Disembodied Heads in Medieval and Early Modern Culture Barbara Baert, Anita Traninger, Catrien Santing, 2013-07-18 Do heads excite a desire to chop them off a desire to decapitate and take a human life as anthropologists have suggested The contributors to this book are fascinated by disembodied heads which are pursued in their many medieval and early modern disguises and representations including the metaphorical They challenge the question why in medieval and early modern cultures the head was usually considered the most important part of the body a primacy only contested by the heart for religious reasons Carefully mapping beliefs mythologies and traditions concerning the head the result is an attempt to establish a cultural anatomy of the head which is relevant for cultural historians art historians and students of the philosophy art and sciences of the premodern period Contributors include Barbara Baert Esther Cohen Mateusz Kapustka Arjan R de Koomen Robert Mills Marina Montesano Scott B Montgomery Catrien Santing Jetze Touber and Bert Watteuw [Index to the Reports of Committees of the House of Representatives](#) ,1878 [Design of Piezo Inkjet Print Heads](#) J. Frits Dijkstra, 2019-02-11 An integral overview of the theory and design of printheads authored by an expert with over 30 years experience in the field of inkjet printing Clearly structured the book presents the design of a printhead in a comprehensive and clear form right from the start To begin with the working principle of piezo driven drop on demand printheads in theory is discussed building on the theory of mechanical vibrations and acoustics Then the design of single nozzle as well as multi nozzle printheads is presented including the importance of various parameters that need to be optimized such as viscosity surface tension and nozzle shape Topics such as refilling the nozzle and the impact of the droplet on the surface are equally treated The text concludes with a unique set of worked out questions for training purposes as well as case studies and a look at what the future holds An essential reference for beginning as well as experienced researchers from ink developers to mechanical engineers both in industry and academia

A New English Dictionary on Historical Principles: part 1. H (1901) James Augustus Henry Murray, 1901

Holstein-Friesian World ,1921 **Talking the Walk** Julia Helene Ibbotson Fhea, 2012-03 Can professional women talk the walk In the 21st century increasing numbers of women may aspire more and more to higher management positions Indeed today s young women expect promotional prospects in their chosen careers But statistics show that they are not achieving the success they desire The norm is still for women s progress in the workplace to be halted at junior management levels Dr Julia Ibbotson an academic researcher and writer looks at some of the reasons why and suggests ways of reversing this trend In this book the author presents research evidence from a study which explores the issues of management communication from a gender perspective in secondary schools in the UK It arose from a concern regarding the imbalance of men and women progressing to higher levels of management as shown in the statistics published by the UK s Department for Education in a series of documents over 20 years Current research also indicates that this picture has still not changed by

2011 So what can be done to change it Evidence in this book looks at the possibility that there are gender differences in the way men and women managers talk in the workplace which have the effect of undermining women s chances of promotion to higher leadership positions In other words do women talk the walk And should CEOs think more carefully about the gender balance of their management and leadership teams so that they can create more effective working groups fit for the economic issues of the twenty first century recession and post recession Praise for Talking the Walk an excellent piece of work Professor David Young a very talented teacher writer and leading academic positive and inspiring Dr Deirdre Hughes a lifetime of experience and insight a timely and ongoing challenge a valid contribution to the debate Professor Marie Parker Jenkins invaluable to those wishing to challenge and transform the current management culture in a style that is accessible and engaging to the general reader Professor Elaine Millard a great writer Peggy Fellouris

Collective Decision Making in Rural Japan Robert Marshall, 2020-06-01 This study is a result of three continuous years of fieldwork in a hamlet in rural Japan The data presented and analyzed here consist of records from participant observation formal and informal interviews casual conversation and formal questionnaires and public and private documents The subject of this research is group decision making and the results of this process are after all a matter of public record The major conclusions of this study are outlined in their simplest and most straightforward form A hamlet is fundamentally a nexus for the organization of productive exchange among member households the form of exchange through which two or more parties actively combine their resources to produce something of value not available or as cheaply available to any of them separately Defection from productive exchange agreements by hamlet members is reduced by making access to future valuable transactions and corporate property contingent upon the integrity of each current exchange transaction This method of combining a common interest in production with contingent access to productive resources is termed mutual investment and is the major source of consensus in hamlet decision making When only cooperative resources are at issue decisions regularly result in unanimity When a course of action can be implemented only if hamlet members relinquish control over individually held resources a division will emerge among the membership Whether or not a formal vote is taken the distribution of differing opinion will be known through more informal means of communication In all cases of division by the time the course of action to be implemented is formally announced the minority in opposition will be extremely small The question then must be resolved whether those in the minority will participate in the implementation or resign as hamlet members This book is written with two rather disparate audiences in mind readers interested primarily in exchange and decision making phenomenon on the one hand and readers interested primarily in the unity of experience represented by the Japanese sensibility on the other **Perspective**, 1995-11 **House documents**, 1878 *Taxation Law & Accounts-I* Dr.
