Dr. and Master Sha: Miracle Soul Healer William Gladstone,2014-09-02 What accounts for miraculous healings unexplainable by doctors Is there a reality to spiritual healings William Gladstone initially approached Dr Zhi Gang Sha with some skepticism and disbelief William

believed that there was more to life than the material world but he knew that the world has many dishonest and self-deceiving mystics So he decided to explore William having studied medical anthropology at Harvard University had met and worked with some of the greatest spiritual leaders on the planet He was excited to explore Dr Sha and his healing practices William spent weeks with Dr Sha watching him at work talking to his students and observing his healings He interviewed him at length asking for specifics and addressing difficult questions He delved into the science behind Dr Sha's work and explored the underlying concepts beneath these miracle healings What William learned amazed him and opened his mind to possibilities he never expected Dr Zhi Gang Sha is a medical doctor trained in both Western medicine and traditional Chinese medicine as well as ancient Chinese sacred energy and spiritual healing Over the last decade he has healed hundreds of thousands of individuals with thousands documented and available for viewing on YouTube How does he do it Is it the placebo effect or something much more profound Dr and Master Sha Miracle Soul Healer documents the remarkable journey of a world renowned spiritual teacher and master healer who has not only demonstrated the ability to heal but also to teach people to heal themselves Written for skeptics as well as believers Dr and Master Sha Miracle Soul Healer explores the results and methodology of Dr Sha's unique life journey and his stated life mission to serve humanity and the Divine and create a healthier and happier world This book explores the ultimate mystery of how faith science and healing can change your life *The Healer* Emma Sargent, 2015-12-28

Once upon a time Psychics and Healers were revered They held positions of status and authority They were the closest confidants to Kings Emperors and mighty rulers Over the centuries the Western world changed Psychics and Healers moved underground as though their work had become taboo To admit consulting with one was akin to a belief in faeries witchcraft or even aliens Today there are different classes of Seer Some charge 5 a minute giving readings of a dubious nature over the phone The real Psychic Healer operates by word of mouth Often they are booked weeks and months in advance They consult to the most powerful and wealthy They are privy to information that would boggle the mundane mind They hold court between what is seen and what only they can see They are the holders of truth reveling in the mysteries of life and ancient wisdom Alex Telman is a real Psychic Healer These are my conversations with him The Healer is the must read book of 2016 A storyteller and an internationally renowned psychic healer weave their own personal experiences and discuss all the taboo topics relevant to the modern life The concepts leap from the page and into your mind planting seeds of suggestion invitation and encouragement Readers have described The Healer as a life changing map that they have been unable to put down The Healer not only inspires a new set of eyes for life but also demystifies a number of murky words and concepts along the way Think Differently *Health and Medicine through History* Ruth Clifford Engs, 2019-08-08 This three volume set provides a comprehensive yet concise global exploration of health and medicine from ancient times to the present day helping readers to trace the development of concepts and practices around the world From archaeological evidence of trepanning during prehistoric times to medieval Europe's conception of the four humors to
