Healing Traditions Bonnie Blair O'Connor, 2010-08-03 The popularity and practice of alternative medicine continues to expand at astonishing rates In *Healing Traditions* Bonnie Blair O'Connor considers the conflicts that arise between the values and assumptions of Western scientific medicine and those of unconventional health systems Providing in depth examples of the importance and benefits of alternative health practices including the extraordinarily extensive and sophisticated HIV AIDS alternative therapies movement O'Connor identifies ways to integrate alternative strategies with orthodox medical treatments in order to ensure the best possible care for patients In spite of the long standing prediction that as science and medicine progressed and education became more generally available unconventional systems would die out they have persisted with undiminished vitality They have in fact experienced a reinvigoration and

expansion during the last fifteen to twenty years In the United States this renewal is fueled by people representing a wide cross section of American society and most of them also use conventional medicine This eclecticism can result in conflicts between the values and assumptions of Western scientific medicine and those of unconventional health systems O Connor demonstrates the importance of understanding how various belief systems interact and how this interaction affects health care She argues that through neutral observation and thorough description of health belief systems it is possible to gain an understanding of those systems to identify likely points of conflict among systems especially conflicts that may occur in conventional care settings and to intervene in ways that ensure the best possible care for patients **Making Sense of**

AIDS Leslie Butt, Richard Eves, 2008-05-31 In Melanesia rates of HIV infection are among the highest in the Pacific and increasing rapidly with grave humanitarian development and political implications There is a great need for social research on HIV AIDS in the region to provide better insights into the sensitive issues surrounding HIV transmission This collection the first book on HIV and AIDS in the Pacific region gathers together stunning and original accounts of the often surprising ways that people make sense of the AIDS epidemic in various parts of Melanesia The volume addresses substantive issues concerning AIDS and contemporary sexualities relations of power and moralities themes that provide a powerful backdrop for twenty first century understandings of the tensions between sexuality religion and politics in many parts of the world

Langwick, 2011-06-23 This subtle and powerful ethnography examines African healing and its relationship to medical science Stacey A Langwick investigates the practices of healers in Tanzania who confront the most intractable illnesses in the region including AIDS and malaria She reveals how healers generate new therapies and shape the bodies of their patients as

they address devils and parasites anti witchcraft medicine and child immunization Transcending the dualisms between tradition and science culture and nature belief and knowledge Langwick tells a new story about the materiality of healing and postcolonial politics This important work bridges postcolonial theory science public health and anthropology **Brand Aid** Lisa Ann Richey,Stefano Ponte,2013-11-30 Has there ever been a better reason to shop asks an ad for the Product RED American Express card telling members who use the card that buying cappuccinos or cashmere will help to fight AIDS in Africa Cofounded in 2006 by the rock star Bono Product RED has been a particularly successful example of a new trend in celebrity driven international aid and development one explicitly linked to commerce not philanthropy In Brand Aid Lisa Ann Richey and Stefano Ponte offer a deeply informed and stinging critique of compassionate consumption Campaigns like Product RED and its precursors such as Lance Armstrong s Livestrong and the pink ribbon project in support of breast cancer research advance the expansion of consumption far more than they meet the needs of the people they ostensibly serve At the same time such campaigns sell both the suffering of Africans with AIDS in the case of Product RED and the power of the average consumer to ameliorate it through familiar and highly effective media representations Using Product RED as its focal point this book explores how corporations like American Express Armani Gap and Hallmark promote compassionate consumption to improve their ethical profile and value without significantly altering their business model protecting themselves from the threat to their bottom lines posed by a genuinely engaged consumer activism Coupled with the phenomenon of celebrity activism and expertise as embodied by Bono Richey and Ponte argue that this causerism represents a deeply troubling shift in relief efforts effectively delinking the relationship between capitalist production and global poverty **Love Remedies** Harald W. Tietze,Juta Stepanovs,2001 *Healing Herbs A to Z* Diane Stein,2012-04-04 An alphabetical quick reference to 200 medicinal plants their special healing attributes most effective applications potential side effects and contraindications The popularity of commercially available herbal remedies as adjuncts to conventional medicines has made it easier than ever to turn to medicinal herbs Stein shares her extensive knowledge and experience with healing botanicals in this quick reference Each entry includes an accessible and detailed resume of each plant s specific healing properties **Healing Ourselves** Kathy Oddenino,1994 **Aids And STDs In Africa** Edward C Green,2019-09-19 This book emphasizes the factors in the spread and control of AIDS that have received less attention in the literature It suggests that a collaborative action program involving traditional healers is necessary if we wish to impact the spread of AIDS and other STDs in Africa **AIDS** Nancy Krieger,Glen Margo,2020-11-27 In one short decade the politics of AIDS has become the politics of survival In a world whose social order is changing before our eyes AIDS insistently brings new meaning to the age old question of what it is we must do to survive as individuals as families as communities as nations as members of an interdependent world This book brings together a collection of articles that frankly discuss what it will take to stop the AIDS epidemic and deal with the devastation it has already wrought **Healing the Exposed Being** Robert

Thornton,2017-05-01 This ethnography explores the Ngoma healing tradition as practiced in eastern Mpumalanga South Africa Bungoma is an active philosophical system and healing practice consisting of multiple strands based on the notion that humans are intrinsically exposed to each other and that this is the cause of illness but also the condition for the possibility of healing This healing seeks to protect the exposed being from harm through augmenting the self Unlike Western medicine it does not seek to cure physical ailments but aims to prevent suffering by allowing patients to transform their personal narratives of Self Like Western medicine it is empirical and is presented as a local knowledge that amounts to a practical anthropology of human conflict and the environment The book seeks to bring this anthropology and its therapeutic applications into relation with global academic anthropology by explaining it through political economic interpretive and environmental lenses *Healing Flowers A-Z* Diane Stein,2013-01-16 The author has provided simple and easy to apply instructions in the introduction of this book so that you can make your own flower essences if you so choose She has also provided information on compatible gemstones as well as background in the chakras which are each a nexus where various energies come together in the subtle body Understanding how to utilize a wider range of flower essences is the key aspect of the current book which reviews the use of 350 different flowers

The Ayahuasca Diaries Caspar Greeff,2009 A lively travelogue this book follows the author s psycho spiritual odyssey in search of ayahuasca a dark psychedelic brew known as the vine of the dead Trekking through the rain forests of Peru Colombia Brazil Venezuela and Ecuador in search of enclaves where ayahuasca is taken in the dark of night at ceremonies presided over by shamans the author shares his experiences with otherworldly songs that are both magical and healing and ignite in him a new enchantment with life and a burgeoning sense of connection with the natural world

Aquatic Biopolymers Ololade Olatunji,2020-01-20 This book presents a comprehensive survey about the most recent developments in industrial applications processing techniques and modifications of polymers from marine sources It systematically introduces the reader to the biomaterials Chitin Collagen Alginates Cellulose and Polyesters and links their interwoven industrial significance and environmental implications The book elucidates the impact of industrial sourcing of the aquatic system for organic and inorganic matter on the environment and deepens the understanding of the industrial and economic significance of aquatic biopolymers Further it addresses the

question of how to balance the conservation of aquatic life and the industrial and economic interest in developing biodegradable alternatives for plastic Thus the book will appeal to scientists in the field of chemistry materials and polymer science as well as engineering

African Science Douglas J. Falen, 2018-11-27 In this sensitive and personal investigation into Benin's occult world Douglas J Falen wrestles with the challenges of encountering a reality in which magic science and the Vodun religion converge into a single universal force He takes seriously his Beninese interlocutors insistence that the indigenous phenomenon known as *ze* witchcraft is an African science credited with fantastic and productive deeds such as teleportation and supernatural healing Although the Beninese understanding of *ze* reflects positive scientific properties in its use of specialized knowledge to harness nature's energy and realize economic success its boundless power is inherently ambivalent because it can corrupt its users who dispense death and destruction Witches and healers are equivalent to supervillains and superheroes locked in epic battles over malevolent and benevolent human desires Beninese people's discourse about such mystical confrontations expresses a philosophy of moral duality and cosmic balance Falen demonstrates how a deep engagement with another lived reality opens our minds and contributes to understanding across cultural difference

Gay Perspective Edwin Clark Johnson, Toby Johnson, 2008 In this companion volume to his critically acclaimed Lambda Literary Award winning book *Gay Spirituality* Toby Johnson further explicates his visionary stance that gay people's nature as outsiders gives them a uniquely powerful perspective on the nature of God and religion By living outside gender norms gay people are more open to seeing across boundaries of gender and gain access to a less dualistic outlook on the nature of life Once again Johnson approaches this potentially controversial subject matter with erudition empathy and visionary speculation and gives meaning to gay consciousness beyond superficial issues of sexual behavior
