Talamantez, 2006-10-26 Publisher description      The Healers Thomas Heric, 2010 It s the year 2021 Medicine has become corporatized and proprietary treatments are closely guarded secrets The mysterious Aesculapian Healers offer complete cures of most illnesses with a money back guarantee but the outrageous fees have given them a reputation as medical pirates When recent medical school graduate Wesley Anderson is approached to become a Healer he reluctantly signs on hoping to obtain a cure for his father s heart disease and a solution to his family s money troubles But he soon discovers that there are dark secrets behind the brilliant cures As Aesculapian practices become increasingly disturbing a conflicted Wesley torn between his conscience and the seduction of power joins a group of dissidents The atmosphere quickly becomes deadly as they uncover a plan involving human experimentation and realize that the lives of millions hang in the balance      The

Healer Michael Blumlein, 2011-03-04 Payne is a member of a minority offshoot of humanity called Grotesques or Tesques who are distinguished by a cranial deformity and an extra orifice in their chest. A small percentage of Tesques have the ability to effect phenomenal healings which makes them a valuable commodity in their world. Sadly such gifted healers live a life somewhere between that of a possession and a slave. Payne is unusual in that he is seemingly unaffected by the mysterious burn out called The Drain that all other healers experience. The novel follows his journey across the strange landscape of his world in a search for an acceptance he may never find. Along the way we move from the outskirts of society to an isolated mining camp to a metropolis dedicated to gambling and vice to a secret government compound where the most dangerous of healings are performed. Finally we climax in a scene where reality meets mythology and Payne experiences a transformation that will forever alter the balance between Tesques and Humans. Blumlein brings his experience as a practicing physician to bear in this novel which subtly and beautifully examines the ways in which society both reveres and fears members of the medical profession. The Healer is a story of human life and death, human rites and rituals seen through the eyes of an outsider one who knows humans better perhaps than they know themselves. In the vein of such authors as Jonathan Lethem and Jonathan Carroll, The Healer is a literate, philosophical, entertaining, moving, and original. From the Hardcover edition. *The Lost Gods Book One - Healer*, The Healer

Robert Herrick, 1911 The story follows a young woman named Hope who is struggling to come to terms with the death of her mother. Together they embark on a journey to heal the sick and wounded and in the process they discover the true meaning of love and forgiveness. The Healer is a beautifully written novel that will take readers on an emotional journey. It is a story about the power of love and the healing that can come from it. Blood Sacrifice (The Healers of Meligna, Book #3) K. J. Colt, Included in this edition is an additional chapter from the next book in the series Forsaken Power. With the threat of the Queen's army increasing, only blood healing can save South Senya. Adenine continues her journey alone, encountering constant danger and tragic loss. Under their rule, the people are doomed. She has allies but they are too few to take back the city.
