Farming Systems Of The African Savanna A Continent In Crisis:

Farming Systems of the African Savanna A. Ker, International Development Research Centre (Canada), 1995 Farming Systems of the African Savanna A continent in crisis Agroecology Vytautas Pilipavicius, 2015-06-10 This book is a collection of chapters concerning the developments within the Agroecology field of study The book includes scholarly contributions by various authors pertinent to Agricultural and Biological Sciences Each contribution comes as a separate chapter complete in itself but directly related to the book's topics and objectives The target audience comprises scholars and specialists in the field Biomass and Remote Sensing of Biomass PhD, Ehsan Atazadeh, 2011-09-06 Generally the term biomass is used for all materials originating from photosynthesis However biomass can equally apply to animals Conservation and management of biomass is very important There are various ways and methods for biomass evaluation One of these methods is remote sensing Remote sensing provides information about biomass but also about biodiversity and environmental factors estimation over a wide area The great potential of remote sensing has received considerable attention over the last few decades in many different areas in biological sciences including nutrient status assessment weed abundance deforestation glacial features in Arctic and Antarctic regions depth sounding of coastal and ocean depths and density mapping The salient features of the book include Several aspects of biomass study and survey Use of remote sensing for evaluation of biomass Evaluation of carbon storage in ecosystems Evaluation of primary productivity through case studies

Development Engineering William Kisaalita, 2020-08-28 This book details the development and evaluation of technological interventions designed to improve human and economic development within complex low resource settings showing that a solution becomes an innovation when it reaches widespread use The book shortens the time gap between development and up take of the intervention especially for student solution developers or innovators who are new to the cultural and geopolitical settings of the problem source country or region Technological interventions in development are sustainable if they meet a real need are affordable by the users fit within the cultural context and are ergonomically appropriate Many interventions have failed because of inattentiveness to one or more of these factors Each of the book's points is backed up with scholarly research work confidently guiding solution developers confronted with issues such as acquiring intellectual property protections among many others *The Archaeology of Drylands* Graeme Barker, David Gilbertson, 2003-09-02 Many dryland regions contain archaeological remains which suggest that there must have been intensive phases of settlement in what now seem to be dry and degraded environments This book discusses successes and failures of past land use and settlement in drylands and contributes to wider debates about desertification and the sustainability of dryland settlement Vegetation Dynamics, Changing Ecosystems and Human Responsibility, 2023-07-26 Vegetation Dynamics Changing Ecosystems and Human Responsibility provides an overview of vegetation dynamics which is the science of natural near natural and human influenced changes in vegetation over time and space We can find chapters

about almost every viewpoint of this very diverse segment of our science and in connection with almost every main type of terrestrial ecosystem

Cover Crops in West Africa Albert Eteka, Olu Osiname, Marcel Galiba, Norma Galiano, 1998-01-15

Cover Crops in West Africa Contributing to Sustainable Agriculture **Water, Life and Civilisation** Steven Mithen, Emily Black, 2011-04-21 A unique interdisciplinary study of the relationships between climate hydrology and human society from 20 000 years ago to the present day within the Jordan Valley It describes how state of the art models can simulate the past present and future climates of the Near East reviews and provides new evidence for environmental change from geological deposits builds hydrological models for the River Jordan and associated wadis and explains how present day urban and rural communities manage their water supply The volume provides a new approach and new methods that can be applied for exploring the relationships between climate hydrology and human society in arid and semi arid regions throughout the world It is an invaluable reference for researchers and advanced students concerned with the impacts of climate change and hydrology on human society especially in the Near East

Rainwater-Smart Agriculture in Arid and Semi-Arid Areas Walter Leal Filho, Josep de Trinchera Gomez, 2017-12-28 This book introduces state of the art approaches methods and research focusing on smart management of rainwater In addition it provides an overview of projects from across the world illustrating how rainwater smart management has been implemented in drylands Focusing on the scientific perspective it demonstrates how rural dryland agriculture can be improved It also documents the wealth of rainwater smart know how available today and replicates and transfers results to other countries and regions to encourage cross sector interactions among various stakeholders such as practitioners from governmental and public organisations policy and decision makers and teaching staff from academic scientific institutions The contributors showcase vital lessons learned from research field projects and best practice examples They address the integrated use of rainwater harvesting management with landscape restoration practices and water and climate smart agriculture for food security and poverty alleviation in arid and semi arid areas Original research combined with the contributors synthetic approach lays a foundation for new concepts and ideas Through case studies and research reports the book discusses all the relevant issues necessary for the comprehensive analysis and successful implementation of the technologies in rainwater management Highlighting the working principles and technical recommendations with regard to cost efficient rainwater smart solutions it is of interest to practitioners It is also a valuable resource for academic specialists professionals and students since many development agencies are funding rainwater harvesting for irrigation purposes

Friendship, Descent and Alliance in Africa Martine Guichard, Tilo Grätz, Youssouf Diallo, 2014-05-01 Friendship descent and alliance are basic forms of relatedness that have received unequal attention in social anthropology Offering new insights into the ways in which friendship is conceptualized and realized in various sub Saharan African settings the contributions to this volume depart from the recent tendency to study friendship in isolation from kinship In drawing attention to the complexity of the interactions between these two kinds of social relationships the

book suggests that analyses of friendship in Western societies would also benefit from research that explores more systematically friendship in conjunction with kinship *Peanut Agroecosystem* Kowligi R. Krishna, 2008 The Global Peanut Agroecosystem is a conglomerate of Peanut cropping belts that flourish in different continents This book discusses aspects of nutrient dynamics such as soil nutrients physico chemical transformations nutrient fluxes fertilizer inputs organic manures residue recycling nutrient accumulations and carryover effects *Farming on the Boundary* Jessica Rule Goldberger, 2005
