University has awarded the Pulitzer Prize since 1917 Nowadays there are prizes in 21 categories from the fields of journalism literature and music The Pulitzer Prize Archive presents the history of this award from its beginnings to the present In parts A to E the awarding of the prize in each category is documented commented and arranged chronologically Part F covers the history of the prize biographically and bibliographically Part G provides the background to the decisions
