Heal Your Life Jean Maalouf,2017-04-27 For our very survival and sanity we need God We need virtue We need character The good person brings good things out of a good treasure and the evil person brings evil thing out of an evil treasure Matthew 12:35 Godly people make all the difference in the world by striving to match the politics of the earth with the politics of the kingdom of God By talking about uncovering the healing power of faith hope love and prayer this book uncovers at the same time the secret of sanity the sanity that runs our lives at the individual level as well as at the national and international levels Sanity requires the rejection of the gods we've created by learning to focus on the God in whose image we've been created Billions of dollars are spent every year on the pursuit of physical perfection People do anything to become richer more powerful or more prestigious with improved appearances and more pleasing makeup in all domains as if the only value that really counts is the most attractive picture we are able to show In this very expensive race for the outside perfect masks the pursuit of inner beauty can often be pushed aside when this inner beauty is by far more important than the

outer beauty Don't we know that the Lord does not see as mortals see they look on the outward appearance but the Lord looks on the heart 1 Samuel 16:7 In this book *Heal Your Life: Awakening to the Power of Faith, Hope, Love, Prayer* Dr Maalouf masterly invites us to reject the double lifestyle we are living and to genuinely consider living by the truth of the permeation and integration of theology and politics Pope Paul VI declared is the highest form of charity And we can add that charity is the highest form of political sanity as well Indeed real politics takes action and contemplation All our crises are rooted in our spiritual crisis first For our sanity and survival God is needed For our sanity and survival the politics of the earth should match the politics of the kingdom of God as this book explains

Divine Healing Transforming Pain into Personal Power Vonne Solis, 2018-11-02 Realizing the potential you have to awaken to your power as an enlightened being is central to authentic healing There is a significant distinction between superficially healing wounds and authentically healing If you feel ready to surrender all pain and struggle Divine Healing is a must read Delivered as both a story and a practice the author compassionately shares her journey to become whole after the suicide of her daughter in 2005 Though written in the context of the parental grief experience Divine Healing is intended for anyone who desires authentic healing Each chapter a journey in itself reminds us of the eternal truths that teach that all healing is possible despite the origin of any pain The lessons while not confined to only one experience in pain reach into the core root of all suffering and will guide anyone through any difficulty to find peace and joy Not only will you develop a richer understanding of suffering and healing including viewing loss and grief differently but by learning to work with the angels you will reclaim your power as the authentic being you already are You will learn to honor all of your hurtful experiences and trust in your ability to become whole on your own terms Realizing you are the catalyst for your own powerful transformation Divine Healing inspires you to courageously want more for your life and teaches you how to continually manifest the life you were meant to find and enjoy through a realistic heartfelt practice
