Genger, 2010-07 Islam presents an astonishing situation as it rejects all except those totally committing their will and mind to Allah Muhammad and the Qur an along with several other authority figures and traditions The Bible accepts any and all who will come as humble sinners and seek the One God through the sacrifice of the Messiah of the Jews This book is in total agreement with the Qur an when the Qur an says that most Jews and most Christians are evil corrupt and liars by the standards of right and wrong found in the Qur an that is The alternative is also true and again in agreement with the Qur an Muslims do not and may not adhere to the teachings of the Bible which results in being lost by biblical teachings The simple truth of the Qur an is that Jews and Christians do not follow the Allah of the Qur an except a few who become Muslim Also true is that the Muslims do not follow the God of the Bible except a few who accept Jesus God of the Bible is not Allah of the Qur an and Allah of the Qur an is not God of the Bible by name by description by personality by judgment or by love The Qur an has its greatest error when it says it is the completion and continuation of biblical revelation This is fully accepted by Muslims because they have been taught that the Bible is corrupted not the true one and they do not read the Bible **The Inventor of Nothing** Thejendra Sreenivas, GOD the mere mention of this word evokes feelings like awe respect happiness trust cynicism mystery and even terror in the hearts of many mortals But almost everyone thinks it s fabulous to be a God This is because we earthlings grow up with spellbinding stories

of his great miracles benevolence magical powers etc Every believer vehemently argues that God has infinite power unlimited wealth and can do anything After all if one has such supreme powers and immortality it must be a breeze to do just about anything But is it so Is being a God such a fascinating job If he is such a superstar then why is he not solving all the world's problems and chaos Why are the bad winning and the good losing Why is he always sitting quietly and never responding to our pitiful cries What is preventing him from solving the world's mess Why don't we experience any great divine stuff in our daily lives Why is he not bothered by hotshot rationalists scientists and atheists who go high pitched with their tiresome prattle on why God should be viciously attacked and banned Our heated questions like these can be endless However all of our sophisticated questions and arguments are one-sided because we never get to hear his side of the story Now imagine meeting a candid tech savvy God who explains his supreme difficulties and dilemmas in running our complex universe What if he told you why he does what he does Wouldn't that be exciting In this highly unconventional book a bored writer accidentally meets a jovial God and engages in a wild no holds barred conversation Starting with a casual chat and interspersed with friendly fights illogical answers and harebrained comparisons the discussion soon enters a feverish pitch and God argues that the earth cannot be managed any better than what he is currently doing and that he is neither an angel nor a bad guy after all Filled with believable lies timeless wisdom and hard hitting answers this fascinating book explains why God's actions don't fit human logic and rationality regardless of the religion humans follow why the earth is already perfect in an imperfect way why he indulges in Machiavellian methods why he has no hesitation in crushing business giants and helping individuals and why he loves atheists despite what they do etc in a funny serious and thought provoking way This book will completely change the way you will view the world henceforth as it will enlighten you with the technical political and business justifications for the eternal dance of feast famine merry mayhem good bad peace chaos wealth poverty etc around us Finally you will be able to easily understand the mild and wild ways of our fellow humans like presidents prime ministers politicians arms dealers warmongers detectives anti terrorism agencies atheists rationalists scientists terrorists mafia dons etc and also to understand who is making them do what they do In short this book contains frank and never before released answers to all of our heated questions about God Or in other words HIS SIDE OF THE STORY and a must read for anyone curious or angry about God's irrational ways of managing the earth without diving into traditional spirituality Even God would love to own a copy
