Confluence Christen T. Sasaki,2022-11-29 The 1898 annexation of Hawai i to the US is often framed as an inevitable step in American expansion but it was never a foregone conclusion By pairing the intimate and epic together in critical juxtaposition Christen T Sasaki reveals the unstable nature not just of the coup state but of the US empire itself The attempt to create a US backed white settler state in Hawai i sparked a turn of the century debate about race based nationalism and state based sovereignty and jurisdiction that was contested on the global stage Centered around a series of flash points that exposed the fragility of the imperial project Pacific Confluence examines how the meeting and mixing of ideas that occurred between Hawaiians and Japanese white American and Portuguese transients and settlers led to the dynamic rethinking of the modern nation state The Colony John Tayman,2010-05-11 In the bestselling tradition of In the Heart of the Sea The Colony an

Philippines came under American control Americans were already travelling to Southeast Asia regularly This book looks at the writings of American diplomats adventurers and scientists and chronicles how nineteenth century Americans viewed and

A Power in the World Lorenz Gonschor, 2019-06-30 Few people today know that in the nineteenth century Hawai'i was not only an internationally recognized independent nation but played a crucial role in the entire Pacific region and left an important legacy throughout Oceania As the first non Western state to gain full recognition as a coequal of the Western powers yet at the same time grounded in indigenous tradition and identity the Hawaiian Kingdom occupied a unique position in the late nineteenth century world order From this position Hawai'i's leaders were able to promote the building of independent states based on their country's model throughout the Pacific envisioning the region to become politically unified Such a pan Oceanian polity would be able to withstand foreign colonialism and become in the words of one of the idea's pioneers a Power in the World After being developed over three decades among both native and non native intellectuals close to the Hawaiian court King Kalakaua's government started implementing this vision in 1887 by concluding a treaty of confederation with Samoa a first step toward a larger Hawaiian led pan Oceanian federation Political unrest and Western imperialist interference in both Hawai'i and Samoa prevented the project from advancing further at the time and a long interlude of colonialism and occupation has obscured its legacy for over a century Nonetheless it

remains an inspiring historical precedent for movements toward greater political and economic integration in the Pacific Islands region today Lorenz Gonschor examines two intertwined historical processes The development of a Hawai i based pan Oceanian policy and underlying ideology which in turn provided the rationale for the second process the spread of the Hawaiian Kingdom s constitutional model to other Pacific archipelagos He argues that the legacy of this visionary policy is today re emerging in the form of two interconnected movements namely a growing movement in Hawai i to reclaim its legacy as Oceania s historically leading nation state on one hand and an increasingly assertive Oceanian regionalism emanating mainly from Fiji and other postcolonial states in the Southwestern Pacific on the other As a historical reference for both nineteenth century Hawaiian policy serves as an inspiration and guideline for envisioning de colonial futures for the Pacific region

The Civil War Years in Utah John Gary Maxwell,2016-02-29 In 1832 Joseph Smith Jr the Mormons first prophet foretold of a great war beginning in South Carolina In the combatants mutual destruction God s purposes would be served and Mormon men would rise to form a geographical political and theocratic Kingdom of God to encompass the earth Three decades later when Smith s prophecy failed with the end of the American Civil War the United States left torn but intact the Mormons perspective on the conflict and their inactivity in it required palliative revision In *The Civil War Years in Utah* the first full account of the events that occurred in Utah Territory during the Civil War John Gary Maxwell contradicts the patriotic mythology of Mormon leaders version of this dark chapter in Utah history While the Civil War spread death tragedy and sorrow across the continent Utah Territory remained virtually untouched Although the Church of Jesus Christ of Latter day Saints and its faithful proudly praise the service of an 1862 Mormon cavalry company during the Civil War Maxwell s research exposes the relatively inconsequential contribution of these Nauvoo Legion soldiers Active for a mere ninety days they patrolled overland trails and telegraph lines Furthermore Maxwell finds indisputable evidence of Southern allegiance among Mormon leaders despite their claim of staunch long standing loyalty to the Union Men at the highest levels of Mormon hierarchy were in close personal contact with Confederate operatives In seeking sovereignty Maxwell contends the Saints engaged in blatant and treasonous conflict with Union authorities the California and Nevada Volunteers and federal policies repeatedly skirting open warfare with the U S government Collective memory of this consequential period in American history Maxwell argues has been ill served by a one sided perspective This engaging and long overdue reappraisal

finally fills in the gaps telling the full story of the Civil War years in Utah Territory *The Painted King* Glenn Wharton, 2011-11-30 The famous statue of Kamehameha I in downtown Honolulu is one of the state's most popular landmarks. Many tourists and residents however are unaware that the statue is a replica the original cast in Paris in the 1880s and the first statue in the Islands stands before the old courthouse in rural Kapa au North Kohala the legendary birthplace of Kamehameha I. In 1996 conservator Glenn Wharton was sent by public arts administrators to assess the statue's condition and what he found startled him. A larger than life brass figure painted over in brown black and yellow with white toenails and fingernails and penetrating black eyes with small white brush strokes for highlights. It looked more like a piece of folk art than a nineteenth century heroic monument. The Painted King is Wharton's account of his efforts to conserve the Kohala Kamehameha statue but it is also the story of his journey to understand the statue's meaning for the residents of Kapa au. He learns that the townspeople prefer the more human painted Kamehameha regaling him with a parade chants and leis every Kamehameha Day June 11. He meets a North Kohala volunteer who decides to paint the statue's sash after respectfully consulting with kahuna Hawaiian spiritual leaders and the statue itself. A veteran of public art conservation Wharton had never before encountered a community that had developed such a lengthy personal relationship with a civic monument. Going against the advice of some of his peers and ignoring warnings about going native Wharton decides to involve the people of Kapa au in the conservation of their statue and soon finds himself immersed in complex political social and cultural considerations including questions about representations of the Native Hawaiian past. Who should decide what is represented and how. And once a painting or sculpture exists how should it be conserved. The Painted King examines professional authority and community involvement while providing a highly engaging and accessible look at activist conservation at work wherever it may be found.

Merchant Prince of the Sandalwood Mountains Bob Dye, 1997-01-01 Merchant Prince of the Sandalwood Mountains will give readers an in depth account of one of Hawaii most intriguing personalities and the role of the Chinese in nineteenth century Hawaii.
