Fashionable Tour Through The Great Lake:

A Fashionable Tour Through the Great Lakes and Upper Mississippi Juliette Starr Dana, 2004 In 1850s America it was extremely uncommon if not unheard of for a woman to travel without an escort for her own pleasure Railroads did not yet reach the Mississippi rapids barred ships from Lake Superior and American Indians still inhabited the frontier Traveling from New York City to Lake Superior's shores the Mississippi River and the newly created Minnesota Territory was most definitely not the ideal vacation or was it A Fashionable Tour through the Great Lakes and Upper Mississippi is the complete daily journal written by Juliette Star Dana a 35 year old wife and mother during her nine week pleasure tour over three thousand miles of the United States in the summer of 1852 Traveling the frontier roads of rivers and lakes with only a female companion and her teenage son Juliette sought the scenic water falls and shorelines along with such man made sights as copper and lead mines factories military posts and a prison Juliette chronicles these places and the people therein American Indians soldiers lawyers and politicians with engrossing detail and also describes the journey's numerous hardships of accidents vermin sickness and disease This one of a Great Lakes Indian Accommodation and Resistance During the Early Reservation Years, 1850-1900 Edmund Jefferson Danziger, 2009-04-24 The story of how Great Lakes Indians survived the early reservation years North Woods River Eileen M. McMahon, Theodore J. Karamanski, 2009-10-20 The St Croix River the free flowing boundary between Wisconsin and Minnesota is a federally protected National Scenic Riverway The area's first recorded human inhabitants were the Dakota Indians whose lands were transformed by fur trade empires and the loggers who called it the river of pine A patchwork of farms cultivated by immigrants from many countries followed the cutover forests Today the St Croix River Valley is a tourist haven in the land of sky blue waters and a peaceful escape for residents of the bustling Minneapolis St Paul metropolitan region North Woods River is a thoughtful biography of the river over the course of more than three hundred years Eileen McMahon and Theodore Karamanski track the river's social and environmental transformation as newcomers changed the river basin and in turn were changed by it The history of the St Croix revealed here offers larger lessons about the future management of beautiful and fragile wild waters **Catalogue of the Library of Congress** Library of Congress, 1869 **The Fashionable Tour. between Great Britain and the United States but a dynamic connection cooperation and healthy competition in a transnational borderland region Larkin focuses on North America s three most vital waterways the Erie Oswego and Welland Canals Canadian and American transportation leaders and promoters mutually sought to overcome the natural and artificial barriers presented by Niagara Falls by building an integrated interconnected canal system thus strengthening the borderland economy and propelling westward expansion market development and the Niagara tourist industry On the heels of the Erie Canal s bicentennial in 2017 Overcoming Niagara explores the transnational nature of the canal age within the Niagara Great Lakes borderland and its impact on the commercial and cultural landscape of this porous region
