the pieces of a puzzle I did not know this author before I read *The Alchemist's Code* and I have to admit that he is a pleasant discovery. The story captures you from the first page and the reader can enjoy the story although it is all about mysteries, esotericism, codes, and that's it. I'm not going to reveal anything else, just read it. *THE ALCHEMIST'S JOURNEY* Jeff Curlin, 2022-05-16. My name is Finn Graye and I'm the alchemist. Five years ago I was a knight for the Magistracy of the supernatural when tragedy struck, ruining my life and forcing me to take the long abandoned alchemist position. Oh well, when life gives you lemons, see what potions you can make with them. Five years later I find myself involved in another disaster that seems alarmingly familiar. To make matters worse, our enemy appears to be using magic that isn't supposed to exist. If that wasn't enough, I've had to go on the run from the very organization I proudly worked for. Luckily, I've got friends to help me untangle the mess I've found myself in. The pack leader of the US's largest werewolf pack was my father-in-law, an important vampire lord owes me for saving his life, and my best friend is an ex-witch. But most importantly, the world's most powerful sorcerer happens to be my godfather, as well as a two thousand year old cat. With their help, I'm confident we'll find those responsible.

Debut is the story of a remarkable group of women who come together to solve the mystery of a series of gruesome murders and the bigger mystery of their own origins. Mary Jekyll, alone and penniless following her parents' death, is curious about the secrets of her father's mysterious past. One clue in particular hints that Edward Hyde, her father's former friend and a murderer, may be nearby, and there is a reward for information leading to his capture, a reward that would solve all of her immediate financial woes. But her hunt leads her to Hyde's daughter, Diana, a feral child left to be raised by nuns. With the assistance of Sherlock Holmes and Dr. Watson, Mary continues her search for the elusive Hyde and soon befriends more women, all of whom have been created through terrifying experimentation: Beatrice Rappaccini, Catherine Moreau, and Justine Frankenstein. When their investigations lead them to the discovery of a secret society of immoral and power-crazed scientists, the horrors of their past return. Now it is up to the monsters to finally triumph over the monstrous.
