Essential Oils in Spiritual Practice Candice Covington, 2017-11-21 Using essential oils to influence your energetic make up and karmic patterns Details how to identify which tattvas the Five Great Elements are dominant in your energetic make up Explores the energetic signatures of the essential oils associated with each tattva and chakra including their archetypes sacred geometry sacred sounds and colors Explains how to identify your personal vibrational signature purify your energy body impart vibrational properties to jewelry and work with yantras and mantras The tattvas the Five Great Elements earth water fire air wind and ether space create and sustain not only the universe but also all of its inhabitants Each of us has a unique combination of these elemental energies behind our personal characteristics everything from the color of our eyes to our behaviors and emotional temperament What tattvas are dominant in your make up can also be influenced by your

surroundings and by karma Essential oils in addition to working biologically and chemically also work at the energetic level making them ideal for working with the tattvas Teaching you how to use essential oils to affect the very fabric of your being Candice Covington details how the Tattvas Method of essential oils allow you to access the deepest most hidden aspects of Self those beyond the reach of the mind the very energetic causation patterns that set all behaviors and thoughts into motion She reveals how the tattvas are the energy that animate each chakra and how we can use their archetypal energy to shape our inner life and align with our greater soul purpose The author provides energetic profiles of each tattva chakra and essential oil explains their relationships to one another and details how to identify what tattva or chakra is dominant at any given time Exploring the energetic signatures of the tattvic essential oils she details their elemental make up animal and deity archetypes sacred geometry symbols sacred syllables and colors She reveals how to discover the energy patterns responsible for directing unhealthy life patterns and explains how to identify your personal vibrational signature purify your energy body and craft your own unique ritual practice with essential oils Showing how essential oils are powerful vibrational tools for effecting change the author reveals how they allow each of us to deliberately steer our own destiny fulfill our personal dharma and be all that our souls intended us to be *Quantum Science of Psychedelics* Carl Johan

Calleman, 2020-03-10 A groundbreaking exploration of how psychedelics and quantum science are vital to understanding the evolution of consciousness and reality Explains why altered states of consciousness exist how they work and why psychedelics have the effects that they do Describes how quantum waves rather than the DNA molecule have been the driving force behind biological and historical evolution Explains how psychedelics interact with the human mind to create altered states that may further the continued evolution of consciousness In this groundbreaking book Carl Johan Calleman reveals the quantum science of the Maya a science lost to the modern world that explains the phenomenology of psychedelics and altered states of consciousness The ancient Maya had a sophisticated understanding of the multidimensional nature of reality and the forces that drive the evolution of consciousness Calleman explains how quantum waves illustrated by the Mayan Calendar emanate from the center of the universe and activate new phases in the evolution of consciousness through holographic resonance which alters the dualities of the human mind For example the 5th Wave which dominated in Paleolithic times and evolved human consciousness above that of animals brought a chaotic floating state reminiscent of the psychedelic or shamanic state and the recent 8th Wave brought the digital revolution The 9th Wave which began in 2011 offers the potential for individual development of higher consciousness and healing if we can synchronize ourselves with its positive holograms This multidimensional perspective explains why altered states of consciousness exist and how they work Calleman describes the role of the pineal gland for the human mind how it controls our state of consciousness and how it can connect us to the cosmic Tree of Life He shows that the mind is a reducing valve that normally limits our experience of cosmic consciousness but that this can be reversed through altered states As Calleman concludes psychedelics like

ayahuasca and DMT not only give rise to extraordinary mystical and cosmic experiences and enable access to healing states but they also are important for harmoniously synchronizing humanity with the 9th Wave to further the evolution of consciousness
