Healing Mental Purification The Mind World The Sufi Message Of Hazrat Inayat Khan Vol 4:

Sufi Message of Spiritual Liberty, Volume 4 Hazrat Inayat Khan, 2005-05-01 This volume contains *Health Mental Purification The Mind World* These books explain the Sufi teachings concerning the influence of the mind on the body and the possibilities to restore rhythm and tone of a person through spiritual healing When *Health* the first book of this volume was published in 1931 it met with great interest for it is as rare to find a book on spiritual healing in which the advance of modern medical science is appreciated as to find acknowledgement of spiritual healing in a medical text book Hazrat Inayat Khan the Sufi mystic has set forth in the lectures and other papers included in *Health* which were originally intended only for his pupils the basic laws governing the divine healing power as well as several methods its application As with all mystical knowledge the printed word alone can never confer the power and knowledge of healing upon anyone a guide a teacher is essential but the reader will find in Inayat Khan's hitherto unpublished lectures on the workings and hygiene of the mind and kindred subjects This volume ends with *The Mind world* a book which was first published separately in 1935 and reprinted in 1955 its title speaks for itself While Volume 3 contains most of Hazrat Inayat Khan's books and lectures on human relationship Volume 4 may be considered as a continuation of Volume 2 which deals principally with the metaphysical aspect of creation tracing a line from its origin to the human mind

The Sufi Message Volume 4 Hazrat Inayat Khan, 2015-01-01 This volume is rich in both quantity and quality It offers beautiful insights into the world of the mind in its relation to the body on the one hand and to the soul on the other Interestingly in the conception of Hazrat Inayat Khan the mind includes the heart thinking and feeling are not separate The matter is discussed from three different angles In the *Book of Health* Hazrat Inayat Khan presents a picture of health and healing which rises above the controversies between traditional and western professionals Moreover it appeals directly to both ordinary man and healers It sets forth the basic laws governing the divine healing power as well as several methods for its application Quite another perspective is offered in *Mental Purification* This collection of papers deals with the workings and hygiene of the mind and heart One comes to the understanding of how to manage the mind both for living everyday life and for spiritual development Rather it implies how leaving the world physically or mentally Rather it implies how to deal with life and yet keep your balance by proper attunement *The Mind world* expands on this subject matter resulting in a sort of travel guide through the world of the mind Although it is highly practical yet it never substitutes for your own options and decisions It is like a foundation on which to build your individual life Sufi Hazrat Inayat Khan Baroda 1982 Delhi 1927 provides a beautiful guidebook for your inner path It contains neither prescriptions nor do's and don'ts You may be provided with insight and understanding which may be as a welcome in the circle of Sufi friends or as a silent companion on your further way The soul is called Atman which means happiness or bliss itself It is not that happiness belongs to the soul it is that the soul itself is happiness This inspiring book covers almost all aspects of the life of someone who chooses to go the way of self unfoldment and self realization It refers to

the struggle of life its intoxication and its deeper side The aim meaning and purpose of life are discussed What is wanted in life Essential for the answer to this question are concepts like the art and development of personality attitude interest and indifference purity of life and the ideal All these are discussed in separate chapters dealing with these items in an inspiring and uplifting manner nevertheless remaining realistic as to daily life s requirements Life is presented as an opportunity to gain experience both within and without stressing their mutual interdependence The second half of the book discusses amongst others inner life the kingly road from limitation to perfection and the stages of his destiny in the context of the continuity of life This the fourth volume of the Sufi Message by Hazrat Inayat Khan It includes three works the first Healing is a collection of teachings on spiritual healing In this work the Sufi mystic discusses the basic laws governing the mind s influence on the body which he considers greater than that of the physical body on the mental existence and he emphasises the need for a stronger awareness of the possibilities which spiritual healing can offer Mental Purification is a collection of lectures on the working and hygiene of the mind in relation to the spirit This part conveys in a beautiful way the synthesis that can be gained between inner life and life in the world The volume concludes with the Mind World which in the terms of the Sufi poets is called The palace of Mirrors an expression which Inayat Khan takes as symbolising on different levels the whole of life

Hazrat Inayat Khan, 2020-09-28 Illness is disharmony either physical disharmony or mental disharmony the one acts upon the other What causes disharmony The lack of tone and rhythm How can it be interpreted in physical terminology Prana or life or energy is the tone Circulation regularity is the rhythm regularity in the beatings of the heart of the pulse and the circulation of the blood through the veins In physical terms the lack of circulation means congestion and the lack of Prana or life or energy means weakness These two conditions attract illness and are the cause of illness In mental terms the rhythm is the action of the mind whether the mind is active in harmonious thoughts or in disharmonious thoughts whether the mind is strong firm and steady or whether it is weak If one continues to think harmonious thoughts it is just like regular beating of the pulse and proper circulation of the blood If the harmony of thought is broken then the mind becomes congested Then a person loses memory depression comes as the result and what one sees is nothing but darkness Doubt suspicion distrust and all manner of distress and despair come when the mind is congested in this way The Prana of the mind is maintained when the mind can be steady in thoughts of harmony then the mind can balance its thoughts then it cannot be easily shaken then doubt and confusion cannot easily overpower it Whether it is nervous illness whether it is mental disorder whether it is physical illness at the root of all these different aspects of illness there is one cause and that cause is disharmony The body which has once become disharmonious turns into a receptacle of disharmonious influences of disharmonious atoms it partakes of them without knowing it and so it is with the mind The body which is already lacking in health is more susceptible to illness than the body which is perfectly healthy and so the mind which already has a disorder in it is more susceptible to every suggestion of disorder and in this way goes from bad to worse Scientists of all ages have found that each element attracts the same element and so it is natural that illness should attract illness thus in plain words disharmony attracts disharmony whereas harmony attracts harmony We see in everyday life that a person who has nothing the matter with him and is only weak physically or whose life is not regular is always susceptible to illness Then we see that a person who ponders often upon inharmonious thoughts is very easily offended It does not take long for him to get offended A little thing here and there makes him feel irritated because irritation is already there It wants just a little touch to make it a

The Sufi Message of Hazrat Inayat Khan: The Art of Being Hazrat Inayat Khan, 2020-09-28 Many think that it is some deformity of the body a curve in the spine or cavity in the brain that affects the mind Few realize that very often the mind produces an irregularity in the spine or in the brain thereby causing an illness The ordinary point of view regards an illness as a physical disorder which can be cured by means of material remedies Then there is another point of view that of people who think deeply and who say that by not taking notice of an illness or by suggesting to oneself that one is well one can be restored to health This point of view can be exaggerated when some people claim that illness is an illusion that it has no existence of its own The ordinary point of view can also be exaggerated when one thinks that medicine is the only means of cure and that thought has little to do with actual illness Both these persons the one who looks at it from the ordinary point of view and the other who sees from a deeper point of view will find arguments for and against their idea Some people go as far as to say that medicine must not be touched by those who have faith and some affirm that an illness is as real as health It is in the absence of illness that a person can easily call pain an illusion but when he is suffering then it is difficult for him to call it an illusion The question who is more subject to illness a spiritual person or a material person may be answered thus a spiritual person who discards spiritual laws No doubt a spiritually inclined person is supposed to have less chance of being ill because his spirit has become harmonious through spirituality He creates harmony and radiates it He keeps to the realm of nature in tune with the Infinite Nevertheless a spiritual persons life in the midst of the world is like the life of a fish on land The fish is a creature of the water Its sustenance its joy its happiness are in the water A spiritual soul is made for solitude His joy and happiness are in solitude A spiritual person set in the midst of the world by destiny feels out of place and the ever jarring influences of those around him and the continually striking impressions which disturb his finer senses make it more likely that he will become ill than those who push their way in the crowd of the world and are ready to be pushed away

The Sufi Message of Hazrat Inayat Khan: The Mysticism of Sound, Music, The Power of the Word, Cosmic Language Hazrat Inayat Khan, 2020-09-28 In this volume the second of The Sufi Message of Hazrat Inayat Khan an attempt has been made to group together most of the Sufi mystics teaching concerning sound and music sound as the basis of creation and music as an essential means towards spiritual development Having been a musician of renown before he gave up his art in order to dedicate himself entirely to the Sufi Message with which he was entrusted Inayat Khan readily followed the practice of the ancient Sufis in expressing esoteric truths in terms of sound and music He once described this as follows I gave up my music because I had received from it all that I had to receive To serve God one must sacrifice what is dearest to one and so I

sacrificed my music I had composed songs I sang and played the vina and practicing this music I arrived at a stage where I touched the Music of the Spheres Then every soul became for me a musical note and all life became music Inspired by it I spoke to the people and those who were attracted by my words listened to them instead of listening to my songs Now if I do anything it is to tune souls instead of instruments to harmonize people instead of notes If there is anything in my philosophy it is the law of harmony that one must put oneself in harmony with oneself and with others I have found in every word a certain musical value a melody in every thought harmony in every feeling and I have tried to interpret the same thing with clear and simple words to those who used to listen to my music I played the vina until my heart turned into this very instrument then I offered this instrument to the divine Musician the only musician existing Since then I have become His flute and when He chooses He plays His music The people give me credit for this music which in reality is not due to me but to the Musician who plays on His own instrument
