**Faith in Jesus and Paul** Maureen W. Yeung,2002 For the hundred years since W Wrede Paulus 1904 made the provocative claim that Paul should rightly be regarded as the second founder of Christianity scholars have debated vigorously on the relationship between Jesus and Paul Past studies on the Jesus Paul debate have largely been confined to either the literary or the theological level This study looks at the issue afresh by combining the historical and the theological approaches The discussion focuses on the issue of faith paying special attention to two groups of Jesus sayings Faith that can remove mountains and Your Faith has healed saved you and Paul s use of Gen 15 6 and Hab 2 4 The distinctive methodology of this study is to compare Jesus and Paul against the backdrops of the Jewish biblical tradition and Hellenistic parallels The picture of the Jesus Paul relationship that emerges is a most complex one To a great extent the similarity between Jesus and Paul is due to their common Jewish heritage The early Church plays a part in influencing Paul s concept of faith and Paul himself reinterprets the Jewish Scriptures in an innovative manner At the same time Paul is found to be greatly indebted to Jesus for his concept of faith The method of placing Jesus and Paul against the Jewish and Hellenistic backgrounds permits a fuller appreciation of the historical and theological continuities between Jesus and Paul than has hitherto been possible

**The Will's Harmonic Motion Fourth Edition** Fadel Sabry,2019-01-16 This book brings new ideas to philosophy All philosophers start from previous ideas and build on or modify them they use them as a foundation for new ideas or systems Schopenhauer s concept of the will and morality form the basis for this book Sabry proved without any doubt that our moral character is assigned to us according to a specific unalterable and predictable system He proved it scientifically and through daily observation of human behavior He observed that moral characters change and move as a sine curve i e harmonic motion After establishing this groundbreaking theory of the Will s Harmonic Motion he extended it to cover and explain many

topics including animals pleasure physical and metaphysical actions death eternal justice and salvation The book outlines Sabry s self taught experience in meditation which ended in the first stage of enlightenment in just a few months The book boldly reveals the mystery of existence how the will started in the void and ejected itself to have physical experience It created the world as a stage to perform its divine comedy Then the will objectified itself as humans to purify itself from immoral deeds To perform moral acts the will created four characters with matching intellects that change every lifetime Every human being has his unique moral curve and must end up back in the void The will governs the whole universe physically and morally by the causal law in which one side is physical causality and the other is eternal justice Yes You Can! - 50 Classic Self-Help Books That Will Guide You and Change Your Life Napoleon Hill,Wallace D.
