Committee on Foreign Relations, 1963 Considers legislation to establish a National Foreign Affairs Academy Foreign Service Academy Freedom Academy or Freedom Commission Shaping the International Relations of the Netherlands, 1815-2000 Ruud van Dijk, Samuël Kruizinga, Vincent Kuitenbrouwer, Rimko van der Maar, 2018-02-28 This book seeks to launch a new research agenda for the historiography of Dutch foreign relations during the nineteenth and twentieth centuries It does so in two important ways First it broadens the analytical perspective to include a variety of non state actors beyond politicians and diplomats Second it focuses on the transnational connections that shaped the foreign relations of the Netherlands emphasizing the effects of post colonialism and internationalism Furthermore this essay collection highlights not only the key roles played by Dutch actors on the international scene but also serves as an important point of comparison for the activities of their counterparts in other small states **The Soviet Far East** Allan

Rodgers,2023-06-14 The Soviet Far East 1990 examines the largest economic region in the Soviet Union the Far East The region is explored in all its geographical and economic complexity Chapters on the state of its development under Gorbachev and his programme of investment are supplemented by examinations of the history of its settlement analysis of its unique environment and the threats which economic growth might pose for it and of the region s vital strategic significance to the Soviet Union *East Asia* United States Department of State. Concentrates on the economic and political aspects of China s security agenda which have to a certain extent been given less prominence in most security studies on China **The Japanese-Soviet Neutrality Pact** Boris Slavinsky,2004-03-01 The neutrality pact between Japan and the Soviet Union signed in April 1941 lapsed only nine months before its expiry date of April 1946 when the Soviet Union attacked Japan Japan s neutrality had enabled Stalin to move Far Eastern forces to the German front where they contributed significantly to Soviet victories from Moscow to Berlin Slavinsky suggests that Stalin s agreement with Churchill and Roosevelt to attack Japan after Germany s surrender allowed him to keep Japan in the war until he was ready to attack and thus avenge Russia s defeat in the war of 1904 1905 The Soviet Union s violation of the pact and the detention of Japanese prisoners for up to ten years after the end of the war created a sense of victimization in Japan to the extent that there is still no formal Peace Treaty between the two countries to this day Slavinsky draws on recently

opened Russian archival material to demonstrate that the Soviet Union was passing information about the Allies to Japan during the Second World War He also persuasively argues that vengeance and the re acquisition of land were the primary motives for the attack on Japan The book contains empirical data previously unavailable in English and will fascinate anyone with an interest in the history of Japan the Soviet Union and the events of the Second World War **FAR Horizons** United States. National Security Council. Subcommittee on Foreign Affairs Research,1968 *The Rising Sun* John Toland,2014-11-26 The Rising Sun is quite possibly the most readable yet informative account of the Pacific war Chicago Sun Times This Pulitzer Prize winning history of World War II chronicles the dramatic rise and fall of the Japanese empire from the invasion of Manchuria and China to the atomic bombing of Hiroshima and Nagasaki Told from the Japanese perspective The Rising Sun is in the author s words a factual saga of people caught up in the flood of the most overwhelming war of mankind told as it happened muddled ennobling disgraceful frustrating full of paradox In weaving together the historical facts and human drama leading up to and culminating in the war in the Pacific Toland crafts a riveting and unbiased narrative history In his Foreword Toland says that if we are to draw any conclusion from The Rising Sun it is that there are no simple lessons in history that it is human nature that repeats itself not history Unbelievably rich readable and exciting The best parts of Toland s book are not the battle scenes but the intimate view he gives of the highest reaches of Tokyo politics Newsweek [The Far East and Australasia 2003](#) Europa Publications,2002 A unique survey of each country in the region It includes an extensive collection of facts statistics analysis and directory information in one accessible volume
