Masquerade Balls in Regency Britain Anne Glover, 2025-08-30 Regency masquerades blended lavish spectacle fashion and social identity across Britain and its empire The 18th century masquerade didn't die at the dawn of the new century Instead spectacle helped these risqué events achieve new grandeur From indoor balloon displays to lavish food and wine masquerades in the early 1800s were hyper-real sites of consumption Dressed in dominoes character costumes and fancy dress the fashionable and titled of London society flocked to these events in the hundreds to thousands to entertain and be entertained Amidst the bacchanalian motley events were signs and symbols that masquerade balls were about more than a good time In the first comprehensive look at early 19th century British masquerades Glover uses primary sources to identify venues décor performers costumes and other details about public and private masquerades Masquerades flourished from London to far-flung imperial strongholds Comparing the details over the long Regency Glover teases out common themes and then examines them through the lens of national identity cultural appropriation and gender This research sheds new light on Regency people culture and society and on what we know about the British masquerade

At the Mercy of Their Clothes Celia Marshik, 2016-11-29 In much of modern fiction it is the clothes that make the character Garments embody personal and national histories They convey wealth status aspiration and morality or a lack thereof They suggest where characters have been and where they might be headed as well as whether or not they are aware of their fate *At the Mercy of Their Clothes* explores the agency of fashion in modern literature its reflection of new relations between people and things and its embodiment of a rapidly changing society confronted by war and cultural and economic upheaval In some cases people need garments to realize themselves In other cases the clothes control the person who wears them Celia Marshik's study combines close readings of modernist and middlebrow works a history of Britain in the early twentieth century and the insights of thing theory She focuses on four distinct categories of modern clothing the evening gown the mackintosh the fancy dress costume and secondhand attire In their use of these clothes we see authors negotiate shifting gender roles weigh the value of individuality during national conflict work through mortality and depict changing class structures Marshik's dynamic comparisons put Ulysses in conversation with Rebecca Punch cartoons articles in *Vogue* and letters from consumers illuminating opinions about specific garments and a widespread anxiety that people were no more than what they wore Throughout her readings Marshik emphasizes the persistent animation of clothing and objectification of individuals in early twentieth century literature and society She argues that while artists and intellectuals celebrated the ability of modern individuals to remake themselves a range of literary works and popular publications points to a lingering
