Far Corner A Personal View Of The Pacific Northwest:

Far Corner, a Personal View of the Pacific Northwest Stewart H. Holbrook, 1973 Far Corner Stewart H. Holbrook, 1987-09 **The Far Corner** John Daniel, 2009-03-02 John Daniel writes from the ground he walks on and the landscape he inhabits in the northwest corner of America spinning narratives that seek to discover how he belongs to the land and to the wholeness of life itself He takes his readers to beaches old growth forests sagebrush steppe lands and deep river canyons wild places and places scarred by human exploitation and leads us too through inner terrains where he explores mortality creativity and spirituality Both lyrical and informative these essays are diverse in focus various in length and inventive in form one is constructed as a journal two as linear montages By turns playful awed cantankerous and tender in tone they deliver themselves in a style of high informality welcoming readers to join the author as he journeys through some of the puzzlements sadnesses and small glories of living This collection extends John Daniel s earlier work *The Trail Home* in the personal essay form *Reading Portland* John Trombold, Peter Donahue, 2017-08-24 *Reading Portland* is a literary exploration of the city s past and present In over eighty selections Portland is revealed through histories memoirs autobiographies short stories novels and news reports This single volume gives voice to women and men the colonizers and the colonized white Hispanic African American Asian American and Indian storytellers and lower middle and upper classes In his introduction John Trombold considers the history of writing about a place that has nourished a provocative and errant literary tradition for over 150 years In the preface Peter Donahue considers the influence of region particularly Portland s urbanity and its hybrid population on literature Included here are the voices of Carl Abbott Kathryn Hall Bogle Beverly Cleary Robin Cody Lawson Fusao Inada Rudyard Kipling Ursula K Le Guin Joaquin Miller Sandy Polishuk Gary Snyder Kim Stafford Elizabeth Woody and many more **The Secular Northwest** Tina Block, 2016-07-22 The image of a rough frontier where working men were tempted away from church on Sundays by more profane concerns was perpetuated by postwar church leaders who decried the decline of religious involvement In this pioneering book Tina Block debunks the myth of a godless frontier revealing a Pacific Northwest that consciously rejected the trappings of organized religion but not necessarily spirituality and not necessarily God Secularism was not only the domain of the working man women families and middle class communities all helped to shape the region s secular identity But rejection of religion led to family gender and class tensions Drawing on oral histories census data newspapers and archival sources Block explores the dynamics of Northwest secularity grounded in the cultural permeability of the Canada United States border the independent spirit of those who called the region home and their openness to secular ways of experiencing the world **In the Wake of the Frontier** Ruth E. Vincent, 2005-12 A memoir of three years spent on Afognak Island in The Alaskan Territory during the 1950s American Canopy Eric Rutkow, 2013-04-02 In the bestselling tradition of Michael Pollan s *Second Nature* this fascinating and unique historical work tells the remarkable story of the relationship between Americans and trees across the

entire span of our nation's history **The Oregon Companion** Richard H. Engeman, 2009-09-01 What's the connection between Ken Kesey and Nancy's Yogurt? How about the difference between a hoedad and a webfoot? What became of the Pixie Kitchen and the vanished Lambert Gardens? The Oregon Companion is an A-Z handbook of over 1000 people, places, and things. From Abernethy and beaver money to houseboats, railroads, and the Zigzag River, an intrepid public historian separates fact from fiction with his sense of humor intact. Entries include towns and cities, counties, rivers, lakes, and mountains, people who have left a mark on Oregon, industries, products, crops, and natural resources. Includes more than 160 historical black and white photos. This entertaining and delightfully meticulous compendium is an essential reference for anyone curious about Oregon. *Utopias on Puget Sound, 1885-1915* Charles Pierce LeWarne, 2002-07-01 Postmaster General James A. Farley's famous toast to the forty-seven states and the soviet of Washington introduces and sets the tone for this study of Washington State radicalism. The state's colorful reputation for radical movements was established in the 1920s and 1930s by free speech fights, strikes, strong labor organizations, and woman suffrage reforms. Charles LeWarne finds the roots of this radicalism in the communitarian experiments of the late nineteenth century. Through analyses of several of these experiments, LeWarne demonstrates that the influence of a coterie of liberals and radicals centered on Puget Sound in such communities as Home, Burley, Freeland, Equality, and Port Angeles was felt in the state long after the utopias they came to colonize had ceased to exist. Probably the most famous of the experiments was Home Colony on Joe's Bay near Tacoma. From a nucleus of three families, Home grew to over two hundred residents and lasted for more than twenty years. Its reputation for anarchism and flamboyance contributed to a jail sentence conviction for one editor of the Home newspaper for publishing an editorial called "The Nude and the Prudes." Readers interested in current social movements and lifestyles will find many enlightening parallels with recent communal attempts, particularly the rejection of traditional values and the belief in a perfectible world. Whatever the differences within individual colonies, the communitarian ideal has certain general characteristics that find their way into each of these attempts to form a perfect society. Historians will welcome this treatment of an important part of the social and cultural history of the area. The book contains a mine of previously scattered information on the subject. It is a delightful footnote to the history of the Puget Sound region. **Greater Portland** Carl Abbott, 2015-07-06 Selected by Choice magazine as an Outstanding Academic Title, it has been called one of the nation's most livable regions, ranked among the best managed cities in America, hailed as a top spot to work and favored as a great place to do business, enjoy the arts, pursue outdoor recreation, and make one's home. Indeed, years of cooperative urban planning between developers and those interested in ecology and habitability have transformed Portland from a provincial western city into an exemplary American metropolis. Its thriving downtown, its strong neighborhoods, and its pioneering efforts at local management have brought a steady procession of journalists, scholars, and civic leaders to investigate the Portland style that values dialogue and consensus, treats politics as a civic duty, and assumes that it is possible to work toward public good. Probing behind the press

clippings acclaimed urban historian Carl Abbott examines the character of contemporary Portland its people politics and public life and the region s history and geography in order to discover how Portland has achieved its reputation as one of the most progressive and livable cities in the United States and to determine whether typical pressures of urban growth are pushing Portland back toward the national norm In Greater Portland Abbott argues that the city cannot be understood without reference to its place Its rivers hills and broader regional setting have shaped the economy and the cityscape Portlanders are Oregonians Northwesterners Cascadians they value their city as much for where it is as for what it is and this powerful sense of place nurtures a distinctive civic culture Tracing the ways in which Portlanders have talked and thought about their city Abbott reveals the tensions between their diverse visions of the future and plans for development Most citizens of Portland desire a balance between continuity and change one that supports urban progress but actively monitors its effects on the region s expansive green space and on the community s culture This strong civic participation in city planning and politics is what gives greater Portland its unique character a positive setting for class integration neighborhood revitalization and civic values The result Abbott confirms is a region whose unique initiatives remain a model of American urban planning

Bootleggers and Borders Stephen T. Moore,2014-11-01 Between 1920 and 1933 the issue of prohibition proved to be the greatest challenge to Canada U S relations When the United States adopted national prohibition in 1920 ironically just as Canada was abandoning its own national and provincial experiments with prohibition U S tourists and dollars promptly headed north and Canadian liquor went south Despite repeated efforts Americans were unable to secure Canadian assistance in enforcing American prohibition laws until 1930 *Bootleggers and Borders* explores the important but surprisingly overlooked Canada U S relationship in the Pacific Northwest during Prohibition Stephen T Moore maintains that the reason Prohibition created such an intractable problem lies not with the relationship between Ottawa and Washington DC but with everyday operations experienced at the border level where foreign relations are conducted according to different methods and rules and are informed by different assumptions identities and cultural values Through an exploration of border relations in the Pacific Northwest *Bootleggers and Borders* offers insight into not only the Canada U S relationship but also the subtle but important differences in the tactics Canadians and Americans employed when confronted with similar problems Ultimately British Columbia s method of addressing temperance provided the United States with a model that would become central to its abandonment and replacement of Prohibition

Radical Heritage Carlos Arnaldo Schwantes,2016-06-01 Historian Carlos A Schwantes studies the forces that shaped the history of the labor movement on either side of the forty ninth parallel and the reason for the eventual demise of the socialist movement in Washington State and its continuing vigor in British Columbia

Remington Guns of the Old West is an essential work for gun collectors and American history enthusiasts Oregon Pioneer
Cattle Barons Dorys Crow Grover,2017-10-26 Much as men rushed to the California gold fields a small group of proud and
visionary cattlemen heard of the boundless open and free range land of Central and Southeastern Oregon in the mid 1800s
and brought their herds there Sometimes called Cattle Kings or Cattle Barons they ruled with painstaking vigor occasional
cruelty and tenacity the untitled land Thousands of their cattle and horses grazed on the boundless prairies Four men who
built cattle empires were John Devine Peter French Bill Hanley and Henry Miller One of these four barons eventually owned
it all Smaller ranchers were tolerated but bun carrying vaqueros discouraged intruders particularly sheep men and
homesteaders Their empires lasted until the mid 1900s but during their time they made the era legendary in the history of
the region *Calamity* Joann Green Byrd,2014-01-01 June 14 1903 was a typical hot Sunday in Heppner a small farm town
in northeastern Oregon People went to church ate dinner and relaxed with family and friends But late that afternoon calamity
struck when a violent thunderstorm brought heavy rain and hail to the mountains and bare hills south of town When the
fierce downpour reached Heppner people gathered their children and hurried inside Most everyone closed their doors and
windows against the racket The thunder and pounding hail masked the sound of something they likely could not have
imagined a roaring two story wall of water raging toward town Within an hour one of every five people in the prosperous
town of 1 300 would lose their lives as the floodwaters pulled apart and carried away nearly everything in their path The
center of town was devastated Enormous drifts of debris tangled around bodies snaked down the valley The telegraph was
down the railroads were out and the mayor was in Portland Stunned survivors bent immediately to the dreadful tasks of
searching for loved ones and carrying bodies to a makeshift morgue in the bank By the next afternoon thousands of
individuals and communities had rushed to the town s aid an outpouring of generosity that enabled the self reliant citizens of
Heppner to undertake the town s recovery In *Calamity* Joann Green Byrd a native of eastern Oregon carefully documents this
poignant story illustrating that even the smallest acts have consequences good or bad She draws on a wealth of primary

sources including a moving collection of photographs to paint a rare picture of how a small town in the West coped with disaster at the turn of the twentieth century *Railroad Nation* Carlos Arnaldo Schwantes, 2025-05-15 From passenger tickets wall calendars and advertising posters to train orders and bills of lading railroads have left a colorful paper trail across America In *Railroad Nation* historian Carlos Arnaldo Schwantes examines a fascinating array of these materials showcasing the railroad industry's incredible variety of eye catching illustrations to enliven their timetables and promotional brochures Schwantes traces the evolution of railroad commercial art from drab black and white broadsides and text only advertisements that the early railroads placed in local newspapers to the riotous m lance of color graphics in the early twentieth century when the visual appeal of public timetables and their thousands of different brochures enticed settlers to create farms ranches and towns alongside newly laid tracks *Railroad Nation* offers readers an unparalleled look at the ephemera of the railroad industry highlighting the vibrant history of railroading in America through its rich tapestry of visual materials **Library of Congress Catalog** Library of Congress, 1950 A cumulative list of works represented by Library of Congress printed cards *United States Army Combat Forces Journal* , 1952
